

Bulletin

BCAA RACC - Shift Scheduling Committee

Thursday, March 30, 2017

To: All MoveUP members at BCAA RACC

The Shift Scheduling Committee currently has a vacancy that needs to be filled. This committee consists of six individuals made up of both union members and management; three appointed by the Union and three appointed by the Association.

We are seeking to replace one of our union committee members and are looking for a volunteer to join this committee. The committee's mandate is to review and make non-binding recommendations to the parties concerning the shift pick schedule and the time-off process, including statutory holidays. The full mandate of this committee is outlined in Letter of Understanding #12 in your collective agreement.

If you are interested, please forward your name to Trevor Hansen at thansen@moveuptogether.ca.

Thank you for your consideration.

In solidarity,

Trevor Hansen
Union Representative
