- 1.01 (a) This agreement shall apply to and be binding upon the employees of Hydro as described in the Certificate of Bargaining Authority of the Union dated 31 July 1962 and as may be amended by the appropriate authority.
- (1) The Parties agree that all terms and conditions of the Collective agreement shall apply to and be binding upon all employees of Powertech as though they are employees of the Local 378, Canadian Office and Professional Employees' Union bargaining unit at BC Hydro.
- (b) Employees subject to this Agreement shall continue to be subject to the Agreement where such employees are required to perform their work functions on behalf of the Employer while temporarily away from their headquarters and outside the province. In cases where out of province working arrangements require variations to the terms and conditions of the Collective Agreement, the variations will be negotiated between the Parties specific to the circumstances.
- 1.02 Subject to the provisions of this Agreement, neither the Union nor the Employer in carrying out their obligations under this Agreement shall discriminate in matters of hiring, training, promotion, transfer, lay off, discharge or otherwise because of race, colour, creed, national origin, age, sex, sexual orientation, marital or family status, political affiliation or beliefs, or membership, holding of any office or activity in the Union. Notwithstanding the above, the Parties hereto subscribe to the principles of the B.C. Human Rights Code and the Canadian Charter of Rights and Freedoms.
- 1.03 (a) The Employer will not discriminate against any employee because of membership in the Union.
- (b) The Employer will permit employees who are officers, councillors, job stewards or other properly qualified representatives of the Union to carry out their duties on company time and with no loss in pay in respect to investigating complaints, resolving grievances, distributing Union bulletins, attending Joint Committee meetings, and orienting new employees as per Article 1.07(b)(3). Such employees when carrying out these duties on company time will first

obtain the approval of their Supervisor and their requests for time will not be unreasonably withheld. Where union representatives are required to conduct duties other than those outlined above, they shall be paid in accordance with Article 1.04(b).

- (c) The Employer recognizes the Union's right to select, subject to its sole discretion, Executive Board Members, Councillors, Job Stewards and any other Union official or representative whose duties involve, in whole or in part, representing Employees under this Agreement and the Employer agrees to co-operate with these persons in the performance of their duties on behalf of the Union and its membership employed by the Employer.
- (d) The Union shall notify the Employer in writing of the names of the persons authorized to represent the Union and/or the employees for the purposes of this Agreement and shall notify the Employer in writing in advance of any changes in these names.
- (e) The Employer agrees that access to its premises shall be allowed to any representative of the Union for the purpose of business related to the Union, provided advance notice is supplied to the Employer, in which case permission shall not be unreasonably denied. Access does not include use of employer facilities for group meetings without, in each case, the prior authorization of the Employer.
- (f) If the Employer has authorized the use of Employer facilities for a group meeting, the Union shall have the right to place ballot boxes in the meeting room for the purposes of conducting Union elections, referenda, polling, and Collective Agreement votes.

1.04

- (a) Properly qualified officers or representatives shall be granted leave of absence to carry out their duties insofar as the regular operation of the departments in which they are employed will permit and any application by them for such leave shall be given precedence over any other application for leave on the same day. (Refer to MOU # 85)
- (b) 1. The Employer will not charge the Union for salaries of Union representatives excused from work on Union business by arrangement with the employee's supervisor where the leave of absence is one (1) day or less.

The Union will reimburse the Employer for all time lost whenever an employee is continuously involved in Union business for more than one (1) day, even if it is an Executive Board meeting, an Executive Council meeting, or a combination of the two. (Refer to MOU # 85)

2. The amount of paid leave granted for the purpose of attending to Union business other than as described in Article 1.03(b) above shall not exceed 1410 hours (BC Hydro)/ 70 hours (Powertech) per year in total for the bargaining unit.
3. Where a leave of absence specified in (1) above exceeds one (1) day and for all other leaves of absence beyond a total of 1410 hours (BC Hydro)/ 70 hours (Powertech) per year for the bargaining unit, the Union is responsible for the costs of the leaves, including salary and a loading factor of twenty-two percent (22%).

- 1.05
- (a) Employees who are acting as full-time officers or employees of the Union, or who are appointed or elected to positions with MoveUP, Local 378, Canadian Office and Professional Employees' Union, will be placed on Leave of Absence, with the time involved considered as service with the Employer. Such Leave, once approved, shall not be interrupted by the Employer during the approved period of the Leave. On conclusion of such Leave of Absence employees will return to the position they previously held unless the Employee has been the successful applicant for another job during the period of the leave, in which case the Employee shall be placed in the new job.

1.08 **SAVINGS PROVISION**

- (a) In cases where the Collective Agreement covers matters referred to in any official policy, rule or regulation of the Employer, the applicable provisions of the Collective Agreement shall prevail.
- (b) In the event that any future legislation renders null and void or materially alters any provision of this Agreement, the remaining provisions shall remain in effect for the term of the Agreement, and the Parties hereto shall negotiate a mutually agreeable provision to be substituted for the provision so rendered null and void or materially altered.

- (b) Responsibilities of Committee

- (i) The Committee shall be empowered to review and make non-binding recommendations on matters referred to it by mutual agreement of the Parties. In referring matters, the Parties

- (ii) The Chair of the Committee shall alternate between a Union and an Employer representative.

1.11 **PRE-JOB CONFERENCES** (Refer to MOU #15)

The Employer will notify the Union prior to undertaking any construction or survey project which involves the determination of report points, standard and place of accommodation, or matters peculiar to the project which are not specifically or fully covered by the Agreement. A Pre-Job Conference will be held to discuss these matters if requested by either Party.

1.12 **EMERGENCY TRANSPORTATION**

1.16 **DEFINITION OF “DEPARTMENT” AND “SIGNING GROUP”**

Department:

A “department” will generally be understood to be all those employees under a Manager who reports to a Direct Report to a Vice-President or above. Where an anomaly occurs to this definition, BC Hydro may institute a definition of department which varies from the above in which case the Employer will provide to the Union the rationale for the desired anomaly. If the union does not accept the anomaly, then the Union may request a hearing before a third party (to be named) who will provide a final and binding decision as to whether the anomaly should be permitted. The hearing will be informal and expedited and the third party will consider the Employer’s business case, operational needs, relevant past practice, and administrative considerations in making their determination. As well, the third party will consider any issue put forth by the union in the context of the collective agreement.

Signing Group:

A “signing group” will generally be understood to be all those employees reporting to a first line manager. However, anomalies will occur, including but not limited to, employees from different geographical locations reporting to one manager, and employees from cross functional groups reporting to different managers yet still deemed to be in the same signing group. In these instances, the existing signing group practices shall prevail.

If the union does not accept the signing group anomaly, then the Union may request a hearing before a third party (to be named) who will provide a final and binding decision as to whether the anomaly should be allowed. The hearing will be informal and expedited and the third party will consider the Employer's business case, operational needs, relevant past practice, and administrative considerations in making their determination. As well, the third party will consider any issue put forth by the union in the context of the collective agreement.

1.17 **PUBLIC LIABILITY COVERAGE**

The Employer will indemnify and hold harmless our employees from legal liability imposed upon them arising from their normal course of employment with the Employer. The Employer does not and cannot be expected to assume risk from mistake by employees which are made by going beyond the scope of their employment or which arise from grossly negligent or irresponsible conduct.

In situations covered by this indemnity agreement the Employer will carry the defense of the action and be responsible for legal costs associated with the defense.

It is understood that this coverage applies to former employees if the incident giving rise to liability took place during the course of their employment with the Employer.

1.18 **JOINT LABOUR COMMITTEE**

The parties agree to create a joint labour management committee to discuss ways to facilitate MoveUP's communication with their membership at BC Hydro. This may include use of the Employer's email system and other ideas generated by the parties. The committee will consist of 2 representatives appointed by MoveUP and 2 BC Hydro representatives. The first meeting will be held prior to November 1, 2014.

ARTICLE 2

- (a) An employee may initiate a review by completing the Job Evaluation Review Form and submitting it to the appropriate manager, with a copy to be forwarded to the Union and the Employer’s designated Job Evaluation representative. A review can only be initiated if a significant change has occurred in the employee’s duties or if new duties which are significant in nature have been added to their job. However, the Union, in rare and exceptional circumstances, where the outcome of a job evaluation is unreasonable, may initiate a review.

The Job Evaluation Review Form will be agreed upon by the Joint Committee. The completed Job Evaluation Review Form must identify all of the new duties and/or changes to duties, and, if the employee believes that the duties they perform are more properly characterized by a different job description, indicate which job description they believe is applicable. The date on which the Job Evaluation Review Form is submitted will signify the official commencement date of the Review/Appeal process.

- (b) Within 60 days of the receipt of the Job Evaluation Review Form, the Employer shall respond in writing to the employee and the Union. The Employer may, during the 60 days, meet with the employee and/or the Union to obtain more information.
- (c) If the employee disputes the Employer's response in paragraph (b) above, the employee has 15 days to notify the Union and the Employer in writing of their dispute. If the Union agrees, following a consideration of the employee's concerns, that an appeal is required, the Union will determine whether the appeal is based on:
 - (i) the evaluation of the job, or
 - (ii) a different job description exists that more properly describes the duties of the employee.
- (d) If paragraph (c)(i) applies, the Union must, within 30 days of the employee's notification under paragraph (c), submit a comprehensive written rationale for the appeal to the Employer's designated Job Evaluation representative with a copy to the employee. The rationale will include, where applicable:
 - (i) identification of all of the new or changed duties warranting a revision of the job description and re-evaluation;
 - (ii) an explanation as to why the pay group level sought is more appropriate than the current pay group, with specific reference to the benchmarks in the Plan; and
 - (iii) a revised job description and all supporting documents.
- (e) In response to the Union's comprehensive written rationale under paragraph (d), the Employer will provide the Union with a comprehensive written explanation of its position within 30 days of receipt of the Union's submission.

- (f) The Union may submit a rebuttal to the Employer's submission, provided that it is submitted to the Employer within 15 days of receipt of the Employer's submission under (e). If the Union raises any new issues or arguments in its rebuttal, the Employer can make a final submission, to be provided to the Union within 7 days of receipt of the rebuttal.
- (g) If paragraph (c)(ii) applies, the Union must, within 15 days of the employee's notification to the Union under paragraph (c), contact the appropriate senior manager in writing to request a meeting, to be held within 30 days. In that meeting, the Union will submit to the senior manager all supporting evidence, documentation and reasoning for its appeal that a different existing job description more properly characterizes the duties of the employee.
- (h) Within 15 days following the meeting in paragraph (g), the Employer will provide the Union with its written response and reasoning.
- (i) Appeals that are not resolved between the parties within the process outlined in paragraphs (a) to (h) shall be referred by the Union to a Referee within 30 days following the receipt by the Union office of the Employer's comprehensive written explanation referred to in paragraph (e) or its response under (h). The referral shall be in writing and shall indicate whether the appeal is based on the grounds outlined in paragraph (c)(i) or in (c)(ii). The Union cannot pursue both grounds, unless the parties otherwise agree.
- (j) Except for paragraph (m) below, the process to be followed by the Referee in hearing an appeal shall be informal and non-legalistic and shall be based primarily on written documents, which will include but not be limited to the following:
 - (i) copy of the job description(s) in dispute;
 - (ii) Job analyst's rationale;
 - (iii) Union's comprehensive written rationale under paragraph (d) or (g);
 - (iv) Employer's comprehensive written explanation under paragraph (e) or (h);
 - (v) Union's rebuttal, if any;
 - (vi) Employer's final submission, if any;
 - (vii) All documents accompanying the above submissions, e.g. questionnaires relating to the subject job.

- (k) In addition to relying on the written submissions, a representative of each Party may elect to make a concise presentation to the Referee of their respective Party's position.
- (l) No new information will be presented by either party in their submission or presentation, unless it has been shared with the other party in advance with sufficient time for the other Party to consider and provide a response.
- (m) In exceptional circumstances, either party may elect to proceed with a full hearing with witnesses. However, as the intent is to proceed expeditiously, it is the Parties' intention to rely mainly on written submissions and concise presentations in most cases.
- (n) The Referee will decide appeals involving both job description disputes and/or disputes with respect to the proper group level for the job. If both the job description and the proper group level for the job are in dispute in an appeal, the Referee will hear both disputes at the hearing of the appeal, with the job description dispute being presented first.
- (o) In making a decision on the appeal of the proper job group level, the Referee will review and consider the alternate factor evaluations for the job description and make a determination of the most appropriate factor ratings by referencing benchmark job evaluations.
- (p) The Parties will make every reasonable effort to be available for a hearing of the appeal within 30 days of the referral of the appeal to the Referee.
- (q) The Parties agree that the main Referee shall be Dalton Larson. Should Dalton Larson not be available within 30 days from the time an appeal is referred to him, the Parties agree that an alternate will be chosen from the list of arbitrators referenced in Article 3.11. The Parties shall each pay an equal share of the fees and expenses of the Referee in each case.
- (r) The parties will review this process periodically.
- (s) Time limits may be extended by mutual agreement of the Parties.
- (t) Any change to the value of the job or an allocation to a different job through the Review/Appeal process will be effective as of the date on which the Job Evaluation Review Form is submitted as per paragraph (a), unless the Parties agree to a different effective date.

2.04 **SALARY TREATMENT**

- (a) Changes in job groupings as a result of the ongoing maintenance of the Plan will be treated as follows:
 - 1. upgroupings - Article 7.04(a)
 - 2. downgroupings - Article 7.03(a) 5.
- (b) It is agreed that salary treatment for employees covered by the implementation of the Plan who are currently in receipt of special salary treatment (i.e. - blue circle or red circle) shall continue to receive such treatment.

2.05 **IMPLEMENTATION OF NEWLY VALUED OR RE-EVALUATED JOBS**

- (a) In the event there is a change to the value of a job, implementation of the change will not be formalized until the Employer affirms that the change in the job description, evaluation, and/or the associated duties applies to all the incumbents in the subject job in question. The Employer shall make this determination as soon as possible but no later than 90 days following notification of the change.
- (b) If the implementation is not formalized as in (a) above, the Employer may further revise the duties of the subject job, up to and including the creation of a new or revised job(s) and the populating of that job.
- (c) In such cases as (b) above, MOU # 48 will apply in determining populating of the new job(s) and the allocation of employees into the new or revised job(s). Incumbents who were performing the higher-level duties in the original subject job during the time period between the official commencement of the Review/Appeal process under Article 2.03 (a), and the creation of the new or revised job(s) under Art. 2.05(b), will be compensated by temporary promotion.

The Parties agree that all outstanding issues related to the implementation of the Job Evaluation Plan will be addressed pursuant to the 1997-2002 Collective Agreement between BC Hydro and MoveUP, including the job evaluation issues in the CP&I/CP&O area.

POSITIONS EXCLUDED FROM THE BARGAINING UNIT

The following will apply to resolve the issue of whether a new or reclassified job is included in, or excluded from, the Union's bargaining unit.

- (a) This Agreement establishes a dispute resolution mechanism which shall be used by the Parties in lieu of Section 139 of the *Labour Relations Code*.
- (b) Where BC Hydro intends to create a new M&P position at salary grade 44 (M1/P3 Roles) or lower, or intends to reclassify an existing position from the Union's Bargaining Unit to M&P at salary grade 44 or lower, BC Hydro will give written notification thereof to the Union, together with a copy of the relevant position description(s) and organizational chart(s), if then available.
- (c) In addition to paragraph "J" of this Article, where BC Hydro provides MoveUP with an "M" (Manager) role description and organization chart that outlines the role's direct reports, the parties agree that the role will be presumed excluded from the Bargaining Unit unless MoveUP can make a clear and compelling case for the inclusion of the position in the Bargaining Unit.
- (d) If the Union elects to challenge the proposed job classification as not being properly excluded from the Bargaining Unit, it shall so notify BC Hydro Employee Relations (ER) in writing within 10 working days of the Union's receipt of the notification aforesaid from ER. Within a further five working days, a meeting will occur between ER, the Union and the business unit at which the Parties shall endeavor in good faith to reach an agreement. The Parties will ensure that their representatives at such meeting shall be knowledgeable of the relevant facts and circumstances.
- (e) Where an agreement is reached between the Parties at the meeting described above, it shall be reduced to writing and signed by Hydro and the Union.
- (f) Where the parties are unable to agree, the Union shall inform the Umpire by fax of the disputed position(s) within five working days of the informal meeting process.
- (g) Upon notification of the challenge the Umpire shall schedule a hearing (the Hearing) with Hydro and the Union within seven working days. The location of the Hearing will be agreed upon by the parties. In appropriate circumstances, the Hearing may be conducted by telephone conference call.

- (h) At least one working day prior to the Hearing, each party shall fax to the Umpire a summary of the issues in dispute and a proposal for their resolution. This submission cannot exceed three pages in length. If either Hydro or the Union fails to meet these requirements it will be deemed to have abandoned its position, and the dispute will be conclusively resolved in favour of the party in compliance.
- (i) Subject to article 2.06 (h), Hydro and the Union may make oral submissions to the Umpire at the Hearing, but such submission shall be limited to 45 minutes, which may be extended by the Umpire in compelling circumstances.
- (j) The Umpire shall have the power and authority to settle conclusively the dispute(s) and his decision(s) shall be binding on Hydro and the Union, and are not subject to appeal or review by any court or adjudicative body.

In reaching a decision the Umpire shall have regard to the following:

- a. the Union's certification;
 - b. the Collective Agreement;
 - c. the applicable provisions of the *Labour Relations Code* and the decisions of the Labour Relations Board pursuant thereto;
 - d. applicable arbitral jurisprudence;
 - e. the appropriate communities of interest, including the practices of the Parties, and the relationship between the core duties and qualifications of the disputed position and existing positions within the Bargaining Unit.
- (k) The Parties acknowledge their intention to focus on the resolution of current and future areas of concern. Accordingly, they agree that the current job classifications excluded prior to September 1, 2011 remain properly excluded.
 - (l) The decisions of the Umpire may be rendered orally at the conclusion of the Hearing and, in any event, in writing within three working days of the Hearing. The written decision shall be limited to two pages.
 - (m) The Umpire shall not have jurisdiction to change this Memorandum of Agreement or to alter, modify or amend any of its provisions. The Umpire will, however, have the sole authority to resolve disputes over the interpretation of this Agreement.

- (n) The Umpire shall be chosen from the list of arbitrators referenced in Article 3.11, on a sequentially rotating basis.

The arbitrator shall proceed as soon as practical to examine the grievance and render judgment, and their decision shall be final and binding on the Parties and upon any employee affected by it.

3.14 **ARBITRATION EXPENSES**

Each Party shall pay one-half of the fees and expenses of the Arbitrator including any disbursements incurred by the arbitration proceedings.

3.15 **ALTERNATIVE DISPUTE RESOLUTION PROCESS**

The parties recognize that there are times when an expedited arbitration may be desirable, and therefore, agree that the following process may be used as a substitute for the formal grievance procedure outlined in Article 3 of the Collective Agreement.

- (a) The process can only be used by mutual agreement between the parties who are signatory to this Collective Agreement.
- (b) The parties will decide in advance of initiating the process whether the outcome will be a binding or non-binding recommendation.

- (c) Each party to the arbitration will be responsible for its own costs and will share equally the cost associated with the Arbitrator.
- (d) The offices of MoveUP or BC Hydro will be used for the process on an alternating basis.
- (e) The Union will designate and use an elected officer or union representative. The Employer will use employees of their Employer Relations Department. Legal counsel will not be used during the hearing by either party.
- (f) The parties will create a schedule for the process in advance, based on a mutual assessment of the length of time needed to present each case.
- (g) The parties and the arbitrator will have a brief file management conference call prior to setting the agenda for any hearing dates. This will be to ensure the agenda is kept to a manageable length.
- (h) Within one week of the hearing, the parties will provide an agreed statement of facts to the arbitrator.
- (i) Wherever possible the arbitrator will attempt to mediate a settlement between the parties. The arbitrator shall have no authority to amend or alter the terms of the collective agreement.
- (j) In such case that the arbitrator must write a decision, such decision shall be 1 to 5 pages long and to the point.
- (k) Any decisions arising from this process shall be without precedent or prejudice to any position either party may take in the future with regard to same or similar matters. The arbitrator will remain seized with respect to implementation, interpretation and application of the decision.
- (l) Procedure Guidelines
 - 1) The Opening Statement: This should basically set out the case from each party's perspective. The arbitrator will seek at this point to define the issue and to determine what evidence is agreed to and what is not.
 - 2) The Hearing: Sufficient witnesses should be called to ensure the "story" is properly told. Where it is an issue of credibility or conflicting evidence, the key individuals must testify.

There shall be no grievors, managers, witnesses or supervisors to the greatest extent possible.

- 3) The Argument: The parties will not cite legal precedents but may refer to Brown and Beatty, Palmer, etc. However, it is imperative that the relevant provisions of the Collective Agreement be canvassed by each party to ensure that all relevant clauses are put before the arbitrator.
 - 4) The Decision: If mediation fails or is not appropriate and if the decision can be rendered after a short deliberation, the arbitrator will do so. By meeting first with the parties to explain the framework of the arbitrator's decision, the parties are provided with an opportunity to influence the exact terms of resolution. Within the framework of settlement as outlined by the arbitrator, the parties can work out exact terms which best suit the specifics of the case. Such an opportunity should not be wasted by continuing to argue the merits of the case.
- (m) The Mediator/Arbitrator will be Ken Saunders. Each of the parties reserves the right to require both parties to jointly terminate the relationship with the Mediator/Arbitrator. In order to exercise this right, 30 days written notice must be provided to the other party. Such termination shall be done by a letter addressed to Mr. Saunders and jointly signed by the parties' representatives. The parties will attempt to find a suitable replacement as expeditiously as possible.
- (n) This agreement is without prejudice to the parties' application and interpretation of Article 3.
- (o) The parties will attempt to pre-schedule 1-day hearings quarterly.

3.16 Notwithstanding all of the foregoing provisions of this Article, following the formal grievance procedure but before arbitration, by mutual agreement, the parties may request a refereed "expedited recommendation". If both parties agree to this additional step, a brief written submission including a summary of the issue, the alleged violation of the collective agreement, and the remedy sought, will be submitted by each party to a referee for an expedited recommendation. An Agreed Statement of Facts may also be provided. Following the review of the written submissions, the referee shall render their recommendation within two weeks of completing the review. The cost of the referee will be shared equally between the Union and BC Hydro. Any recommendation as a result of this process shall not be put into evidence during any Arbitration.

Notwithstanding the above, the parties may, at any stage of the grievance process, agree to any of the following:

- (a) to be bound by the recommendation;
- (b) to seek an expedited recommendation earlier.

A referee shall be selected from the list referenced in Article 3.11.

ARTICLE 4

SALARY SCALES AND ALLOWANCES

- 4.01
- (a) Job groupings are established in accordance with the Employer's job evaluation plan. The salary scales applicable to these groupings shall be as set out in the following schedules with effective dates as shown.
 - (b) Salaries of certain employees are not covered by these scales and are set out elsewhere in this Agreement.
 - (c) Hourly rates of pay are determined by dividing bi-weekly salaries by 75.
 - (d) Depending on the circumstances of the job, job evaluation exclusion rates are set subject to negotiation with arbitration if required.
 - (e) The Employer may pay employees by direct deposit of salary to the financial institution(s) of the employee's choice. The Employee shall have the right to change the financial institution of their choice upon 10 calendar days' notice to the Employer.
 - (f) Calculation of New Salary Scales

New salary scales shall be calculated such that effective 1996-04-01 scales shall be 1.08 of the scales in effect on 1996-03-31.
 - (g) Calculation of Individual Salary Increases

The salaries of individual employees shall be calculated by the same method used to calculate new salary scales as set out in 1 above, however; no employee shall, as a result of the application of the general increase, be paid below the minimum or above the maximum of the salary scale for their job. The exception to this will be any employee who, as at 1996-04-01, was receiving special salary treatment, in which case special treatment will continue in accordance with the terms of the Collective Agreement.

(h) Red-Circle Salaries

Employees whose salaries are "red-circled", i.e. above the maximum of an expired salary range, shall receive only that portion of any salary increase which will bring their salaries to the maximum of the same salary range in the new scales.

(i) Method of Rounding

All bi-weekly salaries and all hourly wage rates are rounded to the nearest whole cent.

- 0.50 and over are rounded to the next whole cent (dollar).
- 0.49 and under are rounded to the last whole cent (dollar).

4.02 **FLOOR RATES**

(a) Definitions

1. Floor Rate: a minimum bi-weekly rate established to maintain a pay relationship between a job within the MoveUP bargaining unit and a job in another union within the same company.

Note: If an employee's bi-weekly salary is less than the bi-weekly floor-rate they shall receive the difference as a bi-weekly floor-rate payment.

(b) Criteria

The purpose of floor rates is to establish and maintain a relationship between the salary paid to employees assigned to a position that entails a direct working relationship with members of other unions within the same company and the wages of those members.

Entitlement to a floor rate is conditional upon this direct working relationship complying with the following:

1. the duties performed by the employee must be interrelated with the union position over which the floor rate is based and must

further relate to a major job responsibility of that base position;
and

2. the employee must be responsible for determining the methods and procedures to be followed by the members of the other union(s); and
3. the employee must be responsible for ensuring that the work completed by the member(s) of the other union conforms to the Employer's specifications, standards and/or other relevant codes; and
4. the member(s) of the other union must be assigned to the employee to either:
 - (i) assist the employee in completing work assignments;
or
 - (ii) complete work assignments with the assistance and/or direction of the employee; or
 - (iii) receive technical training in one or more major job responsibilities where such training is of a nature that it will qualify the member(s) of the other union to perform an approved position in their own bargaining unit, and where the employee is responsible for assessing the capability and eligibility of the trainees to be appointed to the end position; and
5. the working relationship between the employee and the members of the other union must be an ongoing and demonstrable part of the MoveUP job; "once-only" or hypothetical situations will not attract a floor rate.

(c) Floor Rate Type

Parity or a 5% differential will be determined as follows:

(1) Parity

when all criteria in 4.02(b) are met except 4.02(b)4(iii).

(2) 5% Differential

when all criteria are met, or when all criteria are met except 4.02(b)4(i) and/or 4.02(b)4(ii).

(d) Bi-Weekly Floor Rate Calculation

Where the regular bi-weekly hours total 75 and the regular hours are 7.5 per day the bi-weekly floor rate shall be:

- (1) Parity = 1.00 x hourly rate of base job x regular bi-weekly hours of base job;
- (2) 5% Differential = 1.05 x hourly rate of base job x regular bi-weekly hours of base job.

(e) Administration

1. Disputes arising from the application of the Floor Rate Criteria are subject to Article 3, Grievance Procedure, of the Collective Agreement.
2. Each Floor Rated Job will be reviewed and tested against the above defined criteria at the time that the Floor Rate is established.
3. Floor Rates will be recalculated when the wage for the base job or job that it is floor-rated to is changed and will be effective on the same date as the change in wage. The union will be provided recalculations of Floor Rates upon request.

LENGTH-OF-SERVICE INCREASES (Refer to MOU # 85)

- (a) Salary advances within the ranges will normally be achieved by reaching the length of service anniversary date. However, such increases may be withheld by the employee's manager based on an assessment of the employee's performance. Where an increase is to be withheld due to inadequate performance the manager will provide one month's notice in writing to the employee affected, the officers of the Union, the appropriate Human Resources Business Partner, and the Manager, Payroll.
- (b) Employees will continue to receive length of service increases while on leave with the exception of long-term disability. Employees who return from long-term disability will be eligible to receive a length of service increase on their next anniversary date.
- (c) Provided that the increased salary will not exceed the maximum of the salary range, salary increases for employees who are eligible shall be granted in the following manner:
 - 1. An employee whose salary is equal to any step of their salary range will have their salary increased to the next higher step in that range.
 - 2. An employee whose salary is between steps of their salary range will have their salary increased by an amount equal to the difference between the two steps between which their salary falls but where the increase would place their salary above the second higher step in the range beyond their salary prior to the application of the increase, their salary will only be increased to the second higher step.
- (d) For the purposes of this article, an employee's anniversary date will be determined as follows:
 - 1. For those employees who enter service or are promoted between the 1st and 15th fifteenth day (inclusive) of any month, the anniversary date will be the first day of that month plus one year.

2. For those employees who enter service or are promoted between the 16th and last day (inclusive) of any month, the anniversary date will be the first day of the next month plus one year

4.04 **SALARY SCALES AND ALLOWANCES** (Refer to MOU # 85)

- (a) Effective April 1, 2019, all salaries and scales will receive a 2% wage increase to be applied to the wage rates in effect on March 31, 2019.
- (b) Effective April 1, 2020, all salaries and scales will receive a 2% wage increase to be applied to the wage rates in effect on March 31, 2020.
- (c) Effective April 1, 2021, all salaries and scales will receive a 2% wage increase to be applied to the wage rates in effect on March 31, 2021.

NOTE: Please see Appendix B-MOU#85 for wage increases.

ARTICLE 5

TRAVELING ALLOWANCES, MOVING EXPENSES, AND LIVING EXPENSES

- 5.01 (a) Each employee will have an established headquarters, which will be the location where the employee normally works, reports for work, or the location to which the employee returns between jobs.
- (b) Employees hired for temporary work will be deemed to be headquartered at the location where they are recruited.

5.02 TRAVELING ALLOWANCES

- (a) The Employer will pay economy air fare for air travel and for other forms of travel, will pay the cost equivalent to first class standards as prevailed at the date of signing this Agreement and will pay for meals and sleeping accommodation for employees traveling to or from a job from a point of hiring or on company business.
- (b) When an employee is away from their headquarters and waiting time for departure of public transportation is expected to exceed 2 hours from normal checkout time of their accommodation, the employee may retain such accommodation at the Employer's expense until the time it is necessary to vacate it in order to catch the scheduled transportation. While holding accommodation outside normal working hours the time will not be paid as time worked.
- (c) Where no work is performed on the day in question, time spent in traveling by public carrier to a new headquarters or to or from a temporary job away from headquarters, including time spent in waiting for connections, will be paid at straight-time rates to a maximum of 7 1/2 hours in each day or part thereof. Time spent in traveling at the request of the Employer on a normal day off shall be paid to a maximum of 7 1/2 hours at overtime rates. If an employee is required to travel outside of North America, appropriate compensation for travel time will be discussed with the Union prior to travel.
- (d) Any time spent in travel by public carrier prior to or following the normal day's work will be paid for as time worked except that where overnight travel is required, and sleeping accommodation is available, the hours between 24:00 and 08:00 will not be paid.

