WSCU - Lobbying for your Pension Plan

Wednesday, February 7, 2018

To: MoveUP Members at Westminster Savings Credit Union

This week, MoveUP President David Black was in Ottawa lobbying for the Canadian Labour Congress on issues, among them the protection of defined benefit pension plans.

In his Tuesday session, he was assigned to Ron McKinnon, the MP for Coquitlam-Port Coquitlam. Westminster Savings Credit Union's Shaughnessy Station branch is located in Mr. McKinnon's riding.

President Black had the opportunity to update Mr. McKinnon on the situation currently at WSCU and we are pleased to hear Mr. McKinnon's feedback that he is fully in support of keeping defined benefit plans for workers because they provide more security.

We felt this was an important update to share with you to let you know of the significance of this issue and why your union is determined to help you retain your defined benefit plan and prevent it from being jeopardized both now and in the long run.

In solidarity,

Alicia Gallo, Union Representative
on behalf of Trevor Hansen, Negotiating Representative