- (e) Where sleeping accommodation is required but not available, and travel takes place by public carrier, the time so spent will be paid as time worked.
- (f) A day shall be the period from 00:01 hours to 24:00 hours and shall include Saturdays and Sundays.
- (g) Except for those circumstances covered in Article 5.03, time spent in travel or transfer, either as a driver or passenger in a company vehicle or properly authorized personal vehicle, will be paid as time worked.
- (h) Should an employee be discharged for cause while in the field, the employee will be paid for all time worked, traveling expenses and traveling time back to their established headquarters. An employee laid off will be paid for all time worked, traveling expenses, and traveling time back to their point of hire or their established headquarters, as the employee may request. The Employer will have no obligation under this clause to employees who resign in the field and have less than 2 months' continuous service since their last date of hire.
- (i) Except as provided in the following paragraph, employees will be returned to their established headquarters at the expense of the Employer prior to taking annual vacation provided such paid vacation is 2 weeks or more, and in such circumstances will be returned from established headquarters to the work site at the expense of the Employer without any loss of paid vacation time.
- (j) Where an employee is not required to and chooses not to be returned to their established headquarters prior to taking annual vacation, paid travel time and expenses actually incurred in reaching the destination of their choice will be reimbursed. The maximum amount which the Employer will reimburse would be those costs which would be incurred if the employee were returned to their established headquarters.

5.03

- (a) Where employees are assigned to work away from regular headquarters and cannot return to same at the end of the working day and are provided with room and board, the Employer will designate a report point which, unless otherwise mutually agreed at a pre-job conference, will be the place of accommodation, a company office or a job site and will be governed by the following conditions:

1. Where time spent in travel between the designated place of accommodation and the job site is less than 16 minutes, computed under normal travel conditions, the report point will be the job site. Time spent in travel in excess of the normal travel time due to abnormal conditions will be paid as time worked at the prevailing rate.
2. Where the time spent in travel between the designated place of accommodation and the job site is 16 minutes or more, computed under normal travel conditions, the report point will be the designated place of accommodation.
3. Notwithstanding the conditions as set out in 1 or 2 above, drivers of company vehicles will be paid in circumstances where traveling time between the designated place of accommodation and the job site is less than 16 minutes. Pay for such travel time will encompass the total time involved in transporting employees from the designated place of accommodation to the job site and return, which may include pick-up and delivery of the vehicle from and to a third location.

5.04 Time spent in travel between headquarters and the work site or the report point and the work site at the commencement and termination of each day's work will be paid for as time worked.

5.05 Except as otherwise agreed by the Parties at a pre-job conference, regular employees working away from their established headquarters and unable to return to their normal place of residence at the end of each working day, shall have transportation costs paid to and from their established headquarters at 3-week intervals. This shall not be construed to mean bus fare when other means of transportation are normally used. This entitlement may be shifted to take into account long weekends, paid vacation and other contingencies, but in no circumstances shall employer- paid trips exceed one for every 3 weeks over the period of such work away from their headquarters.

Employees traveling home under the above provision shall be reimbursed for costs incurred in the storage of personal effects where such storage is required.

It is understood that this entitlement includes transportation and storage costs only. It is also understood that employees taking advantage of the paid-trip-home entitlement are not eligible for weekend living-out allowance for non-working days.

5.06 Where a work assignment in the field is completed on the last regular working day of the week, and it is understood that the employee is to return to their headquarters rather than travel directly to another work location, the employee may travel to their headquarters at the earliest practical time to avoid the loss of a week-end at home. Time traveled will be paid as time worked.

5.07 **USE OF COMPANY AND PERSONAL VEHICLES**

(a) Conditions for Use of Personal Vehicles

Ownership or provision of a personal vehicle shall not be a condition of employment. However, by mutual agreement between the Employer and an Employee and provided the Employee has completed an indemnity agreement as set out in point (iii) below, the Employee's private leased or owned vehicle may be used for the business purposes of the Employer, in which case the following conditions shall apply:

- (i) The Employer shall reimburse the Employee for distance traveled in the amount of \$.55 per kilometer to a maximum of 1000 km, with \$.49 per kilometer thereafter, in each calendar month. With approval of their managers, and where an employee is required to use their four-wheel drive vehicle off-road, the Employer shall reimburse such distances traveled in the amount of \$.765 per kilometer to a maximum of 1000 km, with \$.49 thereafter, in each calendar month.
- (ii) The Employer shall provide or pay for any additional parking required for any personal vehicle of any Employee which is used, upon proper authorization, for the business purposes of the Employer.
- (iii) The minimum insurance for employee-owned or leased vehicles used on BC Hydro business shall be \$300 collision deductible, \$100 comprehensive deductible, \$1,000,000 third party liability and underinsured driver coverage. Provided the Employee completes an indemnity agreement holding BC Hydro harmless for any liability to claims arising from accidents which happen while the vehicle is being used for personal reasons, BC Hydro will pay the above collision and comprehensive deductible, and third party liability in excess of the above coverage, in the event of an accident involving a vehicle being used on BC Hydro business.

(iv) If an Employee's insurance costs increase due to an accident which occurs while the Employee is using their personal vehicle, upon proper authorization, in the performance of the Employee's duties, the Employer shall pay the full cost of any such increase for the entire period during which any such increase applies, unless it is conclusively established that the Employee was grossly negligent.

(v) In addition to the above, where the Employee has the proper authorization and is required to use their vehicle more than 6 days per calendar month for business purposes, the Employer shall pay the Employee the difference in cost between the Employee's normal vehicle insurance and insurance for business purposes as set out in Clause 5.07(iii) above.

(b) Where an Employee elects to use their personal vehicle in preference to public transportation, the Employee shall receive an allowance of the flat amount of fare involved plus the amount meals would have cost when traveling by public transportation. Travel time will be paid as though the Employee traveled by public transportation.

5.08 (a) Where Employees are temporarily assigned to work away from their established headquarters, the Employer will provide board and, where necessary, lodging at no cost to the Employee in accordance with either Clause(s) 5.09, 5.10 or 5.11 below, depending upon the circumstances. Other reasonable expenses may be allowed, subject to supervisory control.

(i) Notwithstanding the provisions of Clause 5.08(a) above, where an Employee is temporarily assigned to work away from their established headquarters within the Employee's local geographic area, as defined in Clause 9.01(d), the Employee's entitlement to claim a lunch will be as follows:

1) Lunch is claimable if:

i. The Employee is working outside of their geographic area, with the exception of Employees identified in 5.08 (a) (2) (i).

ii. The Employee is not provided with advanced notice by a Manager of the need to work away from their established headquarters. Advanced notice for the purposes of this

article is notice no later than the end of the Employees previous regular shift.

2) Lunch is not claimable if one or more of the following criteria apply:

i. The Employee is required to do regular field work as part of their position, and such work is known and planned in advance to be away from their regular headquarter, even if the work is outside of their geographic area but within 100 kilometers of the established headquarters.

ii. The Employee is working away from their established headquarter, but are working at another BC Hydro facility which is equipped with cafeteria or lunchroom facilities within their geographic area.

(b) If an Employee who is quartered in a commercial facility requests a room for themselves for either health or personal reasons, such request would be granted provided accommodation is available at the time.

5.09 A living out allowance of \$130.00/day will be paid to employees who would otherwise receive free room and board and who have the Employer's permission to be living out in accommodation not provided by the Employer. Unless the employee is returned to established headquarters or is granted paid travel time and expenses actually incurred as provided in 5.02(j) the living out allowance will not be reduced when an employee is on paid leave of absence such as annual vacation, sick leave, statutory holidays or days in lieu thereof; or for unpaid leave of absence not exceeding five working days; or while the employee is on Workers' Compensation up to the maximum of their unused sick leave allowance. Permission to live out will not be withdrawn except by mutual agreement. Notwithstanding the above, employees who have set up semi-permanent residences at the temporary location (such as mobile home or furnished apartment) will not have their living out allowances reduced when returned to established headquarters at the Employer's expense for periodic assignments or training of two (2) weeks or less.

5.10 Except as provided in Article 5.09 above, where the Employer is responsible for board and/or lodging, the employee may elect,

(a) To be supplied with accommodation which is equipped with cooking facilities and shall receive \$25.00 per day in lieu of board

only; or \$33.00 per day in lieu of board only where it is essential that employees cook for themselves; or

- (b) to submit an expense account in lieu of board only. It is the intent that reimbursement for board only will be based on reasonable meal expenses incurred.
 - i. Employees entitled to reimbursement of all three meals in a day may claim the per diem as set out in the Employer's guidelines without receipts; claims over the per diem amount must be supported by receipts.
 - ii. Employees entitled to reimbursement for less than three (3) meals per day, may claim the per diem as set out in the Employer's guidelines per meal incurred without receipts; claims over the per diem per meal must be supported by receipts.

5.11 **CAMP CHECKOUT ALLOWANCE**

- (a) Where regular or temporary employees are provided with board and lodging away from headquarters and elect to return home on weekends or on other days upon which no work is scheduled, they shall, upon request, be granted a living allowance under the following conditions:
 - 1. Employees working from expense accounts - employees provided with expenses and who elect to return home and on whose behalf the Employer incurs no expenses for the weekend, shall be granted a daily allowance equal to the living out allowance set out in Article 5.09 above.
 - 2. Employees in camp - any employee who is living in camp accommodation provided by the Employer may check out of such accommodation and the Employer shall pay the employee a checkout allowance of \$7.50 per day. The checkout allowance will be paid for leave on non-working days to a maximum of 6 days with the provision that an employee will work their scheduled shifts immediately prior to and following such established leave. Notice of an employee's intent to check out will be made in accordance with normal camp requirements.

5.12 PAYMENT OF MOVING EXPENSES

- (a) This Article shall apply to regular employees, and temporary employees who have accumulated at least one year's accredited service in the last 2 years, who are required to change their established headquarters, either at management's direction or as the result of successfully applying for a bulletined job.
- (b) The Employer shall notify the employee in writing, whether the change is permanent or temporary. When the change is to a position of a continuing nature, outside the municipal area or town in which the employee's established headquarters is located, and where their new established headquarters is further away from their place of residence than their previous established headquarters, and where the employee establishes a new primary residence that is at least 30 kilometers closer to the new headquarters within the Lower Mainland or at least 50 kilometers closer to the new headquarters outside of the Lower Mainland (both by the shortest usual public route), the Employer will bear the cost of moving expenses in accordance with the following:

Interpretation note: For the purposes of this clause, the definition of Lower Mainland is the Lower Mainland District as defined by the Ministry of Transportation as at October 31, 2012.

- (1) when a regular employee transfers to another job location permanently, at their own request, and where the job is of an equal or lower level than their present job, if the employee has more than 4 years' service or if the employee has not been moved at the Employer's expense within the previous 4 years;
- (2) when an employee successfully applies for a bulletined job at a different location and a promotion is involved;
- (3) when a regular employee's position becomes redundant and the employee is required to move to a new job location to continue in employment regardless of the length-of-service or the time interval between moves;
- (4) when an employee is granted a transfer for compassionate reasons under the provisions of this clause, the Employer at its discretion may pay all or part of the employee's moving expenses.

- (c) Moving expenses for employees who qualify for a paid move under the foregoing are:
- (1) standard packing and moving charges, and transportation costs for the employee and family plus incidental expenses up to \$350.00. Incidental expenses would include such items as cleaning, disconnecting and reconnecting of appliances, etc. All expenses must be supported by receipts;
 - (2) an allowance to cover reasonable living expenses will be made to the employee when it is not possible to obtain suitable living quarters at the new location immediately;
 - (3) time off with pay will be allowed for the purpose of obtaining and moving into another home. This time off will be by arrangement with the Division Manager or delegate and will be in addition to any travel time entitlements to the new location;
 - (4) when management is the initiator of the transfer, consideration will be given to further reasonable expenses;
- (d) A regular employee who is promoted, directed by a manager to change headquarters, or displaced, shall be eligible, under the following conditions, for reimbursement for Realtor's commission in selling their present home and legal fees in purchasing a new home in order to take another job within that company:

 - (2) a change in headquarters is involved and the new headquarters is outside municipal boundaries of the present headquarters and where the parties agree that it is not practical for the employee to commute daily to the new headquarters;
 - (3) the employee is the registered owner or joint owner of the home the employee is vacating;

When a temporary transfer exceeds 6 months' duration and is to continue for an indefinite period or is to become a position of a continuing nature, the Employer may direct the employee affected to change headquarters provided there are no other employees in the same classification located at the established headquarters of that employee. However, if there are other employees in the same classification at the same headquarters who have sufficient experience, the Employer will offer the change of headquarters on the basis of seniority. SENIORITY

6.01 DEFINITION OF SENIORITY

Seniority shall be defined as the length of an Employee's continuous service with the Employer within the bargaining unit, subject to the provisions of this Article.

6.02 CALCULATION OF SENIORITY - GENERAL

(a) Seniority Calculation

Seniority shall be calculated as the elapsed time from the date an Employee is first employed by the Employer within the bargaining unit, unless the Employee's seniority is broken (in accordance with this Agreement), in which event such calculation shall be from the date the Employee returns to work following the last break in their seniority.

(b) Recognition Of Seniority With Predecessor Employers

Employees in the bargaining unit on April 1, 1993 who were formerly employees of any predecessor employer, and whose seniority with respect to any such predecessor is or was recognized by the Union or any of its predecessors shall have all such seniority recognized for the purposes of this Agreement.

(c) Determining Seniority For Employees Hired On Same Day

When 2 or more Employees commence work with the Employer on the same day their relative seniority shall be determined by a method of random selection mutually agreed between the Employer and the Union.

(d) Seniority Accrual When Absent From Work

Except as expressly provided otherwise by this Agreement, seniority shall continue to accrue for any Employee who is absent from work due to layoff; Paid Holidays; Paid time off and approved leave of absence subject to the provisions of clause 6.02 (e) below.

(e) Payment Of Union Dues To Preserve Seniority Accrual When Absent From Work

If an Employee continues to accrue seniority under this Agreement during any absence from work, such Employee must continue paying union dues, fees, assessments and/or levies to the Union during such absence. If the Employee does not continue to make such payments, then such Employee shall not accrue seniority for the period of the leave.

Regular Employees shall accrue seniority under this Agreement in accordance with Clause 6.02 (a).

6.06 **CALCULATION OF SENIORITY - CASUAL EMPLOYEES**

- (a) Casual employees shall accrue seniority on the basis of hours worked, converted to a date by dividing the hours by 7.5 and counting the equivalent working days backward from the date the calculation is required.

 - 1. They have not worked for 8 consecutive months.
 - 2. They are dismissed for just cause and not re-instated.
 - 3. They voluntarily resign.

Seniority achieved under this clause will not be utilized under the lay-off and bumping provisions within the first 12 calendar months from the date of entry and will not be utilized under the job selection or promotional provision within the first 6 calendar months from the date of entry.

- (a) Employees, including those from other unions within the company, will normally be hired at the minimum rate of their job group, except that the Employer may hire an employee at any step in the salary range for that job group having regard to work experience and/or attraction challenges. The Employer will advise the Union of such exceptions and will obtain the Union's agreement for hires at Step 3 and beyond. The Union agrees that each exception is to be assessed on its individual merits and will not be unreasonably denied.
- (b) If a temporary employee is successful in obtaining an appointment to a regular job other than the one in which they are employed, the employee's salary will be determined as though they were a new hire, except that consideration will be given to their experience, as set out in the previous paragraph.

 6. By definition, "blue-circled" shall mean that an employee's salary will be maintained above the maximum of the salary range for their job and that such salary will be increased by all subsequent across-the-board salary increases.
 7. By definition, "base rate" shall mean the bi-weekly amount (according to the salary scale) paid to an employee, exclusive of overtime, premiums, allowances, trade differentials, etc.
 8. By definition, "floor rate" shall mean a bi-weekly amount paid to an employee consisting of their base rate plus a trade differential, as defined in Article 4.02.

7.04

PERMANENT PROMOTIONS

- (a) When an employee is promoted, including due to job reclassification, the employee's salary will be increased to the step in the new job group that is one step lower, per group being

promoted, than their step in their current group, or the minimum of the new group whichever is higher. If an employee is off-step their salary will be increased to the step in the new group that is at least 5% higher than their current rate, of the minimum of the new group whichever is higher; or where the resultant salary would be higher than the maximum of the new group, they shall receive such maximum.

- (b) When an employee is promoted from one floor-rated job to another floor-rated job the employee will receive an increase on their base rate in accordance with (a) above. Further, where the old floor rate is lower than the new floor rate the employee will receive the new floor rate; but where the old floor rate is higher than the new floor rate the employee will be red-circled at the old floor rate.
- (c) When an employee is promoted from a floor-rated job to a non-floor-rated job the employee will receive an increase on their base rate in accordance with (a) above. Further, where the old floor rate is higher than the new base rate the employee will be red-circled at the floor rate.
- (d) When an employee is promoted from a position they have taken under the provisions of Article 7.07 (a) and (b), the following salary policy will apply:

 - 2. If the employee has been on the lower group job less than one year and is promoted to the same group they have held prior to demotion, the employee will receive the salary they would have achieved had the employee remained on that higher job group level.
 - 3. If the employee is promoted to a job group higher than that they held prior to their demotion, the employee's salary will be determined by applying firstly the provisions of 7.04 (d)2 and then the provisions of 7.04 (a).

7.05 TEMPORARY PROMOTIONS

- (a) When, in the opinion of the manager, a temporary promotion is warranted to meet operational requirements, such temporary promotion shall be compensated as follows:

1. Where the period of temporary promotion is one full working day or more and the promotion is 2 groups or less above the employee's current level, the employee will receive an increase of 5% per group of promotion dating from the first day of promotion, except that:
 - (i) where the resultant salary would be less than the minimum of the new job group, the employee shall receive the minimum; or
 - (ii) where the resultant salary would be higher than the maximum of the new job group, the employee shall receive the maximum.
2. Where a temporary promotion is for one full working day or more and the promotion is 3 groups or more above the employee's current level, the Employer will review the contents of the higher job group to determine the responsibilities to be assumed and will establish the appropriate job level for the relief period. The minimum increase will be two groups.
3. Where a temporary promotion is for one full working day or more to a supervisory position or a position outside the bargaining unit the employee shall be paid at the higher rate. Temporary promotions to an excluded position shall not exceed 36 months after which the employee must return to their base position in the bargaining unit.
4. Where an employee on special salary treatment relieves on another job, the Employer will review the circumstances to determine whether or not the employee qualifies for a promotional increase as described in 1, 2 and 3 above.
5. An employee temporarily on a higher grouped job shall receive the benefit of length-of-service increases which the employee would have received on the lower grouped job and their salary will be increased according to 7.05(a) 1, 2, 3 or 4. After 3 years on a continuous temporary promotion, an employee's temporary promotion pay shall be recalculated so that their base pay plus temporary pay is equivalent to the base pay they would have received had they been permanently promoted at the start of the temporary promotion.
6. In cases where apparent salary anomalies occur, resulting from transfers to and from temporary promotions, the Parties agree to discuss such cases on the merits, subject to grievance procedure.

7. If a manager determines a need for an employee to perform work of a higher job group for an extended but finite period of time, the manager will inform the employee, in advance, of the requirement for the employee to perform that work and will provide an estimate of the period of time the employee will be required to perform the work.

Employees shall receive the higher rate of pay for all hours worked at the higher job group, even if it is for a partial day.

If the employee has a year or more of service in the higher grouped job, upon demotion the employee will retain their rate if it is not beyond maximum of the lower grouped job; if it is beyond maximum the employee will be reduced to maximum of the lower group. If the employee has less than one year's service in the higher-grouped job, upon demotion their salary will be that which the employee would have attained had they moved directly to the lower-grouped job on the same date that they moved to the higher-grouped job. Under special circumstances, including health cases, the salary in the lower-grouped job will be negotiated by the Parties. Upon upward

revision of the basic salary scale the employee will receive the general increases that accrue to their lower job grouping.

- (b) In the case of a demotion not directly ascribable to the employee, refer to the following sections:
 - 1. Re-evaluation - Article 2, Job Evaluation.
 - 2. Shortage of Work, Contracting Out, Automation, new equipment, new procedures, or reorganization - Article 9, Displacement, Layoff, and Recall.

- (a) It is the intent of the Parties that preference in appointments to job vacancies, MoveUP jurisdiction shall be given to Local 378 MoveUP members presently on the Employer's staff, in this order:

 - 2. For regular positions, regular employees in accordance with Article 9.13. In the event that a vacant position arises concurrent with the displacement of an employee who has the ability to perform the job and there is an employee(s) on recall who also has the ability to perform the job, preference for the offer of the position shall be given to the senior employee.

3. All other employees regardless of status under Article 1.06.

If a junior candidate is selected from any of the above preference categories, Article 7.10(d) will apply such that all of the more senior candidates previously considered and rejected must be reconsidered to determine if the junior candidate's ability to perform the vacant job is significantly and demonstrably higher than all of those more senior candidates.

- (b) If at any time the Union is of the opinion that such preference has not been given, and the Employer selects from outside the bargaining unit, the Union shall have the right to grieve such selection. Where the Employer selects from outside the bargaining unit, the same ability requirements will be maintained.

7.10 JOB POSTING (Refer to MOU # 85)

- (a) A regular employee who is a member of the Union and already on the staff of a department in which a vacancy occurs may be promoted to such vacancy without that vacancy being posted.

The job posting shall contain all pertinent details such as job title, date of job description, salary range or rate of pay, job group, replacement or addition to staff or new position, duties, qualifications, headquarters, job location, special conditions, and the closing date of the competition. A job posting for a temporary job must also state the anticipated end date for the temporary job.  - (i) Notwithstanding 7.10(b), applicants to a bulletin to which they have been unsuccessful may be considered for subsequent vacancies for position(s) that were posted on the original bulletin without having to reapply provided that such vacancies occur within 3 months of the date of posting of the original bulletin. These bulletins will remain posted and applications will continue to be accepted for any subsequent vacancies during the life of the bulletin. The Employer shall ensure that in the exercise of its job selection rights under this article that no discrimination or favoritism affects any particular applicant for a job posting.

It is agreed that the selection criteria for each job with more than 20 incumbents shall be the same, subject to specific emphasis of the job duties of each position.

Where an employee who bids laterally on the same position the employee currently holds does not possess the required educational qualifications, they shall be deemed to possess such

qualifications. Where the Employer has established an equivalency for required qualifications, such equivalency shall be applied in a fair and consistent manner. (Also see Memorandum of Understanding # 40).

- (h) The Employer will provide the Union copies of all job bulletins in a timely manner. The Employer will provide the Union with copies of applications for MoveUP job bulletins upon request to the local Personnel Offices. The Employer will provide the Union with the hire letter of successful MoveUP applicants for the Employer job vacancies in the MoveUP jurisdiction.
 - (i) The Employer may use testing to assess the requisite skills and abilities of applicants. Where used, tests must be administered fairly and without bias, and must be relevant to the job. - (b) A regular employee who is selected to fill a Full-Time Temporary position as defined in Clause 1.06(c)1 shall retain their status as a regular employee during such assignment, and shall be covered by all of the terms and conditions of this Agreement which are applicable to regular employees.

- (g) Where a regular Employee obtains a temporary job under this clause which represents a lateral transfer or a demotion, the Employee shall not be entitled to moving expenses, save and except that if the Employee subsequently obtains a regular job at the temporary headquarters or relocation headquarters, moving expenses as per Clause 5.12(c) (which also shall include moving expenses incurred in transferring to the temporary job provided receipts are submitted by the Employee) shall be paid by the Employer provided the Employee qualifies under the terms of Clause 5.12(b)(1) as at date of obtaining such regular job.

2. In order not to restrict the right of Union employees to apply for such positions, the following method of applying for such positions will be used: applications may be made to the Personnel Manager of the area concerned, who in turn will acknowledge receipt of the application. Thereafter the employee applicant and the Union will be advised of each vacancy and the resultant selection.
- (d) The provisions of Article 7.09 shall apply when employees as defined in that Article apply on vacancies as provided in (b) and (c)2 above.

7.13 ENTRY-LEVEL JOBS

- (ii) implementation of new procedure, including but not limited to, technological change in accordance with the terms and conditions of this Agreement; or
- (iii) the transfer or other disposal of operations in accordance with the terms and conditions of this Agreement. It is understood that this Clause 9.01 (a) (iii) shall only apply when a regular employee exercises their right not to transfer in accordance with Clause 23.03.

(b) Layoff

A layoff for the purposes of this Agreement shall occur when a regular employee is displaced, as defined in Clause 9.01 (a) above, such that the employee is without work. Displacement shall be in inverse order of seniority provided the senior employee(s) has the ability to perform the remaining work. Such displacement will be by job title, within a department at a headquarters. Where a senior employee otherwise has the ability to perform the work in question but is being displaced due to not being offered a specific training opportunity that was provided to a junior employee, the employee will be offered the training to enable them to perform the remaining work subject to the training being completed within a 90 calendar day period. The training will be offered to the original displacement only.

Anomalous distances and their designations include the following (in both directions):

Courtenay – Powell River	deemed over 50 km
Duncan – Ganges	deemed over 50 km

Powertech shall be considered as a separate division for purposes of the application of this Article. By way of example, the Customer Services Managers reporting directly to the Senior Vice-President of Customer Services shall be considered to head separate divisions for the purposes of this Article. Similarly, Power Supply Managers reporting directly to the Senior Vice-President Power Supply shall be considered to head separate divisions for the purposes of this Article.

9.02 **NOTICE OF DISPLACEMENT/LAYOFF - REGULAR EMPLOYEES**
(Refer to MOU # 85)

The Employer will provide the Union with at least 90 calendar days written notice when regular employees are to be displaced. The notice provided will include the anticipated effective date and the number and classifications or job titles of employees who may or will be displaced.

6 months continuous service	2 weeks
3 years continuous service	3 weeks

and for each year of continuous service in excess of 3 years, one additional week to a maximum of 8 weeks.

9.03 SEVERANCE PAY - REGULAR EMPLOYEES (Refer to MOU # 85)

- (a) on completion of 6 months but less than 2 years of continuous service 2 weeks;
- (b) and for each additional year of continuous service equal to or greater than 2 years 2 weeks to a maximum of 52 weeks.

9.04 MEETING TO REVIEW IMPACT

At the request of the Union, the Employer will meet with the Union within 7 calendar days from the date of the request, to review the effects of the intended displacement of any regular employees. This review will include the identities of the regular employees whom it is anticipated will or may be displaced.

9.05 PLACEMENT IN VACANT POSITIONS WITHIN THE BARGAINING UNIT

(Also refer to MOU #19 and MOU #23)

The Employer shall offer vacant positions in their headquarters, local geographic area and in the company - in that order - to regular employees who are subject to displacement. Such placement in vacant positions shall be based on ability and seniority, in that order. In such cases the Union agrees to waive the requirement to post such vacancies. Any offer of placement shall be limited to an equal or lower level job group to the job from which the employee was displaced. Additionally, a regular employee who is subject to displacement and who is in receipt of blue-circle salary treatment, may be offered placement into a job group level up to and including that at which the employee's salary is blue circled.

These employees shall be eligible for training:

- (a) for the operation of new equipment and/or performing new procedures;
- (b) for qualifying for new jobs created by such changes;

- (c) for other vacancies within the company for which they may be qualified.

9.06 **PLACEMENT IN VACANT POSITIONS OUTSIDE THE BARGAINING UNIT**

Regular employees who are subject to layoff shall have the right to accept or reject reassignment by the Employer to any positions or jobs outside of the bargaining unit which may be offered to these employees by the Employer. In the event that a regular employee who is subject to layoff accepts such reassignment, they shall continue to be subject to the provisions of this Article for so long as the employee has a right of recall or a right to return to a former position in accordance with the applicable provisions of this Article. The seniority of such employee shall continue to accrue for all purposes under this Agreement for so long as the employee has said rights, provided the employee continues to pay their Union dues. Upon expiration of the recall period or the forfeiting of recall rights, an employee placed in a regular position with the Employer(s) shall not be entitled to severance pay as set out in Article 9.03.

9.07 **BUMPING PROCEDURE** (Refer to MOU # 85)

- (a) A regular employee who is subject to displacement shall have the right to bump in accordance with this Article. Such employee shall exercise their bumping rights within their division then company-wide, in that order. Employees who exercise their bumping rights will not be required to change their status in terms of full-time or part-time. That is, where a 'least senior' bump under Article 9.07 would require the employee to change their status, the 'least senior' bump of the same status will also be offered. Job shares will be considered 2 PTR's for the purposes of bumping.
- (b) Providing the affected regular employee has greater seniority, the employee may bump, only within the employee's current division, an incumbent with less seniority:
 - 1. in the same job, or;
 - 2. in a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
 - 3. in a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined by the Employer, or B.C. Hydro's Job Evaluation department,

whichever is applicable, and provided the employee is currently employed within the "job hierarchy", or;

4. in a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.

Notwithstanding the foregoing, when an employee elects to exercise their bumping rights into a job and there is more than one incumbent in that job at a given headquarters, the employee must bump the least senior incumbent in that job at that headquarters. In the event the employee is denied the bump of the least senior incumbent as outlined above, the employee may then elect to bump the next least senior incumbent in that job at that given headquarters. Should subsequent bumps be denied, the above process may be repeated at the employee's option.

- (c) Only if the affected regular employee has greater seniority and is unable to bump into a job within their local geographic area in accordance with the above, the employee may then bump outside their current division and within their local geographic area, the employee with the least seniority:

1. in the same job, or;
2. in a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
3. in a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined by the Employer or B.C. Hydro's Job Evaluation department, whichever is applicable, and provided the employee is currently employed within the "job hierarchy", or;
4. in a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.

- (d) Only if the affected regular employee has greater seniority, and is unable to bump in accordance with the above, then the employee may bump outside their current division, on a "company-wide" basis, the incumbent with the least seniority:

1. In the same job, or;

2. In a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
 3. In a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined by the Employer or B.C. Hydro's Job Evaluation department, whichever is applicable, and provided the employee is currently employed within the "job hierarchy" or;
 4. In a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.
- (e) For the purposes of administering the bumping process only, where more than one regular employee is affected and elects to bump into the same job, the employees involved shall bump in order of seniority, until the bumping process is completed.
- (f) Bumping shall occur only as stated in the foregoing provisions unless otherwise agreed by the Parties. Bumping to a position at the same level that has not been previously held by a regular employee may be implemented by agreement of the Parties.
- (g) A regular employee who is bumped under the foregoing provisions may in turn exercise their seniority to bump another employee in accordance with this Article.
- (h) Non-shift employees who exercise their bumping rights will not be required to accept a shift position. Should a non-shift employee refuse a shift position as per this Article, the employee cannot then choose to bump into a shift position within the same job at a later point in that bumping process. For clarity, this Article does not apply to employees who are shift employees at the time their options are made available.
- (i) An employee who is on extended leave such as WCB, Long Term Disability, Pregnancy Leave, etc. will be included in the displacement and/or directed relocation process. The employee will be notified of displacement and directed relocation but will not have to exercise their options until they are deemed fit to return to active duty. In cases where it is practical (e.g. education leave, pregnancy leave) the displaced or relocated employee would be approached to participate at the time on a voluntary basis. If there is any doubt as to the employee's fitness (physical and/or mental), they will not be required to participate until they are deemed fit and able to return to active duty.

9.08 **EMPLOYEE OPTIONS**

A regular employee who is subject to displacement shall have the right to select one of the following options. Upon written presentation of the options, the employee shall have 3 full working days to select an option. This time limit may be extended by the mutual agreement of the Parties:

- (a) accept training, if applicable; or
- (b) accept placement in a vacant position, either within or outside the bargaining unit, in accordance with the provisions of this Article; or
- (c) exercise the bumping rights referred to in this Article; or
- (d) accept layoff, retaining the right to recall and to severance pay in accordance with this Agreement; or
- (e) accept severance in accordance with Article 9.03 of this Agreement.

9.09 **LAYOFF**

In the event that a regular employee is not trained, placed or is unable or declines to bump, under the terms of this Article, the employee shall be laid off, unless such employee accepts severance pay in full in accordance with Article 9.03 of this Agreement.

9.10 **SENIORITY ACCRUAL DURING LAYOFF**

In accordance with Article 6, seniority shall accrue for all purposes under this Agreement, for the duration of a regular employee's recall period, provided the employee is recalled to work prior to the end of such recall period.

9.11 **NO BENEFIT ENTITLEMENT DURING LAYOFF**

A regular employee on layoff is not entitled to employee benefits.

9.12 **RECALL PERIOD (Refer to MOU #19)**

The laid off regular employee's name shall be placed on a recall list for 2 years and considered for any regular vacancy of an equal or lower job group in accordance with Clause 9.13 below. Notice of recall for placement interview purposes shall be made personally or via email. Should the employee fail to respond to the notice within 5 working days, unless such time is extended by the Employer, the employee's name shall be dropped from the recall list. A copy of such notice shall be sent to the Union. The laid off employee is responsible for providing the appropriate Human

Resources contact with their current mailing address, email address and telephone number.

The Employer will maintain an up-to-date recall list and provide a copy to the Union upon request. Any grievance filed with respect to not being recalled shall be in accordance with the provisions of Article 3 of this Agreement.

9.13 RECALL TO WORK

- (a) Recall to the regular job from which the employee was laid off shall be made on the basis of seniority (i.e. last off, first on).
- (b) Recall to other regular positions shall be limited to jobs which are of an equal or lower job group to the job from which the employee was last laid off. Such recall shall be made on the basis of an employee's past record of ability and seniority.

9.14 RETURN TO FORMER POSITION

A regular employee with the highest seniority who was previously displaced from a job shall have preference to return to their original job in the same department if such job becomes vacant or is re-established and if the vacancy arises within 2 years of the date of displacement from the job. In the application of this clause, the Union agrees to waive the requirement to bulletin.

9.15 IMPACT ON PAY RATES

- (a) Where a regular employee is displaced from their position and assumes a lower level position, the employee will be given blue-circle salary treatment.
- (b) An employee receiving blue-circle salary treatment in accordance with 9.15 (a) above will be granted continued protection in the event the employee receives a promotion from the lower level job. Continued salary protection will not be extended to employees leaving position for lateral transfers or demotions.
- (c) Upon recall to their former job, an employee shall receive their former rate of pay plus any negotiated increases applicable to the period prior to recall. Salary treatment of recall to other positions as described in Clause 9.13(b) above shall be made in accordance with the following:

- (i) An employee with one or more years' service in the higher grouped job will retain their rate if it is not beyond the maximum of the lower grouped job. If an employee's rate is beyond the maximum of the lower grouped job, the employee's rate will be reduced to maximum.
- (ii) An employee with less than one year's service in the higher grouped job will assume the salary the employee would have attained had they moved to the lower grouped job on the same date they moved to the higher grouped job.

9.16 **DIRECTED RELOCATION**

- (a) When the Employer is contemplating a directed relocation of the established headquarters of a regular employee who is not otherwise displaced, full consideration will be given to the employee's family needs and preferences prior to directing relocation.
- (b) Where there are multi-incumbents in a job and one or more but not all of the incumbents are to be transferred to their job at another headquarters, subject to operational requirements the incumbent with the greatest seniority and present ability to perform the work shall be offered the position first. In the event that none of the incumbents elect to fill the position, the incumbent with the least seniority and present ability would be directed. In the case of a directed relocation beyond a regular employee's local geographic area, as defined in this Article, an employee will be accorded the options set forth in this Article.
- (c) Employees will be given not less than 90 days written notice of a permanent directed change in established headquarters. A copy of this notice will be forwarded to the Union.

9.17 **MOVING EXPENSES**

- (a) Moving expenses arising with respect to any displacement under this Article shall be paid for by the Employer in accordance with Clause 5.12 (c) and Clause 5.12 (d). Employees being recalled to positions in accordance with this Article are not entitled to moving expenses.

ARTICLE 11

WORKING HOURS

(Refer to MOU # 85)

11.01 The hours of work of all employees, except part-time and casual employees (Article 1.06(b) and (d)), and those otherwise specifically mentioned in this Agreement, shall be as follows:

(a) Working Hours

1. The hours of work shall be the equivalent of 35 hours per week. This will be done by working a normal week of 5 x 7 ½ hour days and allowing 17 days a year Reduced Work Week Leave (RWWL) in lieu of the 35-hour week.
2. Notwithstanding Article 11.01(a)1 above, full-time regular employees may elect by 1 December of each calendar year to take a cash payment in lieu of time off for any of the 17 RWWL days to be earned in the following calendar year. Since the cash payment will be made in advance of the RWWL being earned, a pro-rata adjustment will be made if the employee terminates from the Employer before the end of the calendar year in which the employee receives the cash payment.
3. Full time temporary employees may elect to receive either time or cash for RWWL days to be earned. Time is defined as one full day off in each of the 17 bi-weekly pay periods which do not contain a statutory holiday. Cash is defined as 7% of gross bi-weekly earnings paid on a bi-weekly basis.

Temporary employees cannot take RWWL days off in advance of having earned them.

(b) Standards and Authorized Variations

1. "Standard" means the condition specified in the Agreement.
2. "Authorized Variation" means a range of alternatives specified in the agreement, within which range a supervisor may vary from the standard due to operational requirements. The supervisor will provide employees with two weeks' notice where an authorized variation is to be used.

(i) To the extent possible, authorized variations will be agreed to between the supervisor and the affected employee(s). Where agreement is not reached, the supervisor's change to an authorized variation will not be arbitrary, discriminatory, or in bad faith, and consideration will be given to an employee's personal circumstances, and, where applicable, to an equitable sharing of preferred and unpreferred hours of work, prior to the change being implemented. It will be the responsibility of the employee(s) to inform their supervisor of the impact of the proposed change to the hours of work.

(c) Work Day

1. 7 1/2 consecutive hours of work, exclusive of lunch period.

(d) Work Week (Refer to MOU # 85)

1. The standard will be Monday through Friday.
2. The authorized variation will be Monday through Saturday for employees whose job duties include: employee payroll processing, customer accounts, customer telephone enquiries or credit services. All employees of NCS are also covered by this variation. This list may be amended by agreement of the Parties.

(e) Starting Time

1. The standard starting time will be 08:00.
2. The authorized variation will be a starting time between 06:00 - 10:00.

(f) Lunch Break

1. The standard will be per current local practice.
2. The authorized variation will be 1/2 hour or one hour.

(g) RWWL Application

1. All eligible employees are required to take all RWWL days as time off in the year in which they are earned and at a time which does not conflict with essential departmental requirements.
2. All RWWL days must be scheduled by March 31st, to be taken by the end of the current year. An employee may request to re-schedule RWWL days with approval from their manager and subject to operational requirements. This does not apply to shift employees where RWWL days are pre-scheduled.

Any remaining unscheduled RWWL days will be scheduled by the manager.

Any RWWL days not taken in the year they were earned must be scheduled to be taken by March 31st in the following year or transferred to a group RRSP by March 31st.

Notwithstanding the above, in the event there is any remaining RWWL balance as of March 31st in the following year it will automatically be paid out at the employee's base wage rate as of March 31st.

3. RWWL application is dependent on cooperation and flexibility at scheduling time. Manager and staff should discuss the situation to gain a clear understanding of the needs of both the employee(s) and their manager to arrive at a mutually acceptable schedule.
4. RWWL will apply only to full-time regular and full-time temporary employees. Except for newly hired employees and terminating employees, a person's RWWL allowance will be earned by full-time regular and full-time temporary employees in service during that period.
5. Employees who are hired or who terminate during a period will earn and be paid out the period's RWWL allowance on the basis of 1/9 of that period's RWWL allowance for each day worked during that period.
6. An equivalent percentage payment of RWWL will apply to part-time regular and casual employees in accordance with Article 1.06(b) and (d) of this Agreement.
7. Employees on leave of absence without pay for a pay period will not earn RWWL for that pay period.

8. For those employees on sick leave, long term disability or leave of absence, if the employee received pay from B.C. Hydro for any part of the pay period, the employee earns the RWWL day for that period.
- (h) The Parties will jointly initiate and monitor some "flextime" experiments in agreed units of Hydro's organization, independently of RWWL, during the life of the Agreement.
- (i) In cases where hours of work must be varied to obey Provincial Fire Regulations, or Forest Management Licensee Requirements, such work as is carried out under these conditions shall be at straight time for the first 7 1/2 hours.
- (j) Policies and bulletins issued by the RWWL Task Force have been deleted and/or incorporated into the collective agreement where applicable. There is no intent to change the application or principles of the RWWL provisions.

11.02 **OVERTIME PAYMENTS**

- (a) This clause applies to all employees except (b) does not apply to shift work employees and employees subject to flexible hours.
- (b) All time worked in excess of the hours stated in the preceding clauses of this section shall be paid for at the rate of double time (200%). All time worked on annual vacations shall be paid on the same basis plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays shall be at overtime rates plus regular salary, except as provided in Article 13.01(e) of this Agreement. All time worked on Saturdays, Sundays and Statutory Holidays will be paid at double time rates.
- (c) Notwithstanding Article 11.02(b), all time worked and/or travel associated with employee training shall be paid at straight time. It is understood that this clause does not apply to employees conducting the training.

(d) Overtime Banking

Employees may transfer to the time off bank defined in Article 11.10 up to 100% of monies earned for working overtime, to be either taken as time off in lieu of wages or paid out, no later than September 30 in the year following the calendar year in which it is earned. Overtime shall be credited to the bank in hours. Overtime banked prior to July 1, 2005 may be maintained in the time off bank.

Employees on a temporary promotion must take earned overtime as pay or take the time off while in the temporary promotion in order to have the amount paid at the temporary promotion rate. If overtime is banked and paid out per above it will be paid out at the employees' base rate.

11.03 **FLEXIBLE HOURS OF WORK**

- (a) An employee whose job duties include: making presentations regarding the promotion of safety; representing the Employer at home improvement shows (including the PNE), trade shows, trade and contractor association meetings, and shopping centre displays; and making speeches to organizations such as service clubs, may be required to work flexible hours as defined below in order to attend such events.
- (b) Employees engaged in such work (as defined in 11.03(a) above) will not be required to work more than a maximum of 10 weekends per year under the flexible hours provision.
- (c) For purposes of this clause, and subject to the provisions of Article 11.01(a)1 and 2, the flexible work period shall be 37.5 hours consisting of a maximum of 5 consecutive days, Monday through Sunday. Time worked on scheduled days off will be compensated at double time rates.
- (d) A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 06:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
- (e) The Employer will provide as much advance notice as possible of a requirement to work flexible hours. Work scheduled under this clause will not interfere with scheduled annual vacation.
- (f) Where an employee subject to flexible hours works more than 7.5 hours per day, meal entitlements will be in accordance with Article 11.04.

- (g) Where the majority of working hours fall outside the hours of 08:00-16:30, a premium of 1/2 hour at straight time will be paid. This premium will not apply to time worked on scheduled days off, annual vacations, statutory holidays, or scheduled days off in lieu of statutory holidays.
- (h) All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01(e).

11.04 **OVERTIME, TRAVEL TIME PAYMENTS AND MEAL INTERMISSIONS**
(Refer to MOU # 85)

- (a) If an employee is scheduled to work prior to their normal working hours and at their normal work location, traveling time will not apply.
- (b) If an employee is required to work overtime beyond their normal working day at their normal headquarters, no traveling time will be paid.
- (c) An employee called to work during off-scheduled hours or on a normal day off shall be paid at overtime rates.
- (d) All overtime worked between the hours of 00:00 and the employee's normal starting time shall be paid for at 200% of straight-time rates.
- (e) Notwithstanding the provisions of Clause 11.04(i), a call-out occurring within a period of 4 hours prior to the commencement of the employee's regular working day or shift will nevertheless require the employee to report at their regular hour and be paid at straight-time rates for their full regular shift.
- (f) Where an employee is required to work less than 2 hours beyond their regular shift, a 1/2 hour unpaid meal period will be allowed.
- (g) An employee will be paid for a 1/2 hour meal period at the prevailing overtime rates, and the Employer will provide a meal or reimburse the employee for reasonable meal expenses incurred:
 1. where the actual overtime worked, exclusive of any meal period, is 2 hours or longer before or after the regular day or shift;
 2. where an employee is called in and works 4 hours overtime;

3. where an employee is required to work 4 hours overtime beyond an overtime meal period already taken. Where this overtime follows a regular shift the first meal period regardless of when it is actually taken, will be considered to have been taken immediately after the regular shift.
 4. where an employee misses a paid meal period to which the employee is entitled, they shall nevertheless be paid at the prevailing rate for such missed meal period in addition to all time worked.
- (h) Where work is pre-scheduled for normal days off and employees have been notified on the previous working day and work is to commence within 2 hours of the normal starting time, the Employer will not be required to provide lunch or pay for meal time if taken.
- (i) An employee who has worked overtime shall return to work, after 8 hours' rest, but only if the employee can do so by the mid-point of their regular shift unless they will report earlier by mutual agreement. Whether or not the employee does report to work, the employee shall nevertheless be paid for the regular shift following the overtime at their normal straight-time rate. However, if their overtime finished at or before 8 hours prior to the mid-point of their regular shift on the day in question, the employee must return to work by the mid-point of their regular shift in order to qualify for full pay for their regular shift. An employee who is called in and reports to work before the expiration of their 8 hours absence shall receive double time (200%) payment for those hours which coincide with the working hours of their normal shift, plus their regular salary for the day.
- (j) Where an employee is required to work unscheduled overtime, the Employer will, on request of the employee, pay reasonable costs for alternative transportation home under the following conditions:
1. Provided that normal means of transportation is not available.
 2. Where employees are parties in car pool arrangements, "normal means of transportation" shall be deemed to include car pools.
 3. For purposes of this clause, "unscheduled overtime" is defined as that overtime occurring where an employee is notified by their supervisor during their scheduled shift that the employee will be required to continue working beyond the scheduled quitting time.

11.05 **REPORTING AT LOCATIONS OTHER THAN ESTABLISHED HEADQUARTERS**

If an Employee is required to report for their regular day's work at a location other than their established headquarters, traveling time at the appropriate rate will be paid to and from that location, less the amount of time normally taken by the Employee to travel to and from their established headquarters. Mutually acceptable arrangements will be made with respect to travel arrangements and allowances, but no such arrangement will reduce any entitlement of the Employee under this Collective Agreement.

11.06 **MINIMUM PAID PERIODS** (Refer to MOU # 85)

- (a) If an employee is required to remain at the work place to work overtime, the employee will be paid for a minimum of 1/2 hour. Time worked beyond the first 1/2 hour of overtime will be recorded to the next higher quarter (1/4) hour. The applicable clause may be invoked with respect to meal intermissions. If the employee is required to return to their normal work location, aside from a normal meal intermission, or if the employee is required to perform overtime work at another location, a 2 hour minimum will apply, plus whatever traveling time is applicable. An employee scheduled to work on their scheduled day off (e.g. RWWL day) will be paid for a minimum of 4 hours at overtime rates, but will not be paid for time spent in traveling to and from their normal work location.
- (b) An employee called to work during off-scheduled hours or on a normal day off shall be paid at overtime rates for a minimum of 2 hours beginning at the time the employee leaves their residence. One-half hour at the prevailing rate shall be allowed an employee to reach their living quarters on completion of a call-out irrespective of the amount of time actually worked. When call-outs run into a normal shift the minimum call-out provision will not apply.

11.07 **PREMIUM PAYMENTS**

- (a) An employee who is required to work or travel underground shall be paid a premium of 10% of their prevailing rate for actual time involved. The premium rate will cease to apply when the actual site

of work in a tunnel or underground cavern has been completed to its final underground structural condition, e.g. natural rock; natural rock with gunite; natural rock with bolts; gunite, steel supports or concrete lining, in any combination or proportion. A vertical shaft will be considered an underground structure.

- (b) An employee who works underground during a half shift will be paid the underground premium for that half shift, and an employee who works at least 6 hours underground in a day will receive the underground premium for all time worked on that shift, including any overtime.
- (c) Where the underground premium is paid and an employee is required to work underground for a majority of the time and during both halves of any one shift the lunch period for that shift will be paid for at straight-time rates.
- (d) Where an employee is required to work on transmission towers at a height above ground of more than 24 meters (80 feet) the employee will receive a straight-time premium for such actual time worked only.
- (e) A high time premium of 10% of regular pay will be paid when an employee is actually working on staging and scaffolding, or where the employee is supported by a safety belt or rope, at heights of 9 meters (30 feet) or more above a fixed platform, safety net, or natural ground surface. This clause is applicable to work under bridges when the above conditions apply. The minimum premium payable will be that for one hour.

duties is assigned to conduct such training, they shall be paid a premium of 5% of their normal hourly rate for all time spent in instruction.

- (h) Where an employee is required to work under conditions not specified in this Agreement which the Union considers merits premium pay, an appropriate premium will be determined by agreement between the Parties, and if no agreement is reached, the matter can be handled under the grievance procedure.
- (i) For reference to Provincial Fire Regulations or Forest Management Licensee Requirements see Article 11.01(j).

 2. If a second or successive telephone consultation takes place within 1/2 hour of the end of a preceding call, it will be construed as being part of the preceding call and therefore not be paid unless the combined time exceeds the minimum paid period in 1. above.

ARTICLE 12

SHIFT WORK

(Refer to MOU # 85B for Customer Care Shift Work)

- 12.01 The Employer's various operations have required and may continue to require shift work.
- 12.02 (a) The Employer will provide the Union and affected employees with 3 months' notice prior to introducing new shift requirements in a work area (i.e. a shift that is not currently in use in the work area or that has not been used in the work area in the preceding 12 months) This will include work areas that already have shift requirements. This notice period is required even if the new shift is added during the course of the normal shift sign-up.
- (b) The Employer will provide the Union and affected employees with 3 months' notice if there is a required change to a full-time employee's shift due to operational reasons If such notice is not given for a required shift change, then the full-time employee will attract overtime wages for the hours worked outside their normal shift schedule until the required notice period is satisfied.
- (c) For clarity, the notice period outlined above is not required when canceling an already existing full-time shift (i.e. the shift is no longer required in the work area) so long as the cancellation occurs during the course of the normal shift sign-up. If the cancellation occurs at a time other than normal shift sign-up, paragraph (b) will apply.
- (d) For further clarity, a notice period is not required when simply shifting the number of employees required on currently existing shifts so long as this change to the employee complement occurs during the course of the normal shift sign-up. For example, a change may occur to a full-time regular employee's shift from the last shift schedule due to the required employee complement being changed. This is to be expected during the course of normal shift sign-up and would therefore not require notice.
- 12.03 Should an employee's position become a shift position, the employee will have the option to either:

(Refer to MOU # 85B for Customer Care Shift Work)

- (a) accept the shift position, or
- (b) decline the shift position. In the latter event, the shift vacancy will be filled in accordance with the provisions of Article 7.10; the employee who has declined the shift position will continue to work regular days and hours, subject to departmental requirements, or will be treated in accordance with the provisions of Article 9.

12.04 The working hours for shift workers shall be in accordance with Article 11.01 with the following exceptions:

(a) Work Day

Any consecutive 7 1/2 hours of work, exclusive of lunch period, in a 24 hour period.

(b) Work Week

Any consecutive 5 days of work out of 7 consecutive calendar days. The remaining 2 days will be scheduled as days off in lieu of Saturdays and Sundays.

(c) Statutory Holidays

In recognition that statutory holidays may be scheduled work days for shift workers, employees will be scheduled off for 12 days in lieu of statutory holidays. These days off in lieu of statutory holidays shall normally be scheduled in the pay period in which the statutory holiday falls.

(d) Premium Pay

Premium pay for shift workers as outlined in this Article, who are required to work on Sundays and statutory holidays, shall be paid at time and one-half (150%) for those days.

(e) Shift Premiums

1. For the purposes of calculation of shift premiums, the day shift is defined as 08:00 to 16:30 and the basis of payment is as follows:

- (i) Shift workers shall be paid a shift premium equal to 6.7% of their hourly rate for all hours of a specific shift

that fall outside the day shift except that a shift premium equal to 12% of their hourly rate shall be paid for all hours worked between 00:00 and 06:30.

- (ii) Where less than a majority of the hours of a specific shift fall within the period of 00:00 and 08:00, the period from the start of the shift to 06:30 attracts the 12% premium and the period from 06:30 to 08:00 attracts the 6.7% premium.
- (iii) Where a majority of the hours of a specific shift fall outside of the day shift, premium entitlement(s) shall apply to all hours.
- (iv) Where a majority of the hours of a specific shift fall within the period 00:00 to 08:00, the portion of the shift between 00:00 and 06:30 attracts the 12% premium and the remainder of the shift attracts the 6.7% premium.

(f) **Lunch Periods**

The lunch period will be taken as close as possible to mid-shift but may be varied or staggered for different employees from one hour before to one hour after the middle of the shift according to the needs of the work in progress.

(g) **Overtime Payments-Shift Workers**

- 1. All time worked in excess of the hours stated in (a) above shall be paid for at the rate of double time (200%). All time worked on annual vacations shall be paid on the same basis plus regular salary. All overtime worked on scheduled days off in lieu of Saturdays, Sundays and Statutory Holidays shall be paid at 200%.
- 2. Notwithstanding Article 12.04(g) 1, all time worked and/or travel associated with employee training shall be paid at straight time. It is understood that this clause does not apply to the employees conducting the training.

(h) **Shift Selection**

- 1. The Employer shall set shift schedules for a minimum period of 12 weeks.
- 2. Employees shall select from the available shifts as set by the Employer on a seniority basis.

3. RWWL days will be pre-scheduled in the 12 week shift period, and may be varied by mutual agreement between the employee and the Employer.

(i) Notice Of Relief

1. To provide relief coverage for unscheduled leaves of absence due to sickness, accidents, or exceptional circumstances (e.g. public announcements, major storm damage, public emergencies, etc.), the Employer will, where practical, request an employee on a 'seniority down' basis to temporarily change their shift. Where no employee voluntarily accepts such a shift change, the Employer will direct an employee to change their shift on a 'seniority up' basis. When shift employees' scheduled shifts are changed, 2 calendar days' notice will be provided. If less notice is given, up to the first two of the changed shifts, occurring consecutively, shall be at double time rates as follows:
 - (i) 48 hours' notice - no penalty;
 - (ii) 24 hours' notice - 1 shift at double time;
 - (iii) Less than 24 hours' notice - two shifts at double time.
2. Shift changes incurred by relief employees who are designated as such or shift changes requested by the employee will not be subject to overtime penalties.

In the event

of notification by the Employer of less than 14 days prior thereto, an employee who works on a designated day in lieu will be paid at overtime rates for all time worked plus regular salary for the day, and shall not be entitled to another day off in lieu thereof.

TRAINING

20.01 It is the Employer's general intent to follow a policy of promotion from within. To this end the Employer will, where practical, assist all employees to develop their capacities to a maximum degree possible in line with their present and future careers with the Employer. This assistance may be in the form of financial aid or job rotation training, mentoring, coaching, conferences or education leave or other developmental opportunities, in accordance with the following provisions. However, provision of this training assistance does not at any time imply a promise of promotion.

The Division Manager and the Union will be consulted where agreement cannot be reached.
- (d) Cases Where Full Cost of Training is Borne by the Employer

This type of assistance will be given only at the instigation of management and requires approval by the manager of the division concerned. It is agreed that where specialized group training is to be offered, such training being a requirement in new jobs to be established, the Employer will post advance notice of such training, thus providing employees with the opportunity to apply for participation in the training course. The notice will advise that placement of employees on resulting jobs will be from amongst those taking the course. It is agreed that selection of applicants for participation in the course is at the discretion of management, and similarly, that selection of appointees to newly established positions requiring this type of training will be at management's discretion without further bulletining.

- (e) Cases Where 3/4 Cost of Training is Borne by the Employer
 - 1. The Employer will bear 3/4 the cost of training in those cases where management agrees that additional training would be helpful to the individual's present performance, or desirable in preparation for possible advancement within the employee's particular field of work. Cases where the period of training exceeds a year in duration shall be reviewed annually with

respect to consideration for financial assistance. Moreover, at the Employer's discretion, consideration for assistance may be given only to one or more units of a course, and not necessarily to a course in its entirety.

2. Application will be made through the appropriate Personnel Manager by the employee's supervisor and must be approved by the Supervisor and the manager of the division.

- (c) Job rotation will not interfere in any way with the normal procedure to be followed in the filling of job vacancies as set out in this Agreement.
- (d) The selection of employees for job rotation will be the responsibility of Division Managers, but employees may apply to be considered for this training. However, employees are not obligated to accept invitations to take part in job rotation.

- (e) Selected employees will have their assignments on each job rotation reviewed with them in detail, as follows:
 - 1. The purpose of the rotation program as it applies to the individual.
 - 2. The nature of the assignments involved. This will be done by either referring to an existing job description, or by preparing a list of duties if a new position is involved.
 - 3. The period of the assignment. This will normally be 6 months. There will be a 3 month and 6 month evaluation of the employee's performance when their progress will be discussed with them.
- (f) Employees will retain affiliation with their regular positions for record purposes, and their periods of rotation will be for 6 months or less, renewable for a further 6 months by agreement with the Union.
- (g) The Employer's salary administration policy provides no impediments to a rotation program:

 - 2. An employee moving to a position which is at a level higher than their regular position will maintain their present rate or be increased to the minimum rate for the job, if the latter is higher. (If the job is later bulletined and the trainee is the successful applicant the regular salary policy for increases will apply). Upon return of the applicant to their regular job, the employee will return to the salary they would have reached had they remained on their regular job.
- (h) Employees moving from a union job to an exempt job for training purposes will retain their union status and vice versa.
- (i) The Personnel Manager, in liaison with Human Resource Planning and Development, will assist line organization in working out job rotation projects for training purposes.

Hydro, subject to departmental requirements, for the purpose of pursuing a full-time course of studies. The employee's position will be retained for the person on leave for a period of 2 years. At the end of 2 years, the employee loses the right to the employee's former position but retains bulletining rights to any posted vacancy until the end of the leave.

Re: Public Sector General Wage Increases

1. If a public sector employer as defined in s. 1 of the Public Sector Employers Act enters into a collective agreement with an effective date after December 31, 2018 and the first three years of the collective agreement includes a cumulative nominal (not compounded) general wage increase of more than 6%, the general wage increase in the 2019-2022 BC Hydro-MoveUP Collective Agreement will be adjusted on the third anniversary of the 2019-2022 BC Hydro-MoveUP Collective Agreement so the cumulative nominal (not compounded) general wage increases are equivalent. This Letter or Agreement is not triggered by any general wage increase awarded as a result of binding interest arbitration.
2. A general wage increase and its magnitude in any agreement is as defined by the PSEC Secretariat and reported by the Secretariat to the Minister of Finance.
3. For certainty, a general wage increase is one that applies to all members of a bargaining unit and does not include wage comparability adjustments, targeted lower wage redress adjustments, labour market adjustments, service improvement allocations, and is net of the value of any changes agreed to by a bargaining agent for public sector employees to obtain a compensation adjustment.
4. This Letter of Agreement will be effective during the term of the 2019-2022 BC Hydro-MoveUP Collective Agreement.

RE: SICK LEAVE CONTROL

(Refer to Art. 15)

25 June 1971

Mr. E.R. Peck, Manager
Labour Relations Department
B.C. Hydro and Power Authority
970 Burrard Street
Vancouver, B.C.

Dear Mr. Peck:

Re: Sick Leave Control (P-6/M-30)

During the present set of negotiations we have discussed Hydro's assertion that the sick leave entitlement of employees covered by our Agreement is being abused by some. You have asked the Union to consider ways in which we can assist Hydro in controlling any abuse of sick leave.

First, let me say that the Union's basic position is that employees should be permitted to take sick leave if and when they are suffering from illnesses. We would not encourage any action which would persuade employees to come to work when they suffer from illnesses which, for their good and for the good of others working near them, should require them to be absent from work.

However, on behalf of the Union, I can assure you that we do not and will not condone the abuse of sick leave by any of our members. To this end we have already agreed to certain changes to the Agreement which were requested by Hydro. In addition we would agree that Hydro should inform employees by means of bulletins of the need for using sick leave only when they are genuinely sick, and further, that a permanent bulletin to this effect could be placed on bulletin boards throughout the Hydro system. We would also undertake to counsel members who apparently are taking above average absences because of sickness.

We hope that this will convince you of our willingness to cooperate in this matter.

Yours sincerely,

R.F. Bone
President

Dear Mr. Benson:

Re: Medical and Dental Appointments

On behalf of the Union, I can assure you that we do not and will not condone the abuse of Article 15.09 of the Collective Agreement which has been negotiated to provide time off without loss of pay for "legitimate" medical and dental appointments.

The Union agrees that the Employer is entitled to as much notice as possible to facilitate replacement staff and scheduling of work. All employees should cooperate by giving as much notice as they can.

Further, we would encourage our members to make every effort to schedule their appointments on RWWL days, near the end of a working day or lunch time to help minimize the impact of medical or dental appointments.

Sincerely yours,

Statutory Holidays for employees working Project Schedules will be in accordance with Articles 12.04 (c) and (d).

Alternative schedules to those listed above may be established with the Union's prior written agreement.

The parties agree that Article 11.04(g)(1) does not apply to employees covered under this MOU.

RWWL Days

It is expected that MOU 15 employees will schedule their full RWWL day entitlement each year. RWWL days may be used to bridge short gaps in Project requirements, extend trips home and to bridge time between Projects.

6. Layoff

Layoff of temporary employees shall be conducted by project then job site on the basis of seniority, having regard for the nature of the remaining work and the ability of the employees to perform it. Seniority is defined as total accumulated service with Hydro as a member of the Union. Seniority status will expire 24 months after the Employee's last termination date.

A "Project" has a project number and a scope of work defined by the Employer with a start and end date.

7. Once per year and prior to the commencement of the Fiscal Year or upon receipt of the next Fiscal Capital Plan, pre-job conferences will be held between representatives of the Employer and the Union to discuss the year's program and matters peculiar to individual projects as detailed in Article 1.11. The following specific items will be discussed and mutually agreed as required:

a. The definition of projects and allied projects for the purposes of Article 1.06(c) 1.

An Employee moved from a project as defined to another defined project may be treated as a new hire on the project to which the Employee is transferred, and must re-establish their service for purposes of Article 1.06(c)1.

b. The length of projects for purposes of Article 1.06(c) 1.

Specific projects as defined in (a) above which will continue for periods in excess of 3 years will be described at the pre-job conference. In such instances temporary hires required to staff such project and to replace those from established headquarters assigned to such projects may be allowed for periods in excess of 3 years. In these instances temporary employees will not acquire regular status under Article 1.06(c) 11.

c. To accommodate staffing of field locations and the replacement of field assigned employees temporary promotions for extended periods may be allowed.

MEMORANDUM OF UNDERSTANDING # 16
(Previously Letter of Understanding # 28)
RE: LONG TERM DISABILITY (LTD) CLAIMS PROCESS

(Refer to Articles 15.04 and 15.05)

1. In the course of the 1993 Collective Agreement negotiations, the Union requested that the Employer establish a cooperative process for claims management when MoveUP members are experiencing unusual difficulties with their LTD Claims. For clarification, the following outlines the normal process for claims management:
 - (a) Personnel provides the employee with claim forms and related claim filing information.
 - (b) The employee obtains required medical information and completes their portion of the form and has their doctor forward the claim to Hydro's Medical Doctor who in turn forwards forms to Benefits Section.
 - (c) Benefits Section conducts an administrative review to ensure necessary forms and information are provided before forwarding material to insurance company.
 - (d) The adjudication process takes various steps from immediate acceptance (payment) of claims to varying follow-up procedures to ensure all objective medical information is on hand.
 - (e) Follow-up procedures are coordinated between Benefits Section, Personnel, and the employee.

2. To assist the MoveUP in serving its members, Benefits Section will provide the following:
 - (a) Information where a claim has been denied, or where the insurance company identifies that available objective information does not support continuation of a claim. Where the insurance company sees such events occurring, BC Hydro will request that they establish standards to ensure the provision of as much advance notice as possible. Where additional information is required, Benefits Section will coordinate discussion with the insurance company.

 - (b) In some situations benefits are temporarily suspended or delayed pending receipt of information. Most of these situations are resolved through routine communications (e.g. the employee has not responded to an information request or returned the required forms; the employee's doctor has not provided requested forms; administrative delays have occurred).

When a serious claim management concern occurs, beyond the type outlined above, B.C. Hydro will inform the Union of such.

(c) When the insurance company identifies a positive rehabilitation opportunity that addresses a difficult return to work situation, Benefits Section will advise MoveUP and coordinate through Personnel relevant information related to the return to work. Where value would be added a meeting will be arranged with Personnel, Benefits, MoveUP, and the insurance company to ensure all problem solving opportunities have been addressed.

- 3. The above captures the commitment B.C. Hydro provided to the Union in our letter dated 3 March 1993.
- 4. This Memorandum of Understanding may be changed at any time by the written mutual agreement of the Employer and the Union.
- 5. This Memorandum of Understanding shall be deemed to be incorporated into the Collective Agreement between the Employer and the Union as if set forth in full therein in writing, and shall so apply.

RE: USE OF NON-BARGAINING UNIT CONSULTANTS

The Employer will review on an annual basis its use of consultants. The information collected related to consultants who may be performing work substantially similar to that currently performed by MoveUP members will be provided to the Union and will contain detail regarding the nature and frequency of the work performed, start date and expected retention date, and whether the work performed could otherwise be performed by employees in the MoveUP bargaining unit.

Subsequent reports will detail only new consultants or new contracts not subject to the previous review. It is understood the Union is not precluded from requesting a further review of a consultant previously reported or from raising a concern with respect to any consultant at any time.

21 March 1996

Dear Mr. Watson:

**Re: Consideration of Regular Employees on Recall for FTT
Assignments**

During the course of 1996 negotiations, the Parties agreed that qualified inactive regular employees on the recall list will be considered for any FTT assignment that may arise subsequent to the commencement of the individual period of recall.

It is understood that in the event a regular employee from the recall list is hired to fill a temporary assignment, such employee will hold FTT status for the period of the FTT assignment. Any such employee shall also retain their rights and status as a regular employee on the recall list for the duration of their recall period.

During any period of FTT employment as described above, the employee shall not be required to serve the qualifying period for dental benefits (art. 10.03) nor the qualifying period for entitlement to sick leave (art. 15.03). Furthermore, regular employees working in FTT assignments shall be entitled to access their time banks and current year AV entitlements during the period of temporary employment in accordance with the terms of the Collective Agreement.

MEMORANDUM OF UNDERSTANDING # 22
RE: DRAFTER TRAINEES

This will confirm the agreement of the Parties to establish a Drafter Trainee Salary Scale formula which is comprised of the following elements:

1. Each year Hydro will determine the appropriate market start rate.
2. The scale will be constructed by creating 6-month steps, with the 24 - month step being Group 6 minimum, the 30-month step being Group 6 - Step 1, and the intervening steps between minimum and the 24 - month step being equal dollar increments.
3. Graduates from the Vancouver Vocational Institute, or its equivalent, who are placed on the training scale will be started at the 12 - month step.
4. All Trainees will progress, subject to satisfactory performance, at 6 - month intervals over a period of 30 months, ending at Step 1 of the Group 6 salary scale and thereafter in accord with the normal length-of-service increases. Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 30-month step.
5. Coincident with the establishment of a new start rate and/or a revision to the main salary scales, the salary scale shall be amended in accordance with 2 above.
6. Those employees who are identified as Trainees prior to this Agreement and whose salaries were frozen shall have their new salary determined by a retroactive restructuring of the salary scale and shall then, if appropriate, be placed at a step in the 1981 scale consistent with their period of employment as a Drafter Trainee. For those employees who would otherwise have completed their training they shall be placed at the appropriate steps in the Drafter 1 Group 6 salary scale.

Where Hydro has a requirement to fill a Drafter position, the position will be filled:

- (a) by internal promotion or bulletin; or
- (b) if there are no suitable internal candidates, then by external hire.

Where there is a requirement for a Drafter Trainee, the same procedure will be followed.

RE: REPLACEMENT OF TEMPORARY EMPLOYEES BY
REGULAR EMPLOYEES SUBJECT TO LAYOFF

(Refer to Article 9.05)

March 25, 1996

Mr. Scott Watson
Senior Business Representative
MoveUP
2nd Floor - 4595 Canada Way
Burnaby, B.C.
V5G 4L9

Dear Mr. Watson:

**Re: Replacement of Temporary Employees by Regular Employees Subject
to Layoff**

During the course of 1996 negotiations, the Parties discussed a process whereby regular employees subject to layoff would be considered for existing temporary positions at the point they elect of are designated for layoff.

Specifically, where a temporary position is occupied by a Full Time Temporary (FTT) employee and a Regular employee has elected or is designated for layoff, the Employer will terminate the FTT and allow the Regular to complete the remainder of the FTT work requirement in the following circumstances:

1. Within the Lower Mainland (up to, but not including Squamish and Abbotsford), Victoria, or Nanaimo, the FTT position is in the same department as the Regular subject to layoff; outside the Lower Mainland (including Squamish and Abbotsford), outside Victoria, or outside Nanaimo, the FTT position is in the same headquarters as the Regular subject to layoff.
2. The FTT position is expected to continue for at least 3 more months from date of layoff of the Regular employee; and
3. The Regular has the prerequisite qualifications or an equivalency for the FTT position; and
4. The Regular has the ability to perform the FTT position.

Where the above criteria is met and more than one FTT position is identified, the FTT employee in the position with the longest expected duration from the date of layoff of

the Regular employee shall be terminated, with the Regular assuming the remainder of the work requirement.

The Regular employee shall hold FTT status for the period of the FTT work requirement. They shall also retain their rights and status as a Regular employee on the recall list for the duration of their recall period.

On an exception basis, where the termination of the FTT and assumption of the remainder of the work requirement by the Regular employee would have significant impact on the business of the department, the details and impact of such will be reviewed with the Union, and the Employer may elect not to proceed with the termination of the FTT employee identified.

MEMORANDUM OF UNDERSTANDING # 24
RE: TRAINING SITUATIONS

1. INTRODUCTION

Normally, an employee receives their training and experience by being promoted through a series of established jobs for which separate and distinct job descriptions exist. The employee's progression from one job to another will occur when an opening exists and management determines that the employee is capable of performing the duties and responsibilities of the higher rated job.

In some situations, however, an employee is advanced through a series of progressively higher grouped jobs between which job evaluation can discover no significant difference in the duties, responsibilities and job demands. These jobs were created to allow employees to be trained for a specific job which the employee will eventually occupy, an "end" job. Under the old job evaluation system, separate job descriptions and job groups were established with relatively minor distinctions to create and deal with this type of training situation.

Minor differences in duties, responsibilities and job demands which previously resulted in different job ratings or job groupings may not be recognized under the new plan. Under these circumstances, the result will be that single job description describing the "end" job will be produced to cover all jobs in the present multi-level job structure.

When the need for a "Training Situation" is identified, Management will define the duties and responsibilities of the "end" job. A job description will be prepared for the "end" job only. This will be evaluated by the Job Evaluation Section (and will be subject to appeal as in all other job evaluation situations). Selections to training situations will be in accordance with Article 7.10 of the Collective Agreement and will include an assessment of the applicant's ability to perform the "end" job.

2. DEVELOPING A TRAINING SCALE

- (a) The time span of the training scale leading from the start rate to Minimum of the "end" job will be the number of months (rounded to the nearest six months) of elapsed time to acquire the requisite knowledge and skills under the Previous Practical Experience (PPE) factor as determined in evaluating the "end" job.
- (b) The start rate will be determined by subtracting the number of years elapsed time under PPE from the job group of the "end" job, and will be the Minimum of the resulting job group salary scale.

(Example: "End" job Group 9
 Elapsed time PPE 24
 months
 $9 - 2 = \text{Group 7 Minimum start rate}$)

However, where the rounded elapsed time PPE involves a half-year period, the start rate will be Step 1 of the appropriate salary scale.

(Example: Group 9 "end" job
 30 months elapsed time off
 $\text{start rate} = 9 - 2 \frac{1}{2} = 6 \frac{1}{2}$
 $= \text{Group 6, Step 1}$)

- (c) The training scale will be constructed by dividing the dollar difference between the "end" job minimum and the start rate by the number of 6 month periods contained in the training period established in (a) above. The first such increment shall be the six month step, the second the 12 month step, etc., until the salary steps reach the Minimum of the "end" job salary scale.

3. PROGRESSION THROUGH THE SCALE

- (a) A trainee who enters the scale at the start rate will, subject to satisfactory performance, advance to each subsequent training salary step at 6 month intervals based on their date of appointment to the training scale. Upon completion of the training, the employee will be placed at the Step 2 of the "end" job salary scale. The employee will then be subject to progression within the salary range established for this job group in accordance with the Collective Agreement.

Note: the following is an example based on February 1, 2019 bi-weekly rates of the Design Tech Trainee Salary Scale which is a 24 month program.

Start: Group 8, Min
 End: Group 10,
 Step 2

Effective	Start	6 Mo	12 Mo	18 Mo	24 Mo
<u>February 1, 2019</u>	<u>\$1,961.36</u>	<u>\$2,115.44</u>	<u>\$2,269.52</u>	<u>\$2,423.60</u>	<u>\$2,577.69</u>
<u>April 1, 2019</u>	<u>\$2,000.59</u>	<u>\$2,157.75</u>	<u>\$2,314.91</u>	<u>\$2,472.07</u>	<u>\$2,629.24</u>
<u>April 1, 2020</u>	<u>\$2,040.60</u>	<u>\$2,200.91</u>	<u>\$2,361.22</u>	<u>\$2,521.53</u>	<u>\$2,681.82</u>
<u>April 1, 2021</u>	<u>\$2,081.41</u>	<u>\$2,244.92</u>	<u>\$2,408.43</u>	<u>\$2,571.94</u>	<u>\$2,735.46</u>

- (b) An internal applicant whose salary is greater than the trainee start rate shall retain their existing salary and their salary will be red-circled until such time that the trainee salary scale exceeds their salary at which time they will be placed on the trainee salary scale and their salary will progress as per 3(a) above. They shall continue to receive general wage increases while their salary is red-circled. If upon graduation their salary exceeds the graduation rate (Step 2 of the end job group) they shall be placed on the closest higher step of the end job group.
- (i) Subsequent salary progression will be in accordance with normal length-of-service increases, with the employee's length-of-service date determined based upon the date they reach the end rate of the training scale.
 - (ii) A full time temporary employee who returns to their base position after their temporary opportunity in the trainee program is finished is eligible for any Length of Service increases they may have missed while in the trainee program.
 - (iii) Employees who successfully bid into a full time regular position after completing the trainee program through temporary positions will enter the full time regular position at step 2 of the salary scale.
- (c) If a person having suitable experience is appointed to a training situation, management may place them in any training step judged to be appropriate to their applicable experience.
- (d) It is the intent of the Parties that employees should not remain on training scales for an indefinite period of time. To this end, any case in which a trainee is judged to be incapable of being trained to perform the end job in a satisfactory manner will be handled according to its merits.

MEMORANDUM OF UNDERSTANDING # 28
RE: JOB SHARING

Definition

Job sharing is defined as dividing all the functions of one full-time regular position between two regular employees (including previous regular employees with post-maternity bulletining rights) or one Full Time Temporary, each of whom works part-time in a manner that provides full-time coverage for the position. The supervisor is responsible for communicating the requirements of the job to both employees.

1. Procedure

- (a) A Regular employee wanting to job share may request the supervisor to consider a proposal for a job sharing arrangement. The regular employees must be the incumbent in the position and the other regular, or a full time temporary status employee must enter the position by virtue of either a lateral transfer or a voluntary demotion. (Notwithstanding this, an employee can receive a promotion into a job sharing arrangement if they bid on a bulletined job share position as contemplated in point (b) below.) In making a submission it is important that both employees realize they are entering a partnership. Their proposal must provide information on the qualifications and experience of each proposed partner and give details on how the arrangement will ensure the work is efficiently and effectively completed. Details which must be considered in the submission include:
 - (i) which functions will be shared and which functions will be performed by only one partner;
 - (ii) how work load priorities will be determined on an on-going basis, and how these priorities will be communicated between partners to ensure nothing is missed;
 - (iii) preferred work schedule of each partner, preferred start date; and
 - (iv) other information required by the supervisor or by the job itself.
- (b) If the incumbent in the regular full-time position has been unable to attract a suitable partner, the Employer will assist the employee in the search for a suitable partner by advertising the opportunity company-wide; with reference to eligibility limited to regular employees (including previous regular employees with post-maternity bulletining rights) and full time temporary employees. Selections for job sharing will be made on the basis of Article 7.10(d).

- (c) Proposed job sharing arrangements will be discussed with the appropriate Personnel Office and for each job sharing arrangement there must be a written understanding signed by each employee participating and the employee's supervisor, with a copy to the Union.

Subject to operational efficiency, requests for job sharing shall not be unreasonably declined by the Employer.

- (d) Employees entering into job share arrangements will not be eligible for travel allowances or moving expenses at the commencement of a job share.

2. Job Sharing Conditions

- (a) Full-time regular or full-time temporary employees who enter a job sharing arrangement change their status to part-time regular.
- (b) Notwithstanding Article 1.06(b) 2, employees may be requested to relieve for each other at straight time rates unless the hours of work of the relieving employee exceed 7.5 hours per day or 37.5 hours per week.
- (c) Notwithstanding Article 1.06(b) 7, and Article 14.03, employees in a job sharing arrangement will be entitled up to 2 weeks leave of absence without pay annually. The two weeks may be taken in unbroken sequence.
- (d) Employees in a job share arrangement may elect to attend meetings such as Departmental Meetings, Training Courses, Joint Union/Management Committee Meetings, etc., without such hours being included in the total hours of the two job share partners. Such time will be considered time worked, however will not trigger the overtime provisions unless the hours of the individual exceed 7 1/2 per day or 37 1/2 in the week. Under these circumstances, employees will be paid a minimum of 2 hours at straight time.
- (e) Multiple job share partners working in a department may elect to work additional hours to their normal job share scheduled, in order to cover off an absence from work of another job share employee. Such hours must be approved by the Department Manager and must not, when totaled with all other job share hours in the department, exceed the total number of job share hours allotted to job share arrangements working in that department. The only exception to this will be when the total number of job share hours has been increased as a result of (1) above.

3. Termination of the Job Sharing Arrangement

- (a) If the job sharing arrangement is terminated by the Employer, 30 days written notice must be given to the affected employees with a copy to the union.
- (b) Should the job sharing arrangement be terminated by the Employer, the job sharing partner who originally held the position will again assume that position. The provisions of article 9 will apply to the other incumbent.

If the original incumbent declines the full-time regular position, then the remaining partner will be offered the job and the provisions of article 9 will apply to the original incumbent. If the remaining partner declines, the position will be bulletined and the provisions of article 9 will apply to this remaining partner.

- (c) An employee may only vacate the job share due to transfer or termination. In this event, the other employee will assume the position on a full time basis, and may elect to initiate a new job share partnership starting as per 1 above. The Union will be notified by the Employer upon the termination of a job share arrangement.

4. This Memorandum of Understanding may be changed at any time by the written mutual agreement of the Employer and the Union.

5. This Memorandum of Understanding shall be deemed to be incorporated into the Collective Agreement between the Employer and the Union as if set forth in full therein in writing, and shall so apply.

MEMORANDUM OF UNDERSTANDING # 39
RE: SICK LEAVE WHILE ON ANNUAL VACATION

7 August 1997

(Refer to Articles 14 and 15)

Mr. S. Watson
Senior Business Representative
Canadian Office and Professional Employees'

Dear Mr. Watson:

This is further to our discussions with respect to the application of sick leave once an employee has commenced Annual Vacation, as well as the application of sick leave with respect to scheduled RWWL days.

The Union agrees to recognize B.C. Hydro's practice in the application of sick leave once an employee has commenced Annual Vacation, which is to defer Annual Vacation when serious disability or illness, certified by a doctor, occurs after the commencement of Annual Vacation and the Annual Vacation has been scheduled for longer than five days.

It is understood and agreed that such deferral of Annual Vacation for serious disability or illness does not apply in cases where the Annual Vacation has been scheduled for a period of five days or less and the employee has already commenced their vacation.

With regards to the application of sick leave and RWWL days, the Parties agree that the following principles will be applied:

1. When sickness occurs after quitting time of a given working day but before starting time on the immediately following normal working day which is a scheduled RWWL day, such RWWL day will be taken and recorded as such.

2. When a person is off sick on the working day before a scheduled RWWL day, or sickness occurs during the working day before a scheduled RWWL day, and should the sickness continue into or through the scheduled RWWL day, the time will be recorded as sick leave and the RWWL day shall remain in the employee's Article 11.10 (a) time bank and may be rescheduled at a later date.

Yours truly,

Susanne Matheson

RE: APPLICATION OF ARTICLE 7.10(g)

With respect to the language found in Article 7.10(g) which reads "...Where an employee who bids laterally on the same position they currently hold does not possess the required educational qualifications, they shall be deemed to possess such qualifications...", the Parties agree to the following:

It is understood that this language was not intended to "automatically" apply to temporary employees nor regular employees temporarily holding positions other than their regular positions. Notwithstanding this, it is further understood that although these employees are not "automatically" deemed to meet the educational requirements by virtue of this language, they may be otherwise deemed to possess such qualifications through an appropriate assessment. Any equivalencies applied in these circumstances shall be applied in a fair and consistent manner.

MEMORANDUM OF UNDERSTANDING # 44

RE: RESPECTFUL WORKPLACES

1. BC Hydro and MoveUP, (the “Parties”) are committed to providing a workplace that maximizes each employee’s contribution to the success of the corporation to the greatest extent possible. The purpose of this Memorandum is to promote respectful behaviour and to prevent disrespectful behaviour within BC Hydro’s workplace wherever possible.
2. Employees are responsible for conducting themselves within the spirit and intent of this Memorandum and for contributing to a workplace free of harassment and disrespectful behaviour.
3. Managers will foster in their areas a working environment where harassment and other disrespectful behaviours as defined in this memorandum are not tolerated, and will take timely action whenever they have knowledge of these behaviours.
4. BC Hydro is committed to providing tools and training to employees and managers to provide them with information, tools and processes for resolving issues that arise under this memorandum.
5. Retaliation against an individual for making a complaint or participating in a resolution process under this Memorandum is prohibited. Such retaliation shall be considered a form of harassment and shall be dealt with through this Memorandum.
6. The parties to this Memorandum agree to handle matters arising within it under the strictest confidentiality.
7. Definitions
 - (a) *Respectful Workplace Behaviour*:
 - Respectful behaviour is being considerate and compassionate of others; it also includes treating others with dignity and respect while communicating openly and honestly.
 - Respectful behaviour in the workplace is work-focused, professional and in keeping with BC Hydro’s Core Values and BC Hydro’s Respectful Workplace Policy.
 - Respectful Workplace Behaviour includes legitimate performance management or disciplinary conversations between managers and their employees. It also includes changes to the work, duties, or working conditions, setting workload and deadlines, and work evaluation.

- All BC Hydro employees, contractors and managers are expected to exhibit respectful workplace behaviour in the course of performing their duties for or on behalf of BC Hydro.

(b) *BC Hydro Workplace:*

- A “BC Hydro Workplace” includes any offices, plants, stations, or other physical facilities where work is performed by BC Hydro employees or contractors.
- It also may include any place where there is a link between work performed by BC Hydro employees, or on behalf of BC Hydro, and an employee or contractor’s activities.

(c) *Disrespectful Workplace Behaviour:*

- Disrespectful Workplace Behaviour can be viewed as the opposite of Respectful Workplace Behaviour. There are four types of disrespectful behaviour that are unacceptable in BC Hydro’s workplaces:
 - (i) Personal Harassment (including bullying): Conduct or comment, which a reasonable person would consider to be:
 - Objectionable;
 - Directed towards a specific person or group;
 - Serves no legitimate work purpose, and;
 - Has the effect of creating an intimidating, humiliating or offensive workplace.

This does not include actions taken in good faith while exercising managerial/supervisory rights and responsibilities (e.g. performance reviews and performance management).

Personal harassment (including bullying) may occur during one incident or over a series of incidents. Some actions may not be considered harassment unless repeated.

- (ii) Sexual Harassment: Unwelcome conduct or comment of a sexual nature that detrimentally affects the work environment or leads to adverse job-related consequences. Conduct of a sexual nature includes, but is not limited to:
 - Sexual or physical assault;
 - Propositions in exchange for workplace favours;
 - Derogatory or degrading remarks of a sexual nature or regarding gender or sexual orientation;
 - Sexist jokes causing embarrassment or offence told or carried out after the joker has been advised that they are embarrassing

or offensive, or that by their nature, would be understood by a reasonable person to be embarrassing or offensive;

- Unwelcome sexual flirtations, advances or propositions, sexually suggestive or obscene comments or gestures, leering;
- Other like behaviour.

This definition of sexual harassment is not meant to inhibit interactions or relationships based on mutual consent or normal social contact between employees.

(iii) Workplace Violence: The attempted or actual exercise by a person of physical force within the context of work so as to cause injury to a worker, and includes any threatening statement or behaviour which gives a worker reasonable cause to believe that the worker is at risk of injury.” (refer to OSH Standard 802)

(iv) Discrimination: Discrimination is any objectionable or unwelcome conduct or comment in respect to a prohibited ground as listed in the BC Human Rights Code: These grounds are:

- Race;
- Colour
- Ancestry;
- Place of Origin;
- Political Belief;
- Religion;
- Marital Status;
- Family Status;
- Physical or Mental Disability;
- Sex;
- Gender Identity or Expression;
- Sexual Orientation;
- Age; and
- Criminal or summary conviction offence unrelated to the employment or intended employment of that person.

As with Disrespectful Behaviour, Discrimination is not tolerated at BC Hydro. Disrespectful Workplace Behaviours may be a part of, or a form of, Discrimination when based on a ground listed above.

(d) Whether or not conduct is seen as “disrespectful” will depend on the circumstances of each case. In most cases, the complainant must expressly reject the conduct or object to the conduct in order to complain about it. In other cases, it will be sufficient if the individual engaging in the behaviour knows or ought to have known that the conduct is unwelcome

8. Resolution Procedures

Employees who believe they are experiencing disrespectful conduct directed towards them or another colleague have a number of options to assist in resolving the matter.

(a) *Employee Self-Help Resources*

- i) **Employee-to-Employee:** Employees who believe they are experiencing disrespectful conduct should first, where possible, discuss the matter directly with the employee(s) involved.
- ii) **Employee-to-Manager:** Employees who believe they are experiencing disrespectful conduct but are not comfortable dealing with the employee(s) directly should raise the matter with their manager. If the employee believes they are experiencing disrespectful conduct with their manager, they should raise it to their manager's superior. If the employee believes they are experiencing disrespectful conduct with a manager other than their own they should raise it to their manager. In any case, an employee may alternatively raise it to their area's Human Resources Business Partner (HRBP). Employees who are not comfortable in raising their concern with their manager or HRBP may consult with a Union representative for guidance.
- iii) **Respectful Workplace Coordinator:** Employees may also consult with BC Hydro's Respectful Workplace Coordinator at any point in the process. Participation in any of services offered by the Respectful Workplace Coordinator is voluntary for all employees. First-time consultations will be kept confidential unless the matter is escalated to BC Hydro management or unless the same employee(s) request assistance of the Respectful Workplace Coordinator a second time.

(b) *Internal Investigations*

- (i) Employees who believe that they have been subjected to disrespectful behaviour are encouraged to resolve the issue. This may be by speaking with the person(s) first or requesting help from a manager, HRBP, Union Representative, or Respectful Workplace Coordinator. In the alternative, employees may request an Internal Investigation into the matter by contacting the Respectful Workplace Coordinator.

- (ii) An Internal Investigation will also occur without the need for a request by an employee if a manager becomes aware of potential disrespectful behaviour as defined in this Memorandum.
 - (iii) The purpose of an Internal Investigation is to determine whether or not there has been a violation of Section 7 (c) (Disrespectful Workplace Behaviour) of this Memorandum. Ideally employees and manager will use “Self Help Resources” (Section 8(a)) to find a resolution to the issue.
 - (iv) The Respectful Workplace Coordinator will notify the Manager – Employee Relations and the appropriate HR Team Lead of the request or need for an Internal Investigation. Employee Relations will notify the appropriate MoveUP Union Representative(s) of the matter prior to the commencement of an investigation.
 - (v) The appropriate HR Team Lead will designate an HRBP who will conduct the Internal Investigation and will determine appropriate resources or support people in gathering information and evidence. The manager(s) responsible for the area(s) involved will be informed of the investigation.
 - (vi) Upon completion of the investigation, the HRBP will write a detailed report of their findings identifying whether or not there has been a violation of Section 7 (c) (Disrespectful Workplace Behaviour) of this Memorandum, and send a copy of this report in the strictest of confidence to the HR Team Lead, the Respectful Workplace Coordinator, the Manager - Employee Relations and the MoveUP Union Representative(s) involved in the investigation.
 - (vii) The HRBP and a manager will meet with each of the Complainant(s) and Respondent(s) along with their Representatives to advise them of the findings and implications, both verbally and in writing via a letter summarizing the findings of the investigation. The Complainant(s) and Respondent(s) will not receive a copy of the full report.
 - (viii) Following the investigation, the Respectful Workplace Coordinator will debrief individually with the Complainant(s) and Respondent(s) along with their Representatives to consider further options for understanding and/or resolution.
- (c) *External Review and Investigation*
- (i) If one or more employees involved in an Internal Investigation disagree with the findings of the HRBP, they may file a request for an External Review within ten (10) days of receiving the written results of the Internal Investigation.

- (ii) BC Hydro may forego an Internal Investigation and ask an External Complaint Officer to conduct an External Investigation into the matter. An External Review is a review of the evidence and the Internal Investigation results. An External Investigation is an investigation conducted by a non-BC Hydro employee. Both are conducted by an External Complaint Officer. In both cases the Respectful Workplace Coordinator must be contacted to request an External Investigation of Review. Where this matter involves a unionized employee, BC Hydro will consult with the appropriate MoveUP Union Representative(s) prior to selecting the External Complaint Officer.
- (iii) When an External Review takes place, the External Complaint Officer will:
- Review all documents made during the Internal Investigation;
 - Meet once with each participant in the Internal Investigation to hear their evidence;
 - Meet with additional witnesses if they decide it is required;
 - Not be confined to reviewing the findings of the Internal Investigation;
 - Conduct further investigation as they deem appropriate; and
 - Determine whether or not the findings of the Internal Investigations are supported by the evidence collected.
- (iv) In both an External Review or Investigation the External Complaint Officer will issue a report of their findings to the CHRO, Manager – Employee Relations, the Vice-President(s) for the area, the HR Team Lead(s) for the area(s) involved in the matter, the Respectful Workplace Coordinator, and Union Representative(s) involved in the investigation.
- (v) The HRBP and a manager will meet with each of the Complainant(s) and Respondent(s) along with their Representatives to advise them of the findings and implications, both verbally and in writing via a letter summarizing the findings of the investigation. The Complainant(s) and Respondent(s) will not receive a copy of the full report.
- (vi) The Respectful Workplace Coordinator will debrief with the Complainant(s) and Respondent(s) to understand the findings and consider further options for understanding and/or resolution.
- (d) *Issue Resolution*
- (i) Following the completion of any investigation or review, the manager(s) for the area(s) involved in a Respectful Workplace matter will meet with the Respectful Workplace Coordinator and the appropriate HR Team Lead to review the needs of the work groups affected by the findings and to put into place any steps that must be taken to ensure

that the area is productive and free of disrespectful behaviour in the future. Where this matter involves a MoveUP member, BC Hydro will consult with the appropriate Union Representative(s) prior to making this decision.

- (ii) If appropriate, the Respectful Workplace Coordinator, Manager, Supervisor and/or HRBP will meet with the Complainant(s), Respondent(s) and their Representatives together when working towards resolving an issue.

If there are findings that Section 7(c) (Disrespectful Workplace Behaviour) of this Memorandum was violated by one or more individuals, the HRBP and manager, in conjunction with Employee Relations and the HR Team Lead, will determine an appropriate remedy. Where this matter involves a Unionized employee, BC Hydro will consult with the appropriate MoveUP Union Representative(s) prior to making this decision.

(e) *Issue Follow-up*

- (i) Within six months following the conclusion of an Internal Investigation, External Review or External Investigation, the Respectful Workplace Coordinator will contact the Manager / Supervisor (s) responsible for the area(s) where the issue arose and the Union Representatives involved in the matter, and will follow up on the outcome of the report and the current state of the workplace subject to investigation. The Respectful Workplace Coordinator will document this conversation and provide a summary to the HR Team Lead and the Manager - Employee Relations.

9. The Respectful Workplace Coordinator will supply BC Hydro and the Union with a report of all first time cases and investigations every six months listing the number of employees and the types of cases.

10. This Memorandum of Understanding is deemed to be incorporated into the Collective Agreement between the Employer and the Union.

- e) Any time spent in travel by public carrier prior to or following the normal day's work will be paid for as time worked, except that where overnight travel is required, and sleeping accommodation is available, the hours between 24:00 and 08:00 will not be paid.
- f) The Employer shall pay all reasonable expenses incurred by an employee when traveling at the request of the Employer on Company business, including but not limited to air travel, and other means of transportation, accommodations, meals and other expenses directly related to such travel requirements.

2. Christmas Shutdown

- a) It is understood and agreed that the Employer may schedule a shutdown of its operations between the Christmas and New Year's Holidays in any year. Such vacation shut down may be preceded by the weekend prior to Christmas Day and the weekend following New Year's Day.
- b) In the event that the Employer implements a shutdown during the Christmas period, an Employee may request and receive a combination of time off, for any of the days the Employee would have normally worked during the period of the shutdown which are not covered by Paid Holidays, in accordance with the following:
 - i) unused annual vacation entitlement;
 - (i) banked time, banked overtime and/or days in lieu;
 - (ii) time off without pay.
- c) The Employer shall provide all Employees with a minimum 90 calendar days prior written notice of a planned Christmas Shutdown.
- d) Where the Employer has a requirement for work to be performed during a Christmas shutdown period, the performance of such work by any Employee shall be subject to the following:
 - (i) The Employer shall ask, in seniority order, from highest to lowest, the Employees who normally perform the available work if they want to work during the Christmas Shutdown and those Employees who accept shall be scheduled to work the required days;
 - (ii) If the Employer is unable, pursuant to the above, to secure sufficient personnel to meet the work requirements, the Employer shall have the right to schedule Employees in reverse order of seniority, from lowest to highest, who normally perform the available work to work during the Christmas Shutdown period.
- e) Any Employee who is scheduled to work any Statutory Holiday during any Christmas Shutdown period and who, without adequate reason, does not work shall not be entitled to any pay beyond that normally received for such Statutory Holiday(s).

- f) The Employer shall give at least 10 working days' notice to each Employee who is scheduled to work, in accordance with the provisions of this section, during a Christmas shutdown. This provision shall not apply to circumstances beyond the control of the Employer.

MEMORANDUM OF UNDERSTANDING # 48
RE: INITIAL IMPLEMENTATION AND ONGOING MAINTENANCE OF
PAY EQUITY JOB EVALUATION

Whereas the Parties agree that this Memorandum of Understanding will govern the settlement of grievances #18-96 (96.0059) and # 91-95 part 2 (95.0241), where applicable: and, whereas it is agreed the provisions of article 9 do not apply to the implementation and ongoing administration of the Pay Equity Job Evaluation Plan, except with respect to matters that are not expressly provided herein,

the Parties agree to the following:

1. The Parties agree that each provision of this Memorandum will only apply with respect to emerging jobs derived from or superceding the originating job, unless otherwise agreed by the Parties.
2. This Memorandum stands alone and the Parties agree that its provisions cannot be relied on in any dispute with respect to the interpretation or application of any other provision of the Collective Agreement. It is confined to those issues defined as falling within its terms.
3. Disputes arising under this Memorandum will be addressed in an expedited process by reference to one of the following mediator/arbitrators to be chosen from the list of arbitrators referenced in Article 3.11. The process will be informal and decisions that cannot be reached by consensus will be made by the mediator/arbitrator and will be final and binding. The mediator/arbitrator will be selected for disputes by rotation or by mutual agreement provided that the mediator/arbitrator selected agrees to hear the dispute within 7 working days and to publish any decisions required within 72 hours of having completed the hearing. Decisions will not be precedential; will be brief; will be confined to findings of fact, brief analysis and the result.
4. Where there are *multi-incumbents* in the same job within a department (a department for purposes of this memorandum is the same as referred to in Article 7.10(a)) and as a result of applying the Pay Equity plan for *one or more but not all* the incumbent's positions are to be *upgrouped*, it is recognized that no candidate has a vested right to the upgrouped job. B.C.Hydro will apply the process outlined in Article 7.10(a) among the multi-incumbents. Where there is an increase in position(s) or if there is an existing vacancy they will be filled using the process outlined in Article 7.10(a) or (b). Selections will be based on Article 7.10(d).
5. Where there are *multi-incumbents* in the same job within a department and as a result of applying the Pay Equity plan *one or more but not all* the incumbent's positions are to be downgrouped, the decision as to which incumbent(s) will remain in the higher position will be addressed under the expedited

mediation/arbitration process set out in this Memorandum. In the circumstances where this paragraph applies, the determination of which incumbent will remain in the higher position will be based upon a sufficient ability test, with the result that the senior incumbent who has the sufficient ability to perform the work in the higher position will be entitled to that position and the junior employee will assume the lower level position. Where the senior incumbent does not have the present sufficient ability to perform all of the work in the higher position, but would have such ability had they been given a specific training opportunity that was provided to a junior employee in the same job, the senior employee will be offered the same training with the condition that the training is successfully completed within a 90 day calendar period. (As per LOA #4 re: Interpretation of MOU #48 - February 2000).

6. Where there are *single or multi-incumbents* in the same job within a department and as a result of applying the Pay Equity plan all the incumbents positions are either *upgrouped, downgrouped or remain at the same level* they will all be assigned to the job.
7. Where there is a *single incumbent* in a job within a department and duties are added, deleted, or otherwise changed and either a different existing title is required at the *same level or different level* or a new job is created at the *same level or different level*, then providing the emerging job is derived from the originating job or supercedes the originating job or if the Parties otherwise agree, and providing the incumbent has the present ability to do the job they shall assume the position. In the event the individual does not have the present ability and cannot achieve the necessary level of ability with training, in a reasonable period of time, the individual will be displaced.
8. Where there are *multi-incumbents* in the same job within a department and duties are added, deleted or changed in one or more but not all positions and either a different existing title is required at the *same level* or a new job is created at the *same level*, then provided the emerging job is derived from the originating job or supercedes the originating job or if the Parties otherwise agree, the incumbent with the greatest seniority and present ability to perform the job shall be offered the position first. In the event none of the incumbents in the originating job elect to fill the emerging job, the incumbent with the least seniority and present ability would assume the job. If none of the incumbents has the present ability and cannot achieve the necessary level of ability with training in a reasonable period of time, the most junior individual(s) will be displaced.
9. Where there is a *single incumbent* in a job within a department, pursuant to Article 9.16(a) and (b) the incumbent may be transferred from their current job to a job *at another headquarters* having the *same level* but a different job title and job code, provided the emerging job is either derived from or supercedes the originating job.

10. Where there are multi-incumbents in the same job within a department and pursuant to Article 9.16(a) and (b) one or more but not all of the incumbents are to be transferred from their current job to a job at another headquarters having the same level but a different job title and job code, then providing the emerging job is either derived from or supersedes the originating job, the incumbent with the greatest seniority and present ability to perform the job shall be offered the position first. In the event none of the incumbents in the originating job elect to fill the position, the incumbent with the least seniority and present ability would be directed.

MEMORANDUM OF UNDERSTANDING # 50
RE: PAYOUT OF TIME OFF BANK UPON CHANGE OF STATUS
FROM/TO FTR TO/FROM PTR

The Union and the Employer (hereinafter referred to as the "Parties") hereby agree to the full and final settlement of the Payout of Time Off Bank When Changing Employee Status from FTR to PTR Grievance (Union #97.0054/BCH #48/96) upon the following terms and conditions:

1. An employee who changes status from FTR to PTR or vice versa will maintain their time off bank accumulated under Article 11.10 (a). This time off bank does not include current year Annual Vacation.
2. **Changing Status from FTR to PTR.**

PTR employees are automatically paid a bi-weekly percentage for AV, RWWL and Statutory Holidays as outlined in Article 1.06(b) 7 & 8. This percentage payment will be applied to time scheduled off as a PTR. It is understood that when changing status from FTR to PTR, Pay Department will make a one-time adjustment to the number of days in the employee's time off bank earned as a FTR such that when a day is taken from the time off bank as a PTR and the bi-weekly percentage is applied, the amount paid out as a PTR equates that which was earned as an FTR.

The benefit calculation formula used in determining the appropriate bi-weekly percentage is: $\{(AV\% + 4.8\%) \times 1.07\} + 7\%$ where the AV% is based on the employee's years of service, 4.8% is the percentage for statutory holidays, and 7% is the percentage for RWWL days. Because AV and Statutory holiday pay form part of gross bi-weekly earnings as per Article 1.06(b)(8), these amounts are multiplied by 1.07 to ensure RWWL is paid on earned AV and Statutory holiday pay.

For example, an employee with 5 years of service will have a bi-weekly percentage of 18.13% applied to their pay upon changing status to PTR. If such employee had 20 days in their time off bank, upon change of status to PTR, their time off bank will be adjusted to 16.93 days (20 days divided by 1.1813). This adjustment will keep the employee whole as the employee's bi-weekly percentage will automatically be applied back to their pay when the employee utilizes time from their time off bank.

3. **Changing Status from PTR to FTR.**

When changing status from PTR to FTR the employee's time off bank will be increased by the amount of the employees' applicable bi-weekly percentage.

4. Any request by an employee to have their time off bank paid out in cash will be made as per Article 11.10 (c).
5. This agreement also applies to an employee who changes status from FTT to PTR. The provisions of point #2 above will apply in this case.
6. This agreement does not apply to an employee who changes status to or from that of a Casual. It is understood that for an employee who changes status from FTR, PTR or FTT to that of Casual, that the employee's time off bank will be paid out in full. Similarly, should a Casual employee accumulate a time off bank and then change status to FTR, PTR or FTT, their time off bank will be paid out in full.

RE: SELF-FUNDED SABBATICAL LEAVE**

During the 1997 round of negotiations the Parties agreed to provide regular MoveUP members the opportunity to participate in a self-funded sabbatical leave program. The details of the program are the same as what is offered to Management and Professional staff at B.C. Hydro and will be provided to an employee upon their request.

Subject to the application of Article 9, at the end of the leave the employee will return to the regular position they held immediately prior to their departure. In the event that an employee on a leave pursuant to this memorandum would have been displaced 'but for' the leave, the employee will be subject to Article 9 but will not receive their Article 9 options until their return to work date, unless otherwise agreed to by the Parties. The employee is to contact the Employer at least 14 days in advance of their return to work date to confirm their return to work.

The program that is in effect for Management and Professional staff on the date of ratification of the Agreement shall remain in effect for MoveUP affiliated employees for the term of this Agreement.

MEMORANDUM OF UNDERSTANDING # 54
RE: MoveUP AND BC HYDRO'S LABOUR RELATIONS FORUM

This Memorandum of Understanding sets out the basis for establishing and maintaining an ongoing Labour Relations Forum (Forum) between MoveUP, Local 378 of the Canadian Office and Professional Employees Union, and BC Hydro.

It is understood that a more favourable relationship cannot be simply negotiated or mandated, it must be developed together by the parties to the relationship. However, the parties recognize that without a shared relationship philosophy, it will be difficult to improve the current relationship. Representatives of MoveUP and BC Hydro therefore acknowledge the need to work jointly with each other and with their principals toward the development of a more harmonious relationship.

The MoveUP and BC Hydro also recognize that many factors, both internal and external, have created and will continue to create new challenges to an effective working relationship. The parties therefore wish to set out the principles and guidelines for the establishment of the Forum and to identify the ways in which the MoveUP and BC Hydro intend to address certain labour relations issues on an ongoing basis. Nothing in this document is intended to abrogate any rights presently held by either party. The parties also recognize that in striving to meet their objective of establishing a stable and productive working relationship, periodic amendments to this document may be required from time to time.

One of the objectives of establishing this Forum will be to have a mechanism in place to respond to certain issues raised by either party which, if not dealt with in a timely fashion, could adversely affect the relationship between the parties. The parties recognize the importance of developing a consultative Forum for purposes of securing and maintaining a Collective Agreement that reflects the ongoing needs of the parties bound by it and which seeks to build labour relations stability within BC Hydro.

1. Working/Problem Solving Sessions

A consultative Forum (known as the Labour Relations Forum) will be established, maintained, and scheduled, to enable the parties to deal with certain issues for the purpose of improving the Labour Relations environment within BC Hydro. This Forum will consist of regularly scheduled meetings between the parties, and other such meetings as required, with the expectation that there would be no less than eight meetings per year.

2. Representation

There will be two designated senior representatives assigned from each party, one of which will be the President, MoveUP (or designate), and the other, the Manager, Labour Relations, BC Hydro (or designate). The designated representatives will coordinate their respective agendas and will work toward the resolution of issues brought forward. Other participants may be brought in by the parties on an "as required" basis to act as a resource in helping resolve the issues being addressed.

3. Issues to be Addressed

Issues brought forward by the parties may include, but not be limited to, the following: proposed changes to the collective agreement; mutually agreed unresolved issues from the most recent round of collective bargaining; other mutually agreed non-bargaining issues from either party; and, business focused operational issues that have a labour relations impact. Issues brought to the Forum will be discussed on an informal and without prejudice basis, and categorized as being: (1) potentially resolvable within the Forum; (2) not resolvable within the Forum; (3) referable to collective bargaining; and (4) set aside with reasons to the initiator. Every effort will be made to deal with “resolvable issues” as expeditiously as possible. In regard to such issues, the parties will endeavor in good faith to arrive at resolutions without external assistance. However, the parties agree that some “resolvable issues” may require third party assistance, and the parties will therefore appoint a mediator from the list referenced in Article 3.11.

4. Resolution Implementation

Resolutions to issues that involve changes to the Collective Agreement shall be announced and implemented as the parties determine. It is understood that some resolutions may require a ratification procedure.

5. Communications

Communication of Forum resolutions will be jointly coordinated. To that end, the parties will keep joint minutes. In addition, each party will be free to engage in direct communications with their respective constituents, with a copy of such communiqués being sent to the other party.

Labour Relations Forum: Collective Bargaining

- Except in relation to proposed changes to the Collective Agreement, the Forum will continue its activities during periods of formal collective bargaining.
- Formal collective bargaining will commence after either party gives the other party written notice of its intention to renew the Agreement in accordance with the terms of the Collective Agreement between the parties. Typically, notice to bargain will occur no less than four months prior to the expiry of the Collective Agreement. The objective is to conclude bargaining by the expiry date of the current agreement.
- The parties will commit appropriate resources to the bargaining process to enable issues to be dealt with in an expedited and thorough fashion.
- Issues resolved through the Forum that are not ratified and implemented immediately, will subsequently be brought to the bargaining table for incorporation in

the next renewal Collective Agreement and will be subject to ratification as part of that settlement.

The parties believe that in order to achieve a positive labour relations environment there must be open communication and trust between the parties and a shift towards a more constructive approach to resolving issues of mutual concern. In support of the objective to achieve and maintain positive labour relations, the parties commit themselves to the principles of the Labour Relations Forum.

MEMORANDUM OF UNDERSTANDING #55

Re: GAINSHARING Fiscal 2020 to 2022

The Employer agrees to implement a Gainsharing Program for the fiscal years commencing April 1, 2020 to March 31, 2022. The objective of the Gainsharing Program is to establish an incentive framework that will focus on specific performance objectives aligned to the success of the organization. The following outlines the terms and conditions for the Gainsharing Program for eligible MoveUP members:

- The Gainsharing Program will provide a maximum potential value of five percent (5%) to each eligible employee based on that employee's salary (including temporary promotion pay and floor-rates) paid in the fiscal year.
- The Gainsharing Program may be focused on a combination of Corporate, Lines of Business, and/or Key Business Unit and/or department, team and/or individual measures, as determined by the Employer.

Other Considerations

- New employees will have to work a minimum of three (3) months [sixty- three (63) working days] in order to be eligible for a Gainsharing pay out for the fiscal year.
- Regular and temporary employees will receive a pro-rated Gainsharing pay out based on the number of full months worked during the fiscal year. For example, an employee who works 7 full months will receive 7/12 of the total award.
- Retirees, including those on pre-retirement leave, employees laid off to the recall list, employees released from a temporary job, employees on approved leaves of absence with or without pay, or on LTD during the fiscal year will be eligible to receive a pro-rated award during the fiscal year based on time actually worked. For example, an employee who starts a leave of absence on 1 January 2006 would be eligible to receive 9/12 of the total award.
- Employees will have the option of taking their Gainsharing award in the form of a lump sum payment or they may choose to direct the full amount toward the BC Hydro Group RRSP as long as they are members of such a plan and have the RRSP room to do so.
- Employees who are terminated for cause or who voluntarily terminate their employment prior to 31 March of the fiscal year are not eligible for this award.

A communication package will be assembled and communication updates will be provided throughout the year.

MEMORANDUM OF UNDERSTANDING #57
RE: PAY EQUITY - CSFR 5 AND WORK LEADER

(Refer to MOU #2)

Upon mediation, the Parties agreed to settle all of the outstanding grievances relating to the implementation of the Pay Equity Job Evaluation Plan (the "Plan") raised in the Union's grievance letters dated August 28, 1996 and October 1, 1996 (save and except for those matters previously resolved in the November 7, 1996 Memorandum of Understanding between the Parties), which Plan is prescribed by Memorandum of Understanding No. 33 and Article 2 of the Collective Agreement, upon the following terms:

1. The Parties recognize that under the express terms of Letter of Understanding No. 33, Section 9, the application of the Plan may result in the downgrouping of some jobs.
2.
 - (a) All employees who are currently classified as non-office Meter Readers shall remain "grand-parented" in their current job description and salary scale pursuant to the terms of the March 19, 1991 Memorandum of Agreement between the Parties re: Meter Readers. The "grand-parented" Meter Readers shall continue to be provided with the options set out in said Memorandum.
 - (b) With respect to employees hired subsequent to March 19, 1991 into positions that involve a substantial amount of meter reading, these incumbents shall continue to be classified as Customer Service Field Representative 5.
 - (c) If as a result of a review under the terms of the Plan, the CSFR 5 job is upgrouped in salary, the Parties agree that prior to the implementation of the newly evaluated CSFR 5 job, the Parties will meet to review what impact, if any, the upgrouping should have on CSFR 5 incumbents whose duties involve substantially meter reading functions. It is understood that BC Hydro may modify the job duties for those CSFR 5 positions which involve substantially meter reading functions, with the possible result that such positions and incumbents would remain at their current pay group level.
 - (d) The Parties shall establish a joint committee in an effort to address concerns raised by the Employer relating to the positions which require a substantial amount of meter reading, with the Parties agreeing to enter such discussions in good faith. The concerns raised by the Employer include, but may not be limited to:

- (i) interaction of the meter readers with the public; and
 - (ii) completion of and changes to meter reading routes.
- 3. If an employee is assigned substantially all the duties and responsibilities that are set out in Memorandum of Understanding No. 2 (“Work Leadership Responsibilities”) that employee will be designated as a Work Leader, but if an employee is not assigned substantially all of those duties and responsibilities, the employee will not be designated as a Work Leader.

It is recognized that there may be positions with other forms of work direction and/or guidance, which duties are set out in the job description; however, these duties do not represent substantially all of the duties and responsibilities set out in MOU #2. Therefore, such positions will not have the “Work Leader” designation in their job title and will be evaluated under the Plan.

Work Leader positions shall also be evaluated under the Plan, and where the Plan does not specifically result in a higher job grouping, a Work Leader position shall be paid a minimum of one job group above the highest grouped MoveUP affiliated position over whom the Work Leader has MOU #2 responsibilities.

- 4. With respect to the current Plan implementation, as set out in Section 7 of MOU #33, BC Hydro shall review the manner in which jobs are described by the various Strategic Business Units and, if it is determined that there are jobs in which employees are required to do essentially the same work, every reasonable effort will be made to ensure that those jobs are described in a similar manner and are assigned the same title and job code. The Union’s Job Evaluation Officer shall be provided with details of said review and be provided the opportunity for comment and input.
- 5. Any disputes that arise under the terms of this Memorandum of Settlement, including disputes relating to the interpretation of the Plan and descriptive relationship of jobs between Strategic Business Units, may be referred to the Standing Referee appointed as per Article 2.03 (q) of the collective agreement or any other arbitrator agreed to by the parties, who shall meet with the Parties and attempt to resolve the dispute through a process of non-binding mediation. Any disputes relating to the interpretation of the Plan shall be resolved by reference to the express terms of the Plan and the collective agreement and the generally recognized principles of job evaluation.

Re: CALL MONITORING FOR CALL CENTRES

The purpose of call monitoring is to ensure consistency among Call Centres and Agents, in terms of the correct dissemination of information, the application of established policies and procedures and the delivery of service to our customers.

Business calls may be randomly monitored and recorded from a remote location, a local observation point or by means of a recording device. BC Hydro agrees to provide the Union and employees with notice of equipment and facilities which are to be utilized for the purpose of monitoring and measuring individual employee performance as part of a regular performance monitoring program. RE: QUALITY MONITORING
Express Connect Centres

The purpose of quality monitoring is to ensure consistency of service among employees designated by the Employer, in terms of the correct dissemination of information, the application of established policies and procedures the development and promotion of best business practices, and the delivery of service to our customers.

Quality monitoring includes (i) the recording of business related telephone calls between employees and customers or a client representative, (ii) the capturing of computer screen images directly associated with a business process related to the employee's job description and (iii) post service call surveys. Employees, for the purposes of this Memorandum of Understanding, include Electric Service Coordinators (also known as Express Connect Coordinators) and Workleaders. Prior to adding to the list of roles/departments that may be included in quality monitoring or the means by which additional monitoring may take place, BCH will meet with the Union to discuss the terms of expanded monitoring.

Quality monitoring will occur from a remote location, a local observation point or by means of a recording devise. BCH agrees to provide the Union and employees with notice of equipment and facilities which are to be utilized for the purpose of monitoring and measuring individual employee performance as part of a regular performance monitoring program. BCH further agrees to advise the Union and employees of the monitoring and measuring capabilities of all job related equipment prior to the application of those capabilities.

It is understood that the general purpose of quality monitoring will be to provide instruction and coaching in order to improve quality of services through the measuring and reviewing of performance metrics. In situations where the existence of employee performance difficulties is evident, such that more frequent monitoring is required, the employee and the Union will be advised. For the purposes of performance difficulties the Quality Listeners shall only be workleaders or management personnel. The Employer agrees not to compel any employee in the Bargaining Unit to testify before either an arbitrator of the Labour Relations Board of BC or any of its successors.

Monitoring and work-related statistics will be used to:

- Provide the Company with information needed to determine the level of service to customers and to establish staff requirements; and
- Enhance the ability of managers, workleaders and Electric Service/Express Connect Coordinators to work cooperatively in providing high quality work; and
- Complement employee training and development.

Quality monitoring is not to establish grounds for disciplinary action. Rather, monitoring is to determine whether an employee's performance falls within the expected service parameters that are established by BCH. If an employee's performance does not fall within the expected service parameters, BCH will determine whether the employee needs additional assistance such as coaching, training, set expectations, or a performance improvement plan.

BCH shall ensure that the impact of its quality monitoring on privacy is proportional to the purposes for which it is being implemented. BCH shall establish protocols to ensure that personal employee information is not unintentionally collected or disclosed and that, in the event of a breach of employee privacy due to quality monitoring, the employee or employees about whom the information pertains is/are notified and that the breach is limited as much as possible. BCH shall take the same precautions and steps with respect to information that is related to Union business, except that BCH shall notify the Union in the event of a breach.

Business lines in the Express Connect Centres will be equipped to enable quality monitoring of calls related to the BCH's business. Any and all private calls will be deleted. To ensure employee privacy, dedicated phones with unmonitored access have been provided for personal use. Personal calls made from these facilities will not be monitored. Nothing in this Memorandum of Understanding prevents BCH from exercising its legitimate management rights or the union from exercising its rights under the collective agreement. Nothing in this Memorandum of Understanding expands BCH's right to collect, use, or disclose information beyond what is permitted under applicable privacy legislation.

MEMORANDUM OF UNDERSTANDING # 66C
RE: QUALITY MONITORING
Restoration Centre

The purpose of quality monitoring is to ensure consistency of service among employees designated by the Employer, in terms of the correct dissemination of information, the application of established policies and procedures, the development and promotion of best business practices, and the delivery of service to our customers.

Quality monitoring includes (i) the recording of business related telephone calls between employees and customers or a client representative, (ii) the capturing of computer screen images directly associated with a business process related to the employee's job description and (iii) post service call surveys. Employees, for the purposes of this Memorandum of Understanding, include Restoration Centre Dispatchers and Workleaders. Prior to adding to the list of roles/departments that may be included in quality monitoring or the means by which additional monitoring may take place, BCH will meet with the Union to discuss the terms of expanded monitoring.

Quality monitoring will occur from a remote location, a local observation point or by means of a recording device. BCH agrees to provide the Union and employees with notice of equipment and facilities which are to be utilized for the purpose of monitoring and measuring individual employee performance as part of a regular performance monitoring program. BCH further agrees to advise the Union and employees of the monitoring and measuring capabilities of all job related equipment prior to the application of those capabilities.

It is understood that the general purpose of quality monitoring will be to provide instruction and coaching in order to improve quality of services through the measuring and reviewing of performance metrics. In situations where the existence of employee performance difficulties is evident, such that more frequent monitoring is required, the employee and the Union will be advised. For the purposes of performance difficulties the Quality Listeners shall only be workleaders or management personnel. The Employer agrees not to compel any employee in the Bargaining Unit to testify before either an arbitrator or the Labour Relations Board of BC or any of its successors.

Monitoring and work-related information/statistics will be used to:

- Respond to both internal and external investigations, where the validation on the correct dissemination of information and correct application of policies and procedures is required.
- Provide the Company with information needed to determine the level of service to customers and to establish staff requirements.
- Enhance the ability of managers, workleaders and Restoration Centre Dispatchers to work cooperatively in providing high quality work; and

- Complement employee training and development

Quality monitoring is not to establish grounds for disciplinary action. Rather, monitoring is to determine whether an employee's performance falls within the expected service parameters that are established by BCH. If an employee's performance does not fall within the expected service parameters, BCH will determine whether the employee needs additional assistance such as coaching, training, set expectations, or a performance improvement plan.

BCH shall ensure that the impact of its quality monitoring on privacy is proportional to the purposes for which it being implemented. BCH shall establish protocols to ensure that personal employee information is not unintentionally collected or disclosed and that, in the event of a breach of employee privacy due to quality monitoring, the employee or employees about whom the information pertains is/are notified and that the breach is limited as much as possible. BCH shall take the same precautions and steps with respect to information that is related to Union business, except that BCH shall notify the Union in the event of a breach.

Business lines in the Restoration Centre will be equipped to enable quality monitoring of calls related to the BCH's business. Any and all private calls will be deleted. To ensure employee privacy, dedicated phones with unmonitored access have been provided for personal use. Personal calls made from these facilities will not be monitored.

Nothing in this Memorandum of Understanding prevents BCH from exercising its legitimate management rights or the union from exercising its rights under the collective agreement.

Nothing in this Memorandum of Understanding expands BCH's right to collect, use, or disclose information beyond what is permitted under applicable privacy legislation.

Dated this 19th day of December, 2019.

**MEMORANDUM OF UNDERSTANDING # 69
(Formerly Letter of Agreement #10)**

Re: Coordinator of Occupational Safety and Health (COSH) Trainees

BC Hydro is interested in providing a more comprehensive method of ensuring the orderly and adequate development of individuals interested in occupational safety and health positions. To address this need, a Coordinator of Occupational Safety and Health (COSH) Trainee position will be created pursuant to this memorandum of understanding. The goal is for individuals trained under the terms of this MOU to ultimately be qualified for Coordinator of Occupational Safety and Health (COSH) jobs within Hydro upon the satisfactory completion of a prescribed period of on-the-job training. The parties therefore agree to the following terms:

1. 24 month training opportunities will be bulletined as FTR COSH Trainee vacancies subject to the bulletining procedure within the Collective Agreement.
 - (a) Each year, BC Hydro will determine its COSH Trainees requirements and number of vacancies. The parties shall then agree on the number of COSH Trainees to be hired in the current year. Agreement shall not be unreasonably withheld.

Such vacancies shall be bulletined and preference shall be given to qualified MoveUP members currently on BC Hydro's staff.
 - (b) Interviews will be conducted with unsuccessful internal candidates, if requested, to assist those who may lack some of the necessary qualifications to determine what courses are required to enable them to qualify for the COSH Trainee program.
 - (c) Hydro will establish the standard entry level criteria, acceptability of internal applicants to qualify for entry into the COSH Trainee program, and determine the training requirements for each COSH Trainee vacancy. The training requirements will be linked to the increasing range of duties and responsibilities which are to be performed year-to-year as a COSH Trainee progresses through the range. Hydro will provide financial assistance, in accordance with Article 20 of the MoveUP Agreement and Hydro policy.
2. Each COSH Trainee will be hired into a "base" FTR COSH Trainee position within a SBU. COSH Trainees will require exposure to 4 key areas within Hydro: Transmission and Distribution, Power Supply, Corporate Groups, and Corporate Safety. Therefore, developmental rotations to all areas will occur within the 24 month period.
3. Fifteen of the 24 months in the position will be spent in the "base" SBU. Nine months in the position would be spent equally in each of the remaining 3 key

areas. Developmental rotations into Corporate Groups and Corporate Safety may be combined into one 6 month rotation.

4. Each year Hydro will determine the appropriate Market Rate at which newly hired COSH Trainees will start. Successful applicants to COSH Trainee vacancies will start at the COSH Trainee start rate. Successful applicants with experience directly applicable to the job will be placed at an appropriate step on the salary scale.
5. Salary Scales:

Start Rate – Market Rate as set by BC Hydro on a year-to-year basis.
End Rate – Group 10, Minimum.
 - (a) Scales will be constructed by creating four 6 month steps. The steps up the salary scale will be determined by subtracting the start rate from the end rate and distributing the dollar difference to each of the 4 steps in equal increments.
 - (b) All COSH Trainees will progress, subject to satisfactory performance, at 6 month intervals over a period of 24 months, ending at the Minimum of the Group 10 salary scale.
 - (c) Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 24 month step except as in item #10 below.
6. Coincident with the establishment of new start rates and/or a revision to the main salary scales, the salary scales shall be amended in accordance with point #5 of this memorandum.
7. Hydro will review its COSH requirements at the end of each Trainee's training period to determine whether or not it has a need for a regular COSH vacancy and will advise the Union.
8. Regular COSH positions will be bulletined according to the Collective Agreement.
9. COSH Trainees will be expected to bulletin into COSH positions in accordance with Article 7 of the Collective Agreement.
10. While in the 2 year training period, COSH Trainees will not be eligible to apply for any MoveUP positions unless the Parties mutually agree to such a request. COSH Trainees may bid on regular COSH vacancies at any time after completing 15 months of training. If they are successful in bidding into a FTR COSH position during their training period they will immediately advance to the

Group 10 minimum and the length of service increases will be based on their anniversary date of obtaining the FTR COSH position. This notwithstanding, COSH Trainees must complete the 24 month training period. Successful applicants from within the COSH Trainee pool will be awarded a COSH position subject to the completion of the 24 month training program.

11. Should there exist COSH vacancies that cannot be filled through the normal bulletin process, the least senior COSH Trainee who has completed the program will be placed in the vacant position. Should such employees not be available, the Trainee closest to the conclusion of the program may be placed into the COSH position, provided that the Trainee has completed at least 15 months in the program.
12. The Parties will do their utmost to ensure that COSH Trainees who are not successful in bulletining into a position are placed in a regular vacancy upon completion of the 24 month program. Furthermore, upon completion of their COSH training program, trainees who were regular MoveUP affiliated employees immediately prior to entering the trainee program, and who are not able to find a COSH position, and who are not extended by mutual agreement of the parties as per point #13 below, will be guaranteed a comparable job placement within BC Hydro. Their placement will be comparable to their original "home position" before entering the trainee program.
13. Upon completion of the 24 month training program, COSH Trainee graduates may be retained in their "base" SBU FTR Trainee position for a maximum period of one year. This period may be extended by mutual agreement of the Parties and such agreement will not be unreasonably withheld.
14. Involvement from COSHs will be sought regarding the development of the training program. Furthermore, the Parties will meet on a yearly basis to discuss issues related to the ongoing delivery and success of the COSH developmental program.
15. The Parties shall establish a union-management committee of 2 managers; one from Power Supply and one from Transmission and Distribution; and 2 employee representatives that are practicing COSH's; one from Power Supply and one from Transmission and Distribution. The MoveUP shall determine, in conjunction with the practicing COSH's, the employee complement of the committee.
16. The union management committee will make recommendations to the Manager of Corporate Safety and Health respecting the design, management, and administration of the program which will include establishing all components of the program contents and measures for progression at regular intervals, as well as:

- design, develop, monitor, and amend as is necessary the COSH Training program. This may include developing performance and assessment metrics, and a regular reporting to the Manager of Corporate Safety and Health.
 - ensure consistent treatment in the development and training program of COSH Trainees across the different Strategic Business Units (SBUs).
 - monitor cross-SBU postings.
 - review of individual performance and feedback including:
 1. confirmation that the skills, knowledge, and ability requirements set for each COSH Trainee are comparable and appropriate.
 2. confirmation of the evaluation of a COSH trainee's performance with respect to the aforementioned requirements and progression from step-to-step.
 3. identifying appropriate steps to correct any deficiencies (e.g. additional educational needs, on the job work assignments, and projects).
 4. being advised of removal from the program of any employee who fails to demonstrate satisfactory progress.
17. Disputes over the application of this memorandum shall be resolved by the Parties.
18. This Memorandum of Understanding will remain in effect until such time as the parties mutually agree to terminate the MOU, or either party unilaterally gives 90 days written notice to terminate the letter. Should either party unilaterally give 90 days written notice to terminate, the parties will be required to meet with a mediator to resolve any differences giving rise to the termination notice before the MOU can be considered terminated.

**MEMORANDUM OF UNDERSTANDING # 70
(formerly known as Letter of Agreement #11)**

RE: Work Leader, Transmission Scheduling-Operate Assets

In the event a dispute arises over the interpretation or application of this Letter of Agreement the matter will be decided giving consideration to the principle that the agreement is not intended to result in decreased benefits or conditions for the employee; neither should the agreement result in increased costs for the Employer.

1. The hours of work for the full-time Work Leader Transmission Scheduling, will be from 8:15 a.m. to 5:30 p.m. Starting times may be varied by agreement of the Manager and the employee.
2. It is understood that shifts will be 8 hours 45 minutes, excluding the lunch period. An employee's time bank will be credited with 1.25 hours for each day worked.
3. Employees shall have two 15 minute paid rest periods per shift and one unpaid lunch period of thirty (30) minutes.
4. Shift rotation will be on a 4 days on (Tuesday, Wednesday, Thursday, Friday) - 3 days off (Saturday, Sunday, Monday). This includes RWWL days which have been built into the schedule (i.e. no additional RWWL days are granted as they are imbedded in the "4 days on – 3 days off" schedule). Consequently, the time bank enhancement does not apply to RWWL days. The shift may be changed by mutual agreement between the employee and management. The Union will be notified of any proposed changes to established shift rotation prior to their implementation. In the event the Union disagrees the original shift rotation will be maintained.
5. Sick leave, WCB, jury duty and compassionate leave are paid at 7.5 hours for each day scheduled to work, with 1.25 hours being added to their time bank.
6. An employee's entitlement to annual vacation days will not be pro-rated. Annual vacation will be scheduled in one-week blocks (M-F) at 7.5 hours per day. Consequently, 1.25 hours will be not added to their time bank.
7. If the employee is required to work statutory holidays as part of their 'days on' schedule, the employee shall be paid a premium rate of 150% the normal rate of pay for all hours of work which fall on the statutory holiday (00:00 -24:00). The employee will also have 7.5 hours credited to their time bank.
8. As Statutory holidays are not built into the schedule, if the employee is not scheduled to work on a statutory holiday, the employee shall be entitled to 7.5 hours credited to their time bank.

9. Shift premiums will be paid in accordance with Article 12.05(f) and cease upon commencement of LTD.

MEMORANDUM OF UNDERSTANDING #73
- Graduate Technologist Trainees (GTTs)

BC Hydro and MoveUP agree that this memorandum of understanding sets out the procedure whereby graduates of technological institutes may be hired by BC Hydro as "Graduate Technologist Trainees" (GTTs) for the purpose of ultimately filling Technologist jobs upon the satisfactory completion of a prescribed period of on-the-job training.

This MOU replaces MOU#14 for the Technologists-in-Training job streams, MOU#60 for the Engineering Graduate Technologist Trainees, MOU# 62 for the Customer Projects and Installations (CP&I) Graduate Technologist Trainees, MOU#63 for the Transmission Maintenance Graduate Technologist Trainees, and the proposed MOU for Apparatus Testing Graduate Technologist Trainees. MOU#61 (Protection & Control GTT) is no longer active, as these positions moved to the IBEW bargaining unit.

The Parties therefore agree to the following:

1. Each year, BC Hydro will determine its GTT stream requirements and number of vacancies in each Business Group. The Parties shall then agree on the number of GTTs to be hired in each stream in the current year. Agreement shall not be unreasonably withheld.
2. Regular GTT stream vacancies in designated departments are subject to the bulletining procedure within the Collective Agreement.
 - a Upon agreement between the Parties on the number of GTTs to be hired in each stream in the current year per point #1 above, such vacancies shall be bulletined and preference shall be given to qualified MoveUP members currently on BC Hydro's staff.
 - b All internal applicants will be interviewed to assist those who may lack some of the necessary qualifications to determine what courses are required to enable them to qualify for the GTT stream program.
 - c BC Hydro will establish the standard entry level criteria, acceptability of internal applicants to qualify for a GTT stream vacancy and determine the training requirements for each GTT stream vacancy. The training requirements will be linked to the increasing range of duties and responsibilities to be performed as a GTT progresses through the range of each GTT stream. BC Hydro will provide financial assistance, in accordance with Article 20 (Training) of the MoveUP Agreement and BC Hydro policy.

3. Each year BC Hydro will determine the appropriate Market Rate at which newly hired GTTs will start within each stream.
4. Coincident with the establishment of new start rates and/or a revision to the main salary scales, the salary scales shall be amended in accordance with the following:
 - (a) Group 10 End Job – Engineering GTTs and Transmission Maintenance GTTs
 - (i) **Start Rate** - Market Rate as set by BC Hydro on a year-to-year basis.
End Rate - Group 10, Step 1.
 - (ii) Scales will be constructed by creating four 6-month steps. The steps up the salary scale will be determined by subtracting the start rate from the end rate and distributing the dollar difference to each of the 4 steps in equal increments.
 - (iii) All Engineering GTTs and Transmission Maintenance GTTs will progress, subject to satisfactory performance, at 6-month intervals over a period of 24 months, ending at Step 1 of the Group 10 salary scale and shall then progress to Step 2 of the Group 10 salary scale upon the completion of 36 months. Progression through the range shall not be unreasonably withheld.
 - (iv) Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 24-month step.
 - (b) Group 11 End Job – Design GTTs and Apparatus Testing GTTs
 - (i) **Start Rate** - Market Rate as set by BC Hydro on a year-to-year basis.
End Rate - Group 11, step 1
 - (ii) A salary scale shall be constructed by creating four 1 year steps. Step increments up the salary scale shall be determined as follows:
 - (iii) Design GTTs and Apparatus Testing GTTs will reach the equivalent of Group 11, Step 1 upon the completion of 48 months in the program. Step rates will be determined by subtracting the Start rate from the Group 11, Step 1 rate and applying the difference in 4 equal increments.
 - (iv) Each year, subject to satisfactory performance in the requirements per point #2(c) above, Design GTTs and Apparatus Testing GTTs will

progress to the next step in the range. Progression through the range shall not be unreasonably withheld

5. GTTs may be:

- a. assigned to a headquarters for the duration of the program
- b. required to change headquarters and relocate a maximum of once per year;
- c. required to carry out temporary rotations to other locations/departments;
- d. required to carry out temporary field and/or out of town work assignments.

6. Engineering GTTs

Candidates hired into Engineering GTT vacancies will be designated into specific departments at the time of hire and will be awarded a Group 10 job in that department subject to successful completion of the training program. Failure to complete the program will result in de-selection from the regular position.

7. Design, Transmission Maintenance and Apparatus Testing GTTs

- a. Regular Technologist vacancies will be bulletined according to the collective agreement as they arise. Design, Transmission Maintenance and Apparatus Testing GTTs will be required to bid into regular positions to secure an end job. GTTs may bid after completing the first year of the GTT program. GTTs selected to these bulletins will be required to successfully complete the remainder of their respective GTT program prior to being awarded the Technologist designation. Failure to complete the program will result in de-selection from the regular position.
- b. GTTs who are unsuccessful in bidding on a Technologist regular vacancy by the time they complete their program shall be placed by management into any Technologist vacancy not successfully filled through the bulletin process.
- c. The Parties recognize that this process has caused a holding period in the past where there is no vacancy in which to place a GTT. While recognizing that a "Grads in Holding" situation may occur, the Parties will do their utmost to ensure that GTTs are placed in a regular vacancy upon completion of their program.
- d. "Grads in Holding" may be maintained in their trainee location for a maximum of one (1) year, or as extended by mutual agreement. At the end of this holding period, "Grads in Holding" may not remain in their end training location beyond one year following graduation from the program without mutual agreement between the Parties. At the end of this period,

the provisions of Article 9 will apply.

8. The Union and the Employer each agree to appoint one (1) representative from each of the four program areas to a committee to be known as the Graduate Technologists Trainees Committee. In addition to these eight participants, the Union and Employer may also appoint one (1) additional representative to provide guidance to the committee. The Chairperson for each meeting shall alternate between a representative of the Union and a representative of management. The GTT Committee will meet at least twice per year and at any other times the Committee deems necessary. It shall be the purpose of this Committee to oversee GTT programs and their application. It may also establish GTT sub-committees for individual GTT programs where there are enough trainees to warrant additional oversight within a particular program.
 - a. The committee in consultation with line management will be responsible for establishing all components of the program contents and measures for progression at regular intervals, including: i) confirmation that the skills, knowledge, and ability requirements set for each GTT are comparable and appropriate; ii) confirmation of the evaluation of individual GTT's performance with respect to the aforementioned requirements and progression from step-to-step; iii) identifying appropriate steps to correct deficiencies (e.g. additional educational needs, on the job work assignments, and projects.); iv) being advised of removal from the program of any employee who fails to demonstrate satisfactory progress, and; v) determination of location and timing of employee development moves. The committee shall take into consideration: (1) employee development needs and personal circumstances; (2) BC Hydro's requirements.
 - b. When the GTT Committee determines that it is necessary to establish a sub-committee for a particular GTT program as per paragraph 8, the Committee may delegate any of the responsibilities in 8(a) to the sub-committee. Participation on the sub-committee will be determined by MoveUP and BC Hydro.
9. Disputes over the application of this memorandum shall be resolved between the Parties.

MEMORANDUM OF UNDERSTANDING # 74

RE: FULL TIME TEMPORARY AND CASUAL COMMUNITY OUTREACH REPRESENTATIVES AND WORK LEADERS

Community Outreach Representatives and Work Leaders represent BC Hydro in communities throughout the province by attending events and delivering presentations to educate customers. The parties recognize Community Outreach Representatives and Work Leaders are a unique group of FTT and casual employees who require increased flexibility due to varied working hours. The parties agree to the following terms:

For FTT employees:

1. A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
2. A work week shall consist of 37.5 hours, consisting of five days, Monday through Sunday. Days off will not be split up more than four times in a four month period. Days worked in excess of five days in a work week will be compensated at overtime rates.
3. The Employer will post the schedules two weeks in advance. If, due to legitimate business needs, it becomes necessary to vary a schedule with less than two weeks' notice, the Employer will ask for volunteers. Where no employee voluntarily accepts such a shift change, the Employer will vary the schedule in an equitable manner and those impacted by the change will receive the following premiums:

Change in hours of work on a pre-scheduled day:

- (i) 48 hours' notice - no penalty
- (ii) Less than 48 hours' notice - overtime pay for the difference in shift

Change in scheduled days off:

- (i) Minimum one week notice: no penalty
 - (ii) Less than one week notice: compensated at overtime rates for hours worked on scheduled day off.
4. Due to the nature of the work performed, regular weekend work is required. As such, there is no limit on the number of weekends Full Time Temporary Community Outreach Representatives and Work Leaders work in one year.

5. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.
6. Where the majority of the working hours fall outside the hours of 08:00 – 16:30, a premium of ½ hour at straight time will be paid. This premium will not apply to time worked on scheduled days off; annual vacations, statutory holidays, scheduled days off in lieu of statutory holidays, or time worked that is already attracting premium pay in accordance with paragraph three above.
7. All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01 (e).

For Casual Employees:

1. Once per term (Spring & Fall Campaign), the Employer will review planned use of casual and temporary staff with the Union.
2. Casual staff, up to a maximum of approximately 15 per term working in Outreach shall be used to:
 - Fill in for Full Time Temporaries (FTT) on sick leave, and days off; and
 - To augment FTT workforce at large Outreach events and/or during Spring/Fall Campaigns.
3. The requirement for greater than 15 casual hires per term will be communicated to the Union.
4. There are no guaranteed minimum hours or days of work per week.
5. A work day of any consecutive 7.5 hours, exclusive of a lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
6. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.
7. Where the majority of the working hours fall outside the hours of 08:00 – 16:30, a premium of ½ hour at straight time will be paid.
8. The Employer will post the schedules two weeks in advance, however because of the nature of casual work, two weeks advance notice may not always be possible.
9. Any change to the Outreach Program (i.e. – expansion) will be communicated to the Union.

10. If for any reason, either party wishes to terminate this agreement with respect to the use of casual employees only they can do so by providing 90 days' notice.

MEMORANDUM OF UNDERSTANDING # 75
RE: FULL TIME REGULAR COMMUNITY OUTREACH REPRESENTATIVE
WORKLEADERS

Preamble:

The purpose of this agreement is to allow for the creation of two FTR roles (one in the lower mainland and one on Vancouver Island) with the same flexibility set out for the FTT Community Outreach Representatives and Work Leaders under MOU # 74, on a trial basis. The parties recognize that the flexibility inherent to this role differs from that generally required of FTR employees.

The parties acknowledge that Community Outreach events occur on almost all weekends throughout the year and require the use of Work Leaders during this time. The parties also acknowledge that time off on weekends will be subject to essential operational requirements and managerial approval.

As such, the following terms will apply:

1. A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
2. A work week shall consist of 37.5 hours, consisting of five days, Monday through Sunday. Days off will not be split up more than four times in a four month period. Days worked in excess of five days in a work week will be compensated at overtime rates.
3. The Employer will post the schedules two weeks in advance. If, due to legitimate business needs, it becomes necessary to vary a schedule with less than two weeks' notice, the Employer will ask for volunteers. Where no employee voluntarily accepts such a shift change, the Employer will vary the schedule in an equitable manner and those impacted by the change will receive the following premiums:

Change in hours of work on a pre-scheduled day:

- (i) 48 hours' notice - no penalty
- (ii) Less than 48 hours' notice -overtime pay for the difference in shift

Change in scheduled days off:

- (i) Minimum one week notice: no penalty
- (ii) Less than one week notice: compensated at overtime rates for hours worked on scheduled day off:

4. Due to the nature of the work performed, regular weekend work is required. As such, there is no limit on the number of weekends Full Time Regular Community Outreach Representative Work Leaders work in one year.

In order to transition from the normal Wednesday to Sunday work schedule to the Monday to Friday training schedule (see MOU #76) in the Fall and Winter Terms, the parties agree to:

- a. Require the use of 2 RWWL days on the Saturday and Sunday prior to the week of Winter training (in January). By doing so, this would provide the weekend prior to training and after training as weekend time off.
- b. Require the use of 2 RWWL days on the Saturday and Sunday prior to the week of Fall training (in September). By doing so, this would provide the weekend prior to training and after training as weekend time off.

It is the intent of the parties that FTR Community Outreach Representative Work Leaders will have up to eight weekends off per calendar year and the parties recognize that the most opportune time for these weekends to be taken is when there are no events scheduled. These will include the four weekends referenced in 4a and 4b above, and additional weekends will be requested subject to essential operational requirements.

5. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.
6. Where the majority of the working hours fall outside the hours of 08:00 - 16:30, a premium of ½ hour at straight time will be paid. This premium will not apply to time worked on scheduled days off, annual vacations, statutory holidays, scheduled days off in lieu of statutory holidays, or time worked that is already attracting premium pay in accordance with paragraph three above.
7. All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01 (e).

This MOU will expire on March 31, 2010. If it is not renewed in 2010, at that time, the incumbents in the FTR roles will be grand-parented and will continue under the terms outlined above for as long as they remain in their role.

Further to the agreement reached between the parties on the above mentioned MOU, the parties hereby agree to the following training schedule for all Community Outreach Representatives and Work Leaders.

Training Schedule:

1. For the Winter Term (period normally between January and April), training will take place on a Monday to Friday schedule.
2. For the Spring / Summer Term (period normally between May and August), training will take place on a Wednesday to Sunday schedule.

Re: TELEWORK PROJECT

Preamble

This memorandum is intended to build on the evolving nature of work and to provide flexibility on the location in which work gets completed, in addition to the flexibility already provided in hours of work. The memorandum is also meant to recognize that the traditional methods of “work” are changing and that BC Hydro and MoveUP are endeavoring to be responsive to the needs of the business, as well as their employees and members.

Governing Principles

- a. Conservation – one of BC Hydro’s primary goals, objectives and values is focused around conservation. Allowing telework supports this objective.
- b. Honesty and Integrity – BC Hydro and MoveUP understand the challenges with telework and expect managers and employees to mitigate these challenges by undertaking flexible work practices in good faith and according to this Memorandum.
- c. Governance – it is important for any flexible work arrangement to have the appropriate agreements in place to ensure that expectations are communicated, documented, and the proper approvals are in place per this Memorandum.
- d. Professionalism – BC Hydro has a highly educated and professional employee base, many of whom are in the bargaining units. It is important that this memorandum reflect and appreciate their membership in the union yet also respect their abilities and professional status.
- e. Intergenerational – we are currently in an environment where the nature of work is evolving as are the people who undertake that work. A results based workplace where the ability to do work in different places at different times is changing the manner in which we approach terms and conditions of employment. This memorandum is meant to be flexible to the generational differences in our workforce while providing options that meet the needs of BC Hydro, MoveUP, and its employees.

Examples of Opportunities for Telework

- (i) occupations that involve traveling or where traveling is required for business reasons
- (ii) workers that require quiet space to work

- (iii) occasional mid-day appointments
- (iv) other situations where the manager and employee mutually agree that the arrangement may be beneficial

The primary intent of this Memorandum is for regular and ongoing telework arrangements, although one-off circumstances as described above are also covered. For exceptional circumstances such as large events, physical barriers (i.e. floods, road closures, inclement weather), and emergency situations that may result in telework please refer to MOU # 79. Telework may also be a consideration in accommodation cases, although this would occur under our Duty to Accommodate obligations and outside of the telework project.

Terms of the Telework Project

1. Telework is defined as carrying out regularly assigned duties at the employee's home, or at another location at which the employee and BC Hydro have mutually agreed the employee will Telework. This does not include other company locations.
2. Telework is voluntary and must be agreed to by the manager and the employee.
3. An employee may make a request of their manager to Telework. The request must describe how the proposed arrangement will ensure the work is effectively and efficiently performed and should specify the desired frequency.
4. Management will take the following factors into consideration when exercising their discretion to approve or deny a request to Telework:
 - a. whether the Telework arrangement would maintain or improve service or productivity;
 - b. the nature of the position, the job duties, and the impact on colleagues and clients;
 - c. the employee's suitability, taking into consideration performance and work style/ independence;

Requests will not be unreasonably denied.

5. The number of days per month that an employee will be permitted to Telework will vary depending on the particular circumstances, but as a general guideline it should not exceed two days per week. Union agreement is required should it

exceed two days per week and requests will not be unreasonably denied. PTR employees may be permitted to work a pro-rated amount of days based on their average number of days per week.

6. An employee's status, salary, benefits, job responsibilities and performance standards will not change due to participation in a Telework arrangement.
7. The intent is for the employee to continue to work their normal work schedule, but to do so from the Telework location. If an employee intends to work outside of their normal working hours (including working overtime), these hours must be pre-approved by the manager. Authorized Variations may occur in accordance with article 11 of the collective agreement.
8. An employee may be permitted, with pre-approval from their manager, to split their working hours during a day to, for example, allow the employee to tend to a personal matter midday. The total hours worked must not exceed 7.5 hours per day and will not attract overtime. The hours worked must fall within the Authorized Variations in article 11 of the collective agreement.
9. Either the manager or the employee may cancel the Telework arrangement by notifying the other party. This includes the cancellation of a particular day or the cancellation of an ongoing arrangement. A minimum of 24 hours' notice will be provided.
10. The union will receive a copy of all Telework agreements.

Health & Safety

11. The employee agrees to designate a work space within the Telework location that is adequate for the performance of the employee's official duties. The employee shall maintain this workspace in a safe condition, free from hazards. The employee will be provided with information to assist them to identify hazards and will be responsible for completing and returning to their manager a hazard checklist that will be provided. The employee agrees to allow for an audit of the workspace by a BC Hydro representative. BC Hydro will provide a minimum of 24 hours' notice to the employee prior to the audit.
12. The employee must notify their manager immediately of any job related accidents that occur in the Telework location.

Costs and Equipment

13. BC Hydro will not normally incur any additional costs as a result of a Telework arrangement.

14. BC Hydro will provide the employee with VPN access to allow access to the Hydro network from their personal computer at the Telework location. BC Hydro will not provide costs related to utilities, the internet, modem, fax, photocopier or printer, but will provide reasonable reimbursement related to incidental expenses (e.g. paper, ink, toner, long distance phone calls, etc.).
15. An Employee will not be entitled to any meal reimbursement during normal working hours or any mileage expenses for travel between the office and the Telework location. This includes when an employee is required to return to the office on a day previously identified as a Telework day.

Other Employee Responsibilities

16. The employee is responsible for securing and protecting BC Hydro's property, documents and confidential information in the Telework workspace and will be provided with privacy and security information to review prior to commencing Telework.
17. The employee must not conduct in-person meetings at the Telework location.
18. The employee must ensure dependent care arrangements are in place and that personal responsibilities are managed in a way which allows the employee to successfully meet their job responsibilities.
19. The employee is expected to maintain the same level of professionalism as in their normal work place.
20. The employee is responsible for ensuring that the Telework arrangement does not contravene any homeowner or strata agreements, rental or lease agreements, home insurance policies or municipal or regional bylaws.
21. The employee must comply with all company policies, including the Code of Conduct, and governing legislation, such as FOIPPA, CRA, the Workers Compensation Act and Occupational Health and Safety Regulation.

Terms of the Telework Project

22. The parties agree that the Telework project will be in place for a period from November 20, 2012 to March 31, 2014.
23. The parties will meet to discuss the Telework project on a quarterly basis.

Agreed to this 20th day of November, 2012, in the City of Burnaby, British Columbia.

MEMORANDUM OF UNDERSTANDING #79 (Refer to MOU # 85)

RE: TELEWORK PROJECT – EXCEPTIONAL CIRCUMSTANCES

Should an exceptional circumstance occur that does not form part of the list above, Union agreement will be required prior to applying the MOU, and will not be unreasonably denied.

In an effort to prepare for such circumstances, the parties agree as follows:

1. Telework is defined as carrying out regularly assigned duties at the employee's home, or at another location at which the employee and BC Hydro have mutually agreed the employee will telework. This does not include other company locations.
2. Telework is voluntary and must be agreed to by the manager and the employee.
3. An employee may make a request of their manager to Telework. The request must describe how the proposed arrangement will ensure the work is effectively and efficiently performed and should specify the desired frequency.

 - c. the employee's suitability, taking into consideration performance and work style/ independence;

- e. the manner and frequency of contact between manager and employee.

Work style and independence refer to an employee's ability to work without direct supervision and/or without the need for frequent feedback from or interaction with the manager or co-workers.

Requests will not be unreasonably denied.

5. Managers retain the discretion to issue temporary blanket approvals to a group of employees and/or to waive the requirement to submit a written request under paragraph 3 taking into consideration the nature of the exceptional circumstances.
6. The number of days per week that an employee will be permitted to Telework will vary, taking into consideration the nature of the exceptional circumstances.
7. An employee's status, salary, benefits, job responsibilities and performance standards will not change due to participation in a Telework arrangement.
8. The intent is for the employee to continue to work their normal work schedule, but to do so from the Telework location. If an employee intends to work outside of their normal working hours (including working overtime or during a break period), these hours must be pre-approved by the manager. Authorized Variations may occur in accordance with article 11 of the collective agreement.
9. An employee may be permitted, with pre-approval from their manager, to split their working hours during a day to, for example, allow the employee to tend to a personal matter midday. The total hours worked must not exceed 7.5 hours per day and will not attract overtime. The hours worked must fall within the Authorized Variations in article 11 of the collective agreement.
10. Either the manager or the employee may cancel the Telework arrangement by notifying the other party. Generally a minimum of 24 hours' notice will be provided, but employees may be required to return to the office on shorter notice. Managers will exercise reasonableness and will take into consideration personal circumstances when employees are requested to return to the office on short notice.
11. The Union will receive a copy of all Telework agreements.

Health & Safety

12. The employee agrees to designate a work space within the Telework location that is adequate for the performance of the employee's official duties. The employee shall maintain this workspace in a safe condition, free from hazards. The employee will be provided with information to assist them to identify

hazards and will be responsible for completing and returning to their manager a hazard checklist that will be provided, unless the exceptional circumstances render this impossible. The employee agrees to allow for an audit of the workspace by a BC Hydro representative. BC Hydro will provide a minimum of 24 hours' notice to the employee prior to the audit.

13. The employee must notify their manager immediately of any job related accidents that occur in the Telework location.

Costs and Equipment

14. BC Hydro will not normally incur any additional costs as a result of a Telework arrangement.
15. BC Hydro will provide the employee with VPN access to allow access to the Hydro network from their personal computer at the Telework location. **MEMORANDUM OF UNDERSTANDING #80:
YOUTH HIRE PROGRAM**

The goal of the Youth Hire program is to provide students with exposure to trades and technical occupations through summer employment, which may help them to identify desirable career paths in the skilled workforce. This memorandum will confirm the Parties' agreement with regard to the hiring of students under the Youth Hire program as follows:

1. Youth Hire students (herein after referred to as ("Youth Hires")) are defined as persons who have graduated from high school and are in transition between high school and work or between high school and post-secondary education. It is understood that this agreement does not apply to Youth Hires who perform work within the scope of the order of certification of IBEW Local No. 258 bargaining unit.
2. Youth Hires will be required to become and remain MoveUP members for the duration of their work term. Students will be classified as full-time temporary (Youth Hire) and will not be entitled to sick leave and will not participate in the benefits outlined in Article 10 or the Pension Plan. Youth Hire students will not be entitled to apply for regular or temporary MoveUP affiliated bulletined positions.
3. Up to 20 Youth Hire Positions may be established per calendar year. Any increase in the number of positions requires the mutual agreement of the Parties.

MEMORANDUM OF UNDERSTANDING #81
RE: SECURITY SENSITIVE POSITIONS

BC Hydro currently conducts background checks on all new hires. In order to help protect BC Hydro's Critical Assets (CA's), Critical Cyber Assets (CCA's), and operations through the reasonable exercise of Corporate due diligence and compliance with applicable regulatory and industry requirements, the Parties also agree to the following with respect to employees covered by the collective agreement:

1. Security Sensitive Positions (SSP's) are positions where employees have unescorted access to and/or control over BC Hydro's critical assets, critical cyber assets and operations and, if so inclined, could cause significant loss or harm to BC Hydro, its customers, or others.
2. Upon ratification of this agreement, BC Hydro will provide the Union with an initial list of all of those SSP's and incumbents that are identified and require Personal Risk Assessments (PRA's), and associated security compliance training. This list will be provided on a confidential basis. BC Hydro and the Union will review the initial list of those SSP's and incumbents prior to them being finalized.
3. The Union can withhold their approval of any SSP if they believe the decision to identify it as an SSP was not reasonable in relation to the applicable regulatory and industry requirements. Union approval will not be unreasonably withheld. Should the Union withhold their approval they shall refer the matter to arbitration within five (5) working days and the arbitrator will make their decision on the reasonableness of BC Hydro's decision. The Parties agree to process the matter to arbitration expeditiously. This also applies to paragraph 5 below.
4. Where security sensitive requirements change and/or BC Hydro identifies other CA's, CCA's, or SSP's, the Union will be notified that PRA's and appropriate security compliance training will be required for personnel in those other identified SSP's.
5. BC Hydro may add to the initial list of SSP's by providing the Union with the job title and a rationale for the addition. BC Hydro and the Union will review those additional SSP's prior to them being added.
6. BC Hydro requires employees' working in SSP's to undergo a Criminal Records Check (CRC), including an International Criminal Records Check.
7. Employees who seek to occupy a SSP that they have not previously occupied within the previous seven (7) years and who are successful in the selection process, shall be required to undergo a CRC, prior to the commencement of the SSP. Until the employee clears the CRC they will remain in their current position.

8. Employees occupying SSP's shall undergo a CRC every seven (7) years as long as they continue to occupy a SSP.
9. Employees in SSP's, as at date of ratification, who have not gone through a CRC within the last seven (7) years, will be required to do so once the SSPs, are identified.
10. All criminal convictions will be reviewed by BC Hydro's designated external legal counsel to filter any convictions clearly unrelated to their role at BC Hydro. Only those convictions which may potentially be related to an employee's role will be referred to Employee Relations pursuant to paragraph 16 below. BC Hydro will not decide that a criminal conviction is related to employment without prior discussions with the affected employee and their Union, if consented by the employee.
11. Notwithstanding paragraph 8 above, the employees in SSP's must immediately disclose to BC Hydro's designated external legal counsel any criminal charges or convictions that arise after the signing of this Memorandum of Understanding, in which event BC Hydro may require the employee to undergo a CRC.
12. Employees who are required to undergo a CRC in accordance with the foregoing will provide all necessary consent for the conduct of the CRC process.
13. Employees who are required to undergo a CRC must complete a release and self-disclosure form and submit it to HR Services.
14. HR Services will oversee the processing of all CRC forms.
15. The results of all CRCs will be securely stored by HR Services and external service providers in compliance with applicable privacy legislation.
16. Employee Relations will lead a review of the CRC results and will determine whether the criminal conviction(s) or charges are related to the employee's employment at BC Hydro.
17. If Employee Relations determines that the criminal conviction(s) or charges are unrelated to the employee's employment, the employee will be so advised and the CRC and any other investigatory documentation will be stored in compliance with all applicable privacy legislation.
18. If Employee Relations determines that the criminal conviction(s) or charges are related to the employee's employment in a SSP, BC Hydro will (except where an employee has given BC Hydro just cause for discipline) consult with the Union in an attempt to accommodate the employee:

- a. within their current position by re-bundling duties without loss of pay; or
 - b. by placing the employee into another vacant position at BC Hydro, without loss of pay; or
 - c. in some other way that is mutually agreeable to the Parties.
19. If BC Hydro cannot reasonably accommodate an employee criminal conviction related to their employment according to paragraph 18 above, the Employee will be subject to Article 9.
20. All provisions of this MOU shall be subject to the grievance procedure.

MEMORANDUM OF UNDERSTANDING #82

RE: OVERPAYMENT RECOVERY

The Employer has the right to recover overpayments and this will constitute an assignment of wages under the Employment Standards Act. At least 30 days written notice will be given to the employee of: (1) the nature of the overpayment; (2) the option to negotiate a mutually agreeable pay back plan; (3) failing that, the Employer will begin to deduct the overpayment in the next pay cycle. Such repayments will not exceed more than 10% of net pay in any pay period.

Overpayments mean “monetary payments made in error or personal charges incurred without authorization,” and shall not involve any interpretive issue under the collective agreement. When negotiating a repayment plan the employee shall have the right to request the Union to represent them in such negotiations.

In cases where an employee leaves the company (quit, fire, lay-off) the recovery can be 100% offset by the final pay and any subsequent payments that may be owed after termination (e.g. gainsharing).

MEMORANDUM OF UNDERSTANDING #83

RE: TOUR GUIDES AND TOUR GUIDE WORK LEADERS IN VISITOR CENTRES

Tour Guides and Tour Guide Work Leaders represent BC Hydro in Visitor Centres currently located at Stave Falls, Peace Canyon, Bennett Dam and Revelstoke. The parties recognize Tour Guide Work Leaders and Tour Guides are a unique group of seasonal Full Time Temporary (FTT) and Casual employees who require increased flexibility due to personal schedules and variable Visitor Centre operating hours. As such, the parties agree to the following terms for these employees:

Full Time Temporary Staff

1. Tour Guide Work Leaders (TGL's) will be typically filled by FTT staff for the season.
2. A work day of any consecutive 7.5 hours, exclusive of lunch period, may be schedule between 8:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
3. A work week shall consist of 37.5 hours, consisting of five days, Tuesday through Saturday except at the beginning and end of the season during which the work week will be Monday through Friday in accordance with the pre-set schedule.
4. The Employer will post TGL schedules in advance for the entire season.
5. Days worked in excess of five days in a work week will be compensated at overtime rates. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.
6. A TGL may change a scheduled workday up to three times per season with the consent of management and subject to operations requirements. For example, an employee may request to move a Saturday shift to a Monday.
7. Shift changes made at the request of the employee will not be subject to overtime premiums.
8. The Employer may change an employee's scheduled work day up to two times per season. For example, request an employee to move a Saturday shift to a Monday.
9. TGL's who are required to work on Sundays and statutory holidays shall be paid at time and one-half (150%) for those days.

10. TGL's rehired from 2014 for the 2015 season will be moved to the next higher whole step rather than their previous step on a one time basis. Anyone impacted by this change will be grand-parented and will keep this higher step if they are subsequently rehired. Hiring rates for new employees in 2016 and beyond will be determined in accordance with Article 7.02 of the Collective Agreement and the Union's agreement will be required for hires at Step 3 and beyond. The Union agrees that each exception is to be assessed on its individual merits and will not be unreasonable denied.
11. Schedules will be set and start times may vary with location and in accordance with Article 11.01(b) and (e).
12. Eligible TGL's will continue to receive gainsharing in accordance with the Collective Agreement.

Casual Staff

13. Tour Guides (TG's) will typically be filled by casual staff and hired for a season. The employer will make best efforts to schedule casual staff in accordance with their requests at time of hire. However, it is understood that there are no guaranteed minimum hours or days of work per week.
14. A work day of any consecutive minimum 4 hours and maximum 7.5 hours, exclusive of lunch period, may be scheduled between 8:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates. Employees scheduled to work outside of the 8:00 to 22:00 shift will incur a shift premium equal to 6.7% of the average hourly rate.
15. A work period will be up to a maximum of 75 hours in a bi-weekly period and employees shall be granted two consecutive days off twice during that period. It is not the intent of the parties for managers to unilaterally schedule 10 days straight for casual staff.
16. Any hours worked in excess of 7.5 in a day will be compensated at overtime rates and, in addition, any time worked in excess of 75 hours in a bi-weekly period will be compensated at overtime rates.
17. The Employer will request employee preferences for schedules and will make every effort to schedule in accordance with these preferences. The Employer will make every effort to post the schedule two weeks in advance for the next month, but at a minimum, the Employer will post schedules two weeks in advance for two weeks.
18. TG's who are required to work on statutory holidays shall be paid at time and one-half (150%) for those days.

19. Employees may trade shifts with the prior approval of management provided they do not exceed the 75 hour maximum in the bi-weekly period. It is understood that if an employee shift impacts the scheduled consecutive days off requirement then no penalty will be imposed on the Employer.

20. *Extra Shift Call Out –*

- a. A call out list will be established at the start of the season and will be based on seniority. Once established, it will be used for call outs and updates after each filled shift – once an employee accepts a shift, they will be moved to the bottom of the call out list. If the employee declines the shift, they will remain where they are on the list for the next opportunity.
- b. If an extra shift becomes available, employees on the top of the list who have not reached 75 hours over the bi-weekly period will be offered the shift and paid at straight time.
- c. If no employee volunteers for the shift, the shift will be directed by reverse seniority at straight time rates.
- d. If all employees on the list have reached 75 hours in the bi-weekly period then an overtime shift becomes available, it will be offered to employees on the list by seniority as calculated at the start of the season. If no employee volunteers for the overtime shift, it will be directed by reverse seniority. It is the intent that overtime, if available, will be granted equitably to employees on the list.
- e. An employee may elect to remove themselves from the extra shift call out list for the entire season at the start of the season. In that case. The employee will not be offered extra shifts, will not be directed to work extra shifts nor will be offered overtime, if applicable as outlined above.
- f. In the event two or more employees have the same seniority date, the employee identification number (IDN) will determine seniority for the purposes of extra shift and overtime call out.

21. TG's rehired from 2014 for the 2015 season will be moved to the next higher whole step than their previous step in 2014 on a one time basis. Anyone impacted by this change will be grand-parented and will keep this higher step if they are subsequently rehired. Hiring rates for new employees in 2016 and beyond will be determined in accordance with Article 7.02 of the Collective Agreement and the Union's agreement will be required for hires at Step 3 and beyond. The Union agrees that each exception is to be assessed on its individual merits and will not be unreasonable denied.

22. In lieu of Sunday premiums and gainsharing, casual TG's will receive and end of contract stipend based on \$200.00 per month worked. In order to be eligible for this stipend, TG's must have a minimum two month contract and must work until the end of the contract. This stipend will be calculated for each employee and is payable within one month of the employee's contract end date. The number of months worked will be calculated based on the start and end date of the contract and will be rounded to the nearest whole month. For example, a contract term of May 5th to August 17th will attract a four month stipend.

23. If changes are planned or made to the Visitor Centre operations that would impact the application of this MOU, the Union and Employer will discuss what changes, if any, are required to this MOU to accommodate the operational changes.

This MOU was amended 06 September 2016 to reflect the Union's change of name from COPE 378 to MoveUP.

Amended April 24, 2020

Between:

B.C. HYDRO & POWER AUTHORITY

("BCH")

And:

MoveUP

(Canadian Office and Professional Employees Union, Local 378)

(the "Union")

MEMORANDUM OF AGREEMENT

- A. BCH is considering ceasing to purchase currently contracted services from Accenture Business Services for Utilities ("ABSU") on or about April 30, 2018 when the Revised Amended Master Services Agreement (RAMSA) with ABSU expires and, instead, carry out the work internally.
- B. The contracted services referred to above includes all MoveUP work currently contracted to ABSU including but not limited to: Customer Services (customer care centre, billing, learning and knowledge, credit/collections); HR (payroll, recruitment services, pension administration, Tempworks); Finance (accounts payable); Office Services (mail and document services, graphics) as defined in the RAMSA and referred to as the "Contracted Services".
- C. In the event, BCH decides to cease purchasing the Contracted Services from ABSU and carry out some or all of the work internally, it will do so by offering employment opportunities to certain ABSU employees who provide Contracted Services to BCH, and who are represented by the Union on the terms set out in this agreement.
- D. The Parties wish to address these circumstances on an entirely without prejudice and without precedent basis, and in a manner that avoids litigation before the Labour Relations Board or otherwise.
- E. Any decision to cease the purchase of Contracted Services and carry out the work internally is subject to approval by BCH's Board of Directors.
- F. Any agreement between the Union and BCH regarding an amendment to the BCH/MoveUP collective agreement is subject to approval of the Union and ratification by BCH's Board of Directors. By signing this MOA the Union confirms their approval.

THEREFORE THE PARTIES AGREE AS FOLLOWS:

1. The purpose of this MOA is to establish the framework and process, subject to approval by BCH's Board of Directors, the Union and, if required, PSEC, for offering certain ABSU employees currently performing Contracted Services (the "Affected Employees") employment at BCH, and to address the terms and conditions of employment for Affected Employees and any other employees hired by BCH to perform the Contracted Services at BCH in future. The Affected Employees and any employees hired in future to perform the Contracted Services are together referred to as the "MOU 85 Employees".
2. This MOA and attached Appendix A containing Memorandum of Understanding 85 (MOU 85) are negotiated in good faith and will supplement and clarify any rights and entitlements that flow from: (1) the BCH/MoveUP Collective Agreement; and (2) the Labour Relations Code.
3. The Parties expressly acknowledge that this is a negotiated Memorandum of Agreement and is not to be construed nor considered as an admission of liability or legal obligation. This MOA is reached without prejudice to the positions of the Parties and will not be referred to in any other hearing, agreement, proceeding, negotiation, consultation, or discussion other than one concerning the implementation, interpretation or application of this MOA or an allegation that BCH is the successor employer to ABSU.
4. The Union will not refer to the facts and circumstances that led to this MOA in any common employer, true employer or successorship application respecting BCH and ABSU or their related entities.
5. The Parties agree that BCH is not, as a result of this MOA, a successor employer to ABSU under the Labour Relations Code. In the event, however, that BCH is found to be a successor employer to ABSU, the Parties agree that this MOA records the Parties' agreement as to how best to affect the successorship and ensure a fair and smooth transition for Affected Employees who accept employment with BCH.

Bargaining Unit and Collective Agreement Structure

6. All MOU 85 Employees will be represented within the current MoveUP bargaining unit for BCH.

7. The terms and conditions of employment for all MOU 85 Employees will be as set out in this MOA and the attached Appendix A containing MOU 85 which will be appended to and form part of the BCH/MoveUP Collective Agreement, including any MOU's or LOA's thereto (the "BCH/MoveUP CA").
8. MOU 85 will have a term expiring March 31, 2024, notwithstanding the term of the BCH/MoveUP CA or any renewal thereof. After the expiry date of MOU 85 and until a revised agreement is signed, the MOU 85 and all its provisions shall remain in full force and effect without prejudicing the position of the new or revised agreement in making any matter retroactive in such new or revised agreement.
9. The terms and conditions in MOU 85 are based upon the existing collective agreement between MoveUP and ABSU, including all MOU's and LOA's thereto (the "ABSU/MoveUP CA") with mutually agreed upon modifications as set out in this agreement or MOU 85. In the event of any dispute about which terms and conditions of employment apply to MOU 85 Employees, the terms most similar to that of the ABSU/MoveUP CA shall be preferred. In the event of any dispute as to the interpretation of the MOU 85 terms, the interpretation most similar to that of comparable ABSU/MoveUP CA terms shall be preferred.
10. Current and future BCH employees, other than MOU 85 Employees, will continue to be covered by the BCH/MoveUP CA or any renewal thereof.

Selection and the Commencement of Employment

Offers of Employment:

11. BCH will offer employment under the terms and conditions of this MOA to certain Affected Employees who are performing Contracted Services BCH intends to carry out internally and who are not on recall on or about November 30, 2017, or another date agreed to by the Parties. Such employment, if accepted, shall commence on or before April 30, 2018 or another date as advised by BCH in consultation with the Union ("Hire Date").
12. Eligibility of Affected Employees for employment with BCH is subject to the terms of paragraph 38 below.

13. Affected Employees will be offered employment at BCH in roles equivalent to their current ABSU base job, group level, status (regular, temporary, casual) and term. Affected Employees successfully obtaining employment at BCH will be placed at the same group and salary step as at ABSU and will progress through subsequent steps in accordance with MOU 85.
14. Affected Employees must be actively employed by ABSU on April 30, 2018 to be eligible for employment with BCH.
15. Affected Employees on the leaves of absence at ABSU listed below will be provided with an offer of employment at BCH at the same time as other Affected Employees and will be required to elect within the same time frame (3 days as per paragraph 20 below):
 - (a) sick leave
 - (b) long-term disability (LTD) with a medically supported confirmed return to work date on or before April 30, 2018
 - (c) pregnancy leave
 - (d) parental leave
 - (e) adoption leave
 - (f) education leave
 - (g) WorkSafe leave with a medically supported confirmed return to work date on or before April 30, 2018
 - (h) Union leave
16. Offers of employment for Affected Employees on leave as set out above will be for employment commencing the later of the Hire Date or the date the Affected Employee is confirmed for return to work.
17. The default for failing to receive or accept an offer of employment from BCH is that such Affected Employees will remain at ABSU. Nothing in this clause is intended to prevent Affected Employees from accessing their full rights under their collective agreement with ABSU.
18. ABSU Employees on LTD or WorkSafe without a medically supported confirmed return to work date on or before April 30, 2018 will be eligible to apply on BCH job postings as an internal once they are medically cleared to return to work.
19. Article 7 posting conditions shall be waived for the above employment offers to Affected Employees.

Employment:

20. Affected Employees who receive a job offer will have 3 days to confirm their acceptance of the offer of employment at BCH.
21. Employment with BC Hydro will be contingent on Affected Employees who accept an offer of employment at BCH successfully completing BC Hydro's background check processes. BC Hydro agrees to waive the Alcohol & Drug pre-employment testing for Affected Employees.
22. Affected Employees who accept a position with BCH must sign a consent form to direct ABSU to provide to BCH and the Union their personnel file (subject to paragraph 38 below), current pay group and step, ABSU hire dates, service information, status and term of hire to facilitate the administration of the hiring process.
23. Affected Employees who obtain employment with BCH must complete BCH enrolment requirements and waiting periods for benefits, pension plan etc. in accordance with this MOA, MOU 85 and the BCH/MoveUP CA.
24. The Parties agree BCH will not recognize any time banks or banked time with ABSU for Affected Employees who obtain employment at BCH.
25. All Affected Employees who obtain employment with BC Hydro will serve a 6 month probationary period. The period will start on the date the Affected employee commences work for BCH. This probationary period may be extended by mutual agreement between the BCH and the Union. BC Hydro recognizes that Affected Employees may have already served a probationary period at ABSU.
26. Prior to the expiry date of the probationary period, but not less than 5 working days before the expiry date of the period, the employee's supervisor will conduct a performance rating of the employee and will confirm the employee's status as applicable or terminate the employee.
27. In the event that BCH elects Option A in paragraph 38 below, an Affected Employee who does not pass probation and is terminated will be entitled to severance under Article 9 of the BCH/MoveUP Collective Agreement.

28. Affected Employees who obtain employment with BCH will be subject to BCH pension plan rules and entitlements. For example, Affected Employees with previous BCH pensionable service are exempt from the 3 month waiting period for pension contributions to start, but Affected Employees without previous BCH service will be subject to the 3 month waiting period.
29. The Union agrees that any remaining vacancies may be posted internally and externally at the same time.

General Terms and Conditions of Employment for MOU 85 Employees

30. MOU 85 Employees will be covered by BCH policies and procedures and BCH/MoveUP CA language except as provided for in this agreement and/or the attached MOU 85.
31. The following specifically will not apply to MOU 85 Employees, except as provided for in paragraph 34 below: Appendix B – Economic Stability Dividend and salary scales contained in Article 4 of the BCH/MoveUP CA MOU 85 employees will be eligible for gainsharing per MOU 55 effective for Fiscal 2022 (April 1, 2021 to March 31, 2022)
32. As per the attached MOU 85, the salary scales for MOU 85 Employees will be amended to remove the Probationary salary step, changing Step 1 to the Minimum salary and the remaining steps renumbered accordingly.
33. To accommodate the elimination of the probationary step contained in the ABSU/MoveUP CA and the revised pay scales set out in MOU 85, Affected Employees at the probationary step of the ABSU/MoveUP CA who obtain employment at BCH will be placed at the minimum step of the MOU 85 salary scale. The existing anniversary date will continue to be used to determine future step increases for Affected Employees who obtain employment with BC Hydro.
34. The salary scales for MOU 85 Employees will be subject to general wage increases as follows and as set out in MOU 85:
 - a. The salary scales for MOU 85 Employees will be subject to general wage increases of 1.5% on September 1, 2018 and 2.0% on September 1, 2019 as per the current ABSU/MoveUP CA.
 - b. Future wage increases will be equivalent to any general wage increase agreed to for the BCH/MoveUP CA from Fiscal 2021 to Fiscal 2024. The increases shall still be effective on September 1 of the Fiscal year.

35. Affected Employees obtaining employment with BCH who have full time temporary status will continue to be eligible for dental benefits at BCH after 9 months. Any new MOU 85 Employees will be subject to the 12 months waiting period set out in the BCH/MoveUP CA. These waiting periods begin when the Affected Employee commences employment with BCH.

36. BCH intends to implement an attendance management program for the Customer Care Centre. This program will be developed prior to April 30, 2018 and will be reviewed with the Union prior to implementation.

Continuous Service:

37. BCH will recognize previous BCH and ABSU service and seniority for Affected Employees who obtain employment with BCH for the following purposes under the collective agreement and MOU 85:

- a. Article 14 - Annual vacation entitlement
- b. Article 7 - Previous BCH and ABSU service and seniority will be recognized for purposes of job posting. For clarity, Affected Employees who obtain employment with BCH will have the right to bid on all BCH postings as internal hires and as such will have prior seniority with BCH and ABSU recognized as part of the application process.
- c. Article 9 - Previous BCH and ABSU service and seniority will be recognized for all purposes associated with Article 9 (subject to paragraph 38 below), except that MOU 85 Employees shall only have the right to bump other MOU 85 Employees, and BCH employees who are not MOU 85 Employees, shall not be entitled to bump MOU 85 Employees.

38. The Parties agree that Affected Employees who obtain employment with BCH should be 'kept whole' for the purposes of severance entitlement in the event of layoff. BCH will, at its sole discretion, elect one of the following options and will apply this service recognition to all Affected Employees who obtain employment with BCH:

Option 1- BCH will recognize previous BCH and ABSU service and seniority of Affected Employees obtaining employment with BCH for the purpose of calculating severance under Article 9 of the BCH/MoveUP CA. However Affected Employees who accept severance with ABSU will not be eligible for employment at BCH.

Option 2 – Affected Employees obtaining employment with BCH shall be deemed as new employees without recognizing previous BCH and ABSU service for the purposes of severance entitlement under Article 9. Affected Employees will be eligible for employment at BCH regardless of whether they accept severance from ABSU.

BCH will advise the Union of which option is elected on or before April 30, 2017.

39. In the event that BCH elects Option 2 in paragraph 38 above, Affected Employees obtaining employment with BCH will not be required to provide BCH with their personnel files.
40. BCH will not recognize previous ABSU service for Affected Employees for the purpose of benefit entitlement, or the BCH pension plan.

Labour Stability

41. In order to ensure labour stability, the Parties agree to these specific terms:
 - a. Job action – this Memorandum and attached MOU 85 form a valid and binding collective agreement with a term to March 31, 2024. Therefore it is understood between the Parties that in the event of a labour dispute between BCH and MoveUP during the term of MOU 85 there will be no strike or lockout of MOU 85 Employees as per Section 57 of the Labour Relations Code.
 - b. Collective bargaining - Issues related to MOU 85 or terms and conditions of employment for MOU 85 Employees will not be the subject of collective bargaining between the Parties until expiry of MOU 85, unless the Parties agree otherwise.
 - c. Jurisdiction – the Parties recognize there may be some overlap in duties performed by MOU 85 Employees and BCH employees covered by the BCH/MoveUP CA. BCH does not intend to extensively shift the work of current employees to MOU 85 Employees, but will allocate work efficiently. Any dispute as to whether an employee, job or assignment is properly covered by MOU 85 or the BCH/MoveUP CA will be discussed in a timely manner and, referred, if necessary, to grievance and arbitration.

Miscellaneous:

42. Notwithstanding paragraph 11, Affected Employees working in Tempworks will not be offered roles at BCH. As per LOU dated February 17, 2017, BCH and the Union agree to discuss a separate agreement with respect to BCH's use of contingent labour on or before June 30, 2017.
43. Grievances - the Union will provide to BCH a list of all grievances and issues in dispute in relation to the interpretation of the ABSU/MoveUP CA prior to signing this MOA.

Communications:

44. In the event that BCH's Board of Directors ratify and the Union signs this MOA, the Parties agree to develop a Joint Communications Plan. The Parties understand and agree that the existence of this MOA and related discussions will remain confidential until disclosed in accordance with the Joint Communications Plan.
45. The parties agree that all communications will be supportive of this agreement. All external communications will be consistent with the Joint Communications Plan. External communications shall include public, media, political parties and other labour organizations but excludes MoveUP's communications to its members.

Dispute Resolution:

46. All disputes about the interpretation, application or operation of this MOA will be referred to a single arbitrator for resolution by arbitration in accordance with the provisions of the Labour Relations Code. The single arbitrator shall be Ken Saunders, unless Ken Saunders is not reasonably available, in which case the Parties to the arbitration may appoint another mutually agreeable arbitrator. The costs of arbitration proceedings shall be shared equally between the Parties to the arbitration.

Effective Date and Duration:

- 47. This MOA is effective once it has been ratified by BCH's Board of Directors and signed by the Union.
- 48. This MOA expires on March 31, 2017, unless ratified by BCH's Board of Directors or an extension is agreed to by the Parties.

1. The hours of work shall be the equivalent of 35 hours per week. This will be done by working a normal week of 5 x 7.5 hour days and allowing 17 days a year Reduced Work Week Leave (RWWL) in lieu of the 35 hour week.
 - a. Work Week: Any consecutive 5 days of work out of 7 consecutive calendar days. The remaining 2 days will be scheduled as days off in lieu of Saturdays and Sundays. Except when moving from one shift schedule cycle to another, every effort will be made not to schedule 10 working days in a row.
 - b. Work Day: The standard will be 7.5 consecutive hours of work, exclusive of a half-hour unpaid of lunch period in a 24 hour period. The authorized variation will be 7.5 consecutive hours of work, exclusive of an hour long unpaid lunch period in a 24 hour period.
 - c. Statutory Holidays: In recognition that statutory holidays may be scheduled work days for shift workers, employees will be scheduled off for 12 days in lieu of statutory holidays per calendar year. These days off in lieu of statutory holidays shall normally be scheduled in the pay period in which the statutory holiday falls.

Part Time Regular Work Hours

2. Part-Time Regular Employees will not work more than 30 hours per week, except that on a voluntary basis they may work up to 37.5 hours per week at straight time rates without change to full-time regular status.
3. Designated weekly hours for part-time regular positions, providing a minimum of 15 weekly hours, shall be included on the job posting and the part-time regular employee shall select that amount of hours when selecting their shift. The designated hours are not required to be selected for each week, but the total hours over the 12 week shift period must average to the designated hours for the position.
4. A Part-Time Regular Employee who fails to obtain their designated number of hours for a 12 week shift period due to the actions of the Employer shall:

- a. Be offered a Part-Time Regular shift, if available, with lesser designated hours; or
- b. Be considered "displaced" for the purposes of Article 9.

Casual Work Hours

5. Casual employees will not work more than 30 hours per week, except that on a voluntary basis or when required to as per paragraph 14 f, they may work up to 37.5 hours per week at straight time rates without change to full-time regular status.
6. Subject to any other provision of the Collective Agreement restricting the use of Casual Employees, a Casual Employee may work part-time on a continuous basis.
7. Casual Employees shall be entitled to a minimum of 2 weeks' leave of absence without pay in lieu of vacation in a calendar year.
8. Casual Employees shall select their leaves of absence in order of seniority as defined in this Agreement, following the vacation selection of Regular and Full-Time Temporary Employees under Article 14.
9. The provisions of Article 14.06 (Broken Vacations) shall apply to the leaves of absence for Casual Employees except that normally at least 1 week of the year's entitlement must be taken as a continuous period.
10. The leaves of absence set out above shall not conflict with essential departmental requirements.

Restrictions on Use of Casual Employees

11. The Employer shall not hire or use Casual Employees to avoid the continuance, creation or filling of positions for or by Full-Time Regular Employees, Part-Time Regular Employees, or Full-Time Temporary Employees.
12. Casual Employees shall make up no more than 30% of the total workforce over any three-month period.

Starting at the end of the first full quarter of a fiscal year following the signing of the collective agreement, the Employer shall provide a quarterly report to the Union respecting the number of employees in each employee classification on the last day of each calendar month of that quarter to establish a monthly ratio. A ratio shall be calculated by taking the average of the ratios of each calendar month in the quarter.

If the quarterly ratio exceeds 30%, the Employer shall notify the union and post sufficient Full-Time Regular positions so as to reduce the ratio of Casual Employees at or below 30%, and shall maintain such positing and provide a monthly report to the Union on the last day of each calendar month until such ratio is met, following which reporting periods will revert to the regular quarterly reporting period.

Shift Scheduling

13. The Employer shall set shift schedules for a period of 12 weeks.
14. Employees shall select from the available shifts as set by the Employer in the following order. Shift selections shall be made on a seniority basis:
 - a. Full-time employees shall select a full-time shift block.
 - b. Part-time regular employees shall select a part-time shift block that aligns with their designated work hours.
 - c. Part-time regular employees may select additional work hours on a voluntary basis, not to exceed 37.5 hours per week.
 - d. Casual employees shall select work hours, not to exceed 30 hours per week.
 - e. If additional hours remain, casual employees may select additional work hours on a voluntary basis, not to exceed 37.5 hours per week.
 - f. If additional hours remain, the Employer shall assign the remaining hours to casual employees on a reverse seniority basis, not to exceed 37.5 hours per week.
 - g. If additional hours remain, the Employer shall assign the remaining hours to Part-Time Regular Employees on a reverse seniority basis, not to exceed 30 hours per week.
15. Employees will be paid straight-time wages for scheduled regular hours worked on Saturdays, Sundays, and statutory holidays.
16. All regular time worked between 1800 and 0600 hours shall attract a 12% premium.
17. RWWL days will be pre-scheduled in the 12 week shift period, or multiples thereof, with sign up at least 2 weeks in advance, and may be varied by mutual agreement between the employee and Employer.
18. Employees will not be scheduled to work 6 days in a week. If a 6th day in a week is worked, the Employer will pay overtime for that shift.
19. The Employer will pay overtime in those situations where a RWWL

day is included in a weekly schedule and forms 6 scheduled days in a week.

20. Shift changes agreed to between employees and requested by the employee will not be subject to overtime penalties, including when employees work more than 5 days in a week.
21. Once an employee has signed up for a vacation period, the Employer shall not cancel or vary such vacation period except with the consent of the employee.

Additional Part-Time Hours

22. Where the Employer deems it necessary to schedule additional regular hours in addition to the 12 week shift schedule, such hours shall be offered to all Part-Time Regular and Casual Employees in the Customer Care Center, usually by mass communication such as email, auto-dialer, and/or text.
23. Additional hours available will be given to those employees who replied to the mass communication within a reasonable timeframe given the situation on a seniority basis first to Part-Time Regular and then to Casual Employees.
24. Additional hours required for part of a day will be first offered to Part-time Regular Employees on a seniority basis, on duty, on site and continuous with their shift. It will then be offered to Casual Employees on a seniority basis, on duty on site and continuous with their shift.
25. Should no employee voluntarily accept such hours, the Employer may direct employees to work those hours, beginning with Casual Employees on a reverse seniority basis followed by Part-Time Regular Employees who have worked less than 30 hours in a week, on a reverse seniority basis.
26. Additional hours due to unanticipated workloads as in paragraph 22 through 25 above will first be offered to employees for whom it will not attract overtime.

Overtime Scheduling

27. Where the Employer requires overtime work to be performed, such hours shall be offered to all employees in the Customer Care Center, usually by mass communication such as email, auto-dialer, and/or text. Overtime hours available will be given to those employees who replied to the mass communication within a reasonable timeframe given the situation on a seniority basis first to Regular and Full-Time Temporary and then to Casual Employees.

28. For same day overtime work, overtime hours will be given by seniority to employees who are already on duty and on site.
29. If no employee voluntarily accepts the overtime work, qualified employees working outside of the Customer Care Centre may be offered the overtime work. If there are no qualified volunteers outside of the Customer Care Centre, the Employer shall assign such work to Casual Employees on a reverse seniority basis within a job classification, followed by Full-Time Temporary and Regular Employees on a reverse seniority basis within a job classification.

Shift Change Notice

30. The Employer will provide the Union and affected employees with 60 Days' notice prior to introducing new shift requirements in a work area (i.e. a shift that is not currently in use in the work area or that has not been used in the work area in the preceding 12 months). This will include work areas that already have shift requirements. This notice period is required even if the new shift is added during the course of the normal shift sign-up.
31. The Employer will provide the Union and affected employees with 60 days' notice if there is a required change to a full-time employee's shift due to operational reasons. If such notice is not given for a required shift change, then the full-time employee will attract overtime wages for the hours worked outside their normal shift schedule until the required notice period is satisfied.
32. For clarity, the notice period outlined above is not required when canceling an already existing full-time shift (i.e. the shift is no longer required in the work area) so long as the cancellation occurs during the course of the normal shift sign-up. If the cancellation occurs at a time other than normal shift sign-up, paragraph 31 will apply.
33. The Employer may change an established schedule for a Part-Time Regular or Casual Employee but must provide the employee a minimum of 2 weeks' notice of any change. Notice of change is not required where a schedule is varied by mutual agreement between the Employee and the Employer.
34. Consideration will be given to individual circumstances in the event that an employee has legitimate reasons for delaying the start of the new shift (e.g. child or elder care requirements).

35. For further clarity, a notice period is not required when simply shifting the number of employees required on currently existing shifts so long as this change to the employee complement occurs during the course of the normal shift sign-up. For example, a change may occur to a Full Time Regular Employee's shift from the last shift schedule due to the required employee complement being changed. This is to be expected during the course of normal shift sign-up and would therefore not require notice.

Stand-by Arrangement

36. A stand-by arrangement occurs when an employee is available and ready to be reached to report to work within a reasonable amount of time.
37. An employee scheduled on standby will be paid 2 hours at straight time for the 24 hours period commencing daily at 08:00 Monday to Thursday, inclusive, 3 hours at straight time for the 24 hour period commencing at 08:00 Friday, and 4 hours at straight time for the 24 hour period commencing at 08:00 on a Saturday, or statutory holiday.
38. Where possible, standby will be signed up on a voluntary basis with schedules posted at least 72 hours in advance. Stand-by will be offered on a seniority basis.
39. Where there are no volunteers for stand-by assignments, qualified employees working outside of the Call Center may be offered the stand-by assignment. If still no volunteers, the Employer may assign stand-by on a reverse seniority basis.
40. Should an employee be given less than 72 hours' notice of standby duty, the employee will be under no compulsion to accept such duty.
41. No employee will be compelled to accept standby on any combination of two consecutive weekends, statutory holidays and holiday weekends.

Breaks

42. Employees will be entitled to one paid 15 minute rest period in each work day where they are scheduled to work up to five hours. Employees will be entitled to one paid 15 minute rest period and one unpaid lunch period in each work day where they are scheduled to work more than five hours and up to six hours. Employees will be entitled to two paid 15 minute rest periods and one unpaid lunch period when they are scheduled to work more than 6 hours and up to 8 hours.

Where employees are entitled to two rest periods, the first such break shall occur prior to the lunch period and the second break shall occur prior to the end of the employee's working day. Rest periods shall not be

scheduled within 45 minutes of a meal break or the end of a shift, except in exceptional circumstances. The lunch break will be taken as close as possible to mid-shift but may be varied or staggered for different employees from one hour before to one hour after the middle of the shift according to the needs of the work in progress.

Except where otherwise specified, rest periods and/or lunch breaks may not be accumulated to be taken at the end of a shift or on another day.

Completing Calls at End of Shift

43. The Parties recognize that completing a customer call is part of the normal duties of the Customer Care Centre agent and is important in maintaining customer satisfaction.
44. Therefore, the Parties agree on the following compensation to be paid to Customer Care Centre agents when working beyond their normal shift to complete a customer call and to complete calls remaining in the queue:
 - a. The requirement to pay the minimum of 1/2 hour on each occasion is waived;
 - b. Overtime rates are paid by the minute on each occasion up to and including the 15th minute beyond their normal shift;
 - c. If the employee works more than 15 minutes and up to 30 minutes beyond their normal shift, they will be paid the required minimum 1/2 hour at overtime rates; and
 - d. All time so worked shall be calculated and paid each pay period:
45. For clarity, the above shall apply to all employees (e.g. Credit/Collections) who need to complete a customer call at the end of their shift.

Review

46. The Parties agree to review this agreement on or before January 31, 2018 and within one year following the transition date to discuss the effectiveness of this agreement and whether any changes are required.

MEMORANDUM OF UNDERSTANDING #85 C
RE: QUALITY MONITORING

The purpose of quality monitoring is to ensure consistency of service among employees designated by the Employer, in terms of the correct dissemination of information, the application of established policies and procedures the development and promotion of best business practices, and the delivery of service to our customers.

Quality monitoring includes (i) the recording of business related telephone calls between employees and customers or a client representative, (ii) the capturing of computer screen images directly associated with a business process related to the employee's job description and (iii) post service call surveys. Employees, for the purposes of this Memorandum of Understanding, include service representatives such as Customer Care Centre agents and billing and credit department employees. Prior to adding to the list of roles/departments that may be included in quality monitoring or the means by which additional monitoring may take place, BCH will meet with the Union to discuss the terms of expanded monitoring.

Quality monitoring will occur from a remote location, a local observation point or by means of a recording device. BCH agrees to provide the Union and employees with notice of equipment and facilities which are to be utilized for the purpose of monitoring and measuring individual employee performance as part of a regular performance monitoring program. BCH further agrees to advise the Union and employees of the monitoring and measuring capabilities of all job related equipment prior to the application of those capabilities.

It is understood that the general purpose of quality monitoring will be to provide instruction and coaching in order to improve quality of services through the measuring and reviewing of performance metrics. In situations where the existence of employee performance difficulties is evident, such that more frequent monitoring is required, the employee and the Union will be advised. For the purposes of performance difficulties the Quality Listeners shall only be workleaders or management personnel. The Employer agrees not to compel any employee in the Bargaining Unit to testify before either an arbitrator or the Labour Relations Board of BC or any of its successors.

Monitoring and work-related statistics will be used to

- Provide the Company with information needed to determine the level of service to customers and to establish staff requirements
- Enhance the ability of managers, workleaders and Customer Care Centre agents to work cooperatively in providing high quality work; and
- Complement employee training and development

Quality monitoring is not to establish grounds for disciplinary action. Rather, monitoring is to determine whether an employee's performance falls within the expected service parameters that are established by BCH. If an employee's performance does not fall within the expected service parameters, BCH will determine whether the employee needs additional assistance such as coaching, training, set expectations, or a performance improvement plan.

BCH shall ensure that the impact of its quality monitoring on privacy is proportional to the purposes for which it being implemented. BCH shall establish protocols to ensure that personal employee information is not unintentionally collected or disclosed and that, in the event of a breach of employee privacy due to quality monitoring, the employee or employees about whom the information pertains is/are notified and that the breach is limited as much as possible. BCH shall take the same precautions and steps with respect to information that is related to Union business, except that BCH shall notify the Union in the event of a breach.

Business lines in the Customer Care Centres will be equipped to enable quality monitoring of calls related to the BCH's business. Any and all private calls will be deleted. To ensure employee privacy, dedicated phones with unmonitored access have been provided for personal use. Personal calls made from these facilities will not be monitored.

Nothing in this Memorandum of Understanding prevents BCH from exercising its legitimate management rights or the union from exercising its rights under the collective agreement.

Nothing in this Memorandum of Understanding expands BCH's right to collect, use, or disclose information beyond what is permitted under applicable privacy legislation.

MEMORANDUM OF UNDERSTANDING #85 D

Telework for MOU 85 Employees

Preamble

This MOU is intended to provide flexibility on the location in which work gets completed and to recognize that the traditional methods of "work" are changing, and to demonstrate that BCH and the Union endeavor to be responsive to the needs of the business, as well as their respective employees and members.

Governing Principles

- a) Honesty and Integrity - BCH and the Union understanding the challenges with telework and expect managers and employees to mitigate these challenges by undertaking flexible work practices in good faith and according to this Memorandum.
- b) Governance - it is important for any flexible work arrangement to have the appropriate agreements in place to ensure that expectations are communicated, documented, and the proper approvals are in place per this Memorandum.
- c) Professionalism - BCH has a highly educated and professional employee base, many of whom are in the bargaining units. It is important that this memorandum reflect and appreciate their membership in the union yet also respect their abilities and professional status.
- d) Intergenerational - we are currently in an environment where the nature of work is evolving as are the people who undertake that work. A results-based workplace where the ability to do work in different places at different times is changing the manner in which we approach terms and conditions of employment. This memorandum is meant to be flexible to the generational differences in our workforce while providing options that meet the needs of BCH, the Union, and its employees.

Examples of Opportunities for Telework

- Situations where the manager and employee mutually agree that the arrangement may be beneficial.
- Occupations that involve travelling or where travelling is required for business reasons.
- Workers that require quiet space to work.
- Exceptional circumstances such as large events, physical barriers (i.e. floods, road closures, inclement weather), and emergency situations that may result in telework are also covered more specifically further in this MOU.

The primary intent of this MOU is for regular and on-going telework arrangements, although one-off circumstances as described above are also covered. Telework may also be a consideration in accommodation cases, although this would occur under BCH's duty to accommodate obligations and outside of the telework project.

Terms for Telework

1. Telework is defined as carrying out regularly assigned duties at the employee's home, or at another location at which the employee and BCH have mutually agreed the employee will telework. This does not include other company locations.
2. Telework is voluntary and must be agreed to by the manager and the employee.
3. An employee may make a request of their manager to telework. The request must describe how the proposed arrangement will ensure the work is effectively and efficiently performed and should specify the desired frequency.
4. Management will take the following factors into consideration when exercising their discretion to approve or deny a request to telework:
 - a. The number of Telework arrangements required by the Employer;
 - b. Whether the telework arrangement would maintain or improve service or productivity;
 - c. The nature of the position, the job duties, and the impact on colleagues and clients;
 - d. The employee's suitability, taking into consideration performance and work style/independence;
 - e. The nature of equipment and supplies associated with the request, including whether any cost would be incurred by BCH;
 - f. The manner and frequency of contact between manager and employee.

Work style and independence refer to an employee's ability to work without direct supervision and/or without the need for frequent feedback from or interaction with the manager or co-workers.

Request will not be unreasonably denied.

5. The number of days per week that an employee will be permitted to telework will vary depending on the particular circumstances, but as a general guideline it should not exceed three days per week. Union agreement is required should the days per week to be worked by telework exceed three days per week.
6. Telework is restricted to Full-Time Regular and Full-Time Temporary employees.
7. An employee's status, salary, benefits, job responsibilities and performance standard will not change due to participation in a telework arrangement.
8. The intent is for the employee to continue to work their normal work schedule, but to do so from the telework location. If an employee intends to work outside of their normal working hours (including working overtime), these hours must be pre-approved by the manager. Authorized variations may occur in accordance with articles addressing Hours of Work and Overtime in this collective agreement.
9. Either the manager or the employee may cancel the telework arrangement by notifying the other party. This includes the cancellation of a particular day or the cancellation of an ongoing arrangement. A minimum of 24 hours' notice will be provided. A copy of this notice will be provided to the Union by BCH.
10. No employee will be expected to telework in the event of a labour dispute or during a leave permitted under the collective agreement. No employee will be required to telecommute while they are sick.
11. The Union will receive a copy of all telework agreements from BCH and will be provided with written notification from BCH when a telework request is denied.
12. BCH shall provide the Union with a list of all employees under a Telework Agreement quarterly, at the request of the Union.

Health & Safety

13. The employee agrees to designate a work space within the telework location that is adequate for the performance of the employee's official duties. The employee shall maintain this workspace in a safe condition, free from hazards. The employee will be provided with information to assist them to identify hazards and will be responsible for completing and returning to their manager a hazard checklist that will be provided.

The employee agrees to allow for an audit of the workspace by a BCH representative. BCH will provide a minimum of 24 hours' notice to the employee prior to the audit.

14. The employee must notify their manager immediately of any job related accidents that occur in the telework location.
15. BCH will not normally incur any additional costs as a result of a telework arrangement. However, BCH will supply any necessary equipment to perform the work. Subject to an Employer evaluation, this may include adequate furniture required for the telecommuting worksite. BCH will also provide the required office supplies to the employee.
16. BCH will provide the employee with VPN (or other) access to allow access to the Company network from a BCH computer at the Telework location. BCH will not provide costs related to utilities, the internet or modem.
17. An employee will not be entitled to any meal reimbursement during normal working hours or any mileage expenses for travel between the office and the telework location. This includes when an employee is required to return to the office on a day previously identified as a telework day.
18. No employee shall be subject to additional monitoring or surveillance by virtue of entering into a Telework Agreement.

Other Employee Responsibilities

19. The employee is responsible for securing and protecting BCH's property, documents and confidential information in the telework workspace and will be provided with privacy and security information to review prior to commencing telework.
20. The employee must not conduct in-person meetings at the telework location.
21. The employee must ensure dependent care arrangements are in place and that personal responsibilities are managed in a way which allows the employee to successfully meet their job responsibilities.
22. The employee is expected to maintain the same level of professionalism as in their normal work place.

23. The employee is responsible for ensuring that the telework arrangement does not contravene any homeowner or strata agreements, rental or lease agreements, home insurance policies or municipal or regional bylaws. The Telework Agreement shall set out the employee's responsibilities and shall advise the employee as to what steps they must take to ensure these responsibilities are met.
24. The employee must comply with all company policies, including the Code of Business Ethics, relevant policies, and governing legislation, such as FOIPPA, CRA, the Workers Compensation Act and Occupational Health and Safety Regulation.

Exceptional Circumstances

Telework may be beneficial on short notice and/or for short periods of time under exceptional circumstances. Exceptional circumstances are those situations that are beyond the control of BCH, its client(s) and/or circumstances that cannot be anticipated or predicted, including:

- Natural disasters, such as floods, earthquakes, hurricanes, tornadoes;
- Power outages
- Pandemics
- Government or Police declared emergency situations;
- Fires (forest and other) and snowstorms

This Section (Exceptional Circumstances) will apply when BCH determines that an Exceptional Circumstances has or is likely to occur. Employee Relations will advise the Union and declare that an Exceptional Circumstance will apply. Should an Exceptional Circumstance exceed three weeks in duration, Union agreement will be required for this Section to continue to apply, and will not be unreasonably denied. Should an Exceptional Circumstance occur that does not form part of the list above, Union agreement will be required prior to applying the Section, and will not be unreasonably denied.

In an effort to prepare for such circumstances, the Parties agree to additional conditions as follows:

25. Managers retain the discretion to issue temporary blanket approvals to a group of employees and/or to waive the requirement to submit a written request under paragraph 3 taking into consideration the nature of the Exceptional Circumstances.
26. The number of days per week that an employee will be permitted to telework will vary, taking into consideration the nature of the Exceptional Circumstance.

Terms of the Telework MOU Agreement

27. The Parties shall meet quarterly to discuss the Telework project.
28. Either Party may terminate this MOU 85 D and any outstanding telework agreements at any time on 30 days notice to the other Party, but not prior to March 31, 2024.

STABILITY / PICKETING APPLICATION**

WHEREAS

- A. the Parties entered into a Memorandum of Agreement (the "Memorandum") respecting the return of certain work and employees ("MOU 85 Employees"), including employees who work in Customer Care Centre ("Customer Care Centre Employees"), and agree that this Memorandum is a binding collective agreement expiring March 31, 2024; .
- B. the Memorandum incorporates Memorandum of Understanding 85 ("MOU 85") respecting the terms and conditions of employment for MOU 85 Employees, including Customer Care Centre Employees;
- C. the Memorandum also contains provisions respecting labour stability, including a prohibition against strike or lockout of MOU 85 Employees during the term of MOU 85 despite the term of any collective agreement between the Parties; and
- D. the Parties wish to define the process and agreement that will support the obligations under Section 57 of the Labour Relations Code and the Memorandum if there is a labour dispute between the Parties, during the term of MOU 85 through a picketing application ("Picketing Application Agreement");

THEREFORE THE PARTIES AGREE AS FOLLOWS:

1. Section 57 of the Labour Relations Code and the Memorandum obligates Customer Care Centre Employees to attend work despite any labour dispute between the Parties during the term of MOU 85.
2. The Parties agree that the Memorandum and integration of MOU 85 employees into the Parties' collective agreement result in an exceptional and unique circumstance.
3. The Labour Relations Board of British Columbia (the "LRB") has the discretion under section 65(6) of the *Labour Relations Code* (the "Code") to make an order defining the site or place at which picketing is permitted, and to grant BCH relief from picketing by its employees represented by the Union in exceptional circumstances.
4. The Union will, during the term of MOU 85, provide with BCH with a minimum of 72 hours' advance notice prior to the erection of any picket line at any location where Customer Care Centre Employees work ("Picketing Notice").
5. Immediately following receipt of 72 hour Notice, BCH will apply to the LRB for an order to obtain relief from that picketing in respect of Customer Care Centre Employees (the "Picketing Application(s)"). BCH will seek, in particular, that the Board restrict picketing at any location at which Customer Care Centre Employees work in order to allow Customer Care Centre Employees to access the workplace without passing a picket line (the "Relief").
6. BCH will refer in the Picketing Application(s) to the Memorandum prohibition against strike or lockout of MOU 85 Employees during the term of MOU 85 and any other related factors in support of its submission that exceptional circumstances exist to justify the LRB's adjudication and grant of the Relief sought.
7. In the course of any proceeding further to the Picketing Application(s), the Union will confirm its agreement that the LRB has discretion to adjudicate and grant the Relief sought, and that exceptional circumstances exist to justify the Board's adjudication and grant of the Relief sought; and will not take any steps to oppose the Picketing Application(s).
8. The Union will not refer to the Picketing Application Agreement or to MOU B in any manner in essential services proceedings before the LRB during the term of MOU 85.
9. All disputes about the interpretation, application or operation of this MOU will be referred to a single arbitrator for resolution by arbitration in accordance with the provisions of the Labour Relations Code. The single

- 10. This MOA shall expire on March 31, 2024 unless the Parties mutually agree to a renewal.

MEMORANDUM OF UNDERSTANDING #87
STANDBY COVERAGE FOR DISTRIBUTION, DESIGN, AND FIELD SAFETY

Coverage would primarily be for those occasions where there is a forecast of events (e.g. severe storm warnings), unique events are unfolding/escalating (e.g. wildfires) and/or in situations specifically for the Field Safety team where confined space work is involved.

An employee scheduled on standby, will be paid 2 hours at straight-time for the 24 hour period commencing daily at 08:00 Monday to Thursday, inclusive, 3 hours at straight-time for the 24 hour period commencing at 08:00 Friday, and 4 hours at straight-time for the 24 hour period commencing at 08:00 on a Saturday, Sunday or statutory holiday.

Where possible standby will be signed up on a voluntary basis with schedules posted at least 96 hours in advance. Should an employee be given less than 96 hours' notice of standby duty, the employee will be under no compulsion to accept such duty.

No employee will be compelled to accept standby on 2 consecutive weekends or on 2 consecutive holiday weekends.

The application of above standby will not restrict the department's ability to use existing call-out processes for recruiting staff for unexpected emergencies.

Both the Employer and the Union agree to pilot this standby arrangement for the term of this Collective Agreement.

SUPPLEMENTARY INFORMATION

B.C. Hydro Pension, Group Life Insurance, Long Term Disability, Medical Services Plan (MSP), Extended Health and Dental Plans

NOTE: These plans are not necessarily agreement matters. Details below are provided for information only. The plans reflect details of benefits provided at Level 2 of the Flexible Benefits Plan.

Further information about these plans or plan benefits at Levels 1 or 3 of the Flexible Benefits Plan can be found on the Benefits pages of BC Hydro's intranet or the Sun Life Benefits Booklet.

PENSION PLAN

The Hydro Plan was introduced in 1965 and provides a pension based on 2% of the average of the best 5 consecutive years plan earnings for each year of contributory service as a member of the plan. Membership is compulsory for new regular and full-time temporary employees after 3 months service.

Normal retirement is at age 65. Retirement following age 60 (or after age 55 with age plus service greater than 85), is possible without reduction of the accrued pension. Earlier retirement after reaching age 50, with at least 10 years' service and provided age plus service is at least 65, is also possible.

For employees retiring after age 55, but prior to their unreduced date, the pension is reduced by 3% for each year the employee's age is less than 60 or the employee's age plus service is less than 85 (whichever reduction is smaller.) For employees retiring before age 55, the pension is reduced by 3% for each year the employees age is less than 60.

Please note that applicable Pension Plan rules are applied at the time of termination of employment or death. Therefore, prospective rule changes only apply to employees who terminate (or die) after the effective date of the change.

Integrated with the Canada Pension Plan, the plan requires contributions of 50% of the current service cost as established each actuarial valuation plus 1.1% of plan earnings of which is allocated for cost of living supplements to the Index Reserve Account. Hydro matches employees' contributions and contributes the additional funds necessary to provide the promised benefits.

Pensions are indexed each year on 1 January with the percentage increase limited by either the cost of living increase or the cap determined through a sustainability test as part of the actuarial valuation. The cap is the maximum long term sustainable increase that is estimated to be supported by the Index Reserve Account.

GROUP LIFE INSURANCE PLAN

The Group Life Insurance Plan pays your designated beneficiary a tax-free lump sum amount if you die while employed by BC Hydro. Coverage is effective the first date of employment and ends on your last day of employment with BC Hydro.

Coverage during employment is two times your base annual earnings. Coverage terminates on your last day of employment but may be converted to an individual policy without the need to provide evidence of insurability (to a maximum of \$200,000), within 31 days of your termination date.

An employee who becomes totally and permanently disabled before age 65 or date of retirement, if earlier, will have full coverage continued until age 65 or retirement date, if earlier. Totally disabled employees may apply for premium waiver which if accepted by Sun Life Assurance Company will continue coverage for optional employee and/or spousal life insurance in effect at date of disability without payment of premium.

A terminally ill employee with a life expectancy of 24 months or less may apply for a loan of up to 50 per cent of the Basic Life insurance amount, to a maximum of \$100,000. If the member is within five years of a scheduled reduction of Basic Life insurance, the maximum Living Benefit payable will be 50 per cent of the lowest reduced amount of the Basic Life insurance. The amount of the Living Benefits loan plus interest will be deducted from the proceeds paid to the beneficiary(s) on the member's death.

BC MEDICAL SERVICES PLAN (MSP)

The BC Medical Services Plan (MSP) is the provincial healthcare plan and is mandatory for all residents of British Columbia. MSP coverage includes:

- Medically required services of physicians or specialists;
- Maternity care provided by a physician;

- Diagnostic services including x-rays and laboratory services provided at approved facilities;
- Dental and oral surgery, when medically required to be performed in a hospital.

Under current tax rules the Employer's share of the premium is taxable income.

EXTENDED HEALTH CARE

The extended health care plan pays for some of the medical expenses that are not covered by the Medical Services Plan of British Columbia (MSP). Fees for chiropractors, hearing aids, ambulance, private and semi-private hospital rooms, eye examinations, prescription eyewear (glasses or contact lenses), prescription drugs and naturopathic physicians are examples of services and supplies that are covered, in full or in part, by the extended health plan.

The plan reimburses 100% of eligible expenses, with no annual deductible.

Claims should be submitted regularly throughout the year and must be submitted within 12 months of the date the expense was incurred and within 90 days after termination of employment.

See Article 10 for agreement provisions.

LONG TERM DISABILITY (LTD)

Long Term Disability (LTD) provides a continued source of income if you are unable to work due to serious illness or injury. The monthly benefit payable during an approved LTD claim is 66.67% of your regular base monthly earnings to a maximum benefit of \$7,000 per month.

LTD is provided to all full-time regular and part-time regular employees effective their first date of employment and full-time temporary employees after 3 months of continuous employment.

Coverage will end on the earliest of:

- The date you are no longer disabled
- Your last day of employment with BC Hydro
- the date you enter the armed forces of any country on a full-time basis
- the date of your death
- the date you reach age 65
- the date you begin pre-retirement leave

The first 15 weeks or 105 calendar days of disability is the "qualifying period". This may be a continuous 15 week absence or an accumulated absence of 105 calendar days within a 26 week period. During this period, employees will receive

BC Hydro sick leave benefits, if eligible. Once sick leave benefits have been exhausted, benefits may be payable under the long term disability plan, if the LTD claim is approved by Sun Life.

To be considered disabled, an employee must meet the plan's definition of disability. During the first 24 months of disability, you are considered "totally disabled" if you are unable to perform your normal occupation (known as the own occupation period.) You are considered to be totally disabled while you are continuously unable, due to an illness or injury, to perform the essential duties of your own occupation, in any workplace, including in a different department or location within BC Hydro.

After 24 months, you will be considered "totally disabled" if you are unable to perform the duties of any occupation for which you are or may reasonably become qualified by education, training or experience, and for which will provide at least 75% of your pre-disability earnings.

Benefit Reduction

Long term disability benefits will be reduced by "Other Sources of Income" received during the disability, including payments from:

- the Canada/Quebec Pension Plan or a similar pension plan, excluding benefits for dependent children
- The Workers' Compensation Act, Workplace Safety and Insurance Act or other similar legislation
- An automobile insurance policy
- 50% of income from the BC Hydro Pension Plan

The total income of these sources, including 100% of income from the BC Hydro Pension Plan and long term disability benefits, cannot exceed 75% of regular gross earnings at the time of disability. If the total does exceed 75% of your pre-disability earnings, the long term disability benefit will be reduced.

Prior to January 1, 1995 employees will pay 100% of required premiums and if disability onset occurs prior to January 1, 1995 disability payments received will be a non-taxable benefit. Effective January 1, 1995 the Employer will pay 100% of required premiums and if disability onset occurs on or after January 1, 1995 disability payments received will be taxable income.

DENTAL PLAN

The dental plan reimburses services and treatments which help maintain or restore healthy teeth and gums. Benefits are based on the dental services provided, financial limits and treatment frequencies in the current year Dental Fee Guide in BC.

- Basic/Preventative Services - covers maintenance and normal restorative services such as examinations (2 recall exams and cleanings per 12 month period) and x-rays; preventive treatments such as scaling and fluoride applications; extractions; fillings; inlays and onlays and repairs and relining of appliances prefabricated metal restorations and repairs to prefabricated metal restorations, other than in conjunction with the placement of permanent crowns, endodontics and periodontics.

These services include inlays and onlays in conjunction with bridgework, crowns and repairs to crowns, other than prefabricated metal restorations, repair of bridges, construction and insertion of standard dentures, implant-related crowns and prostheses for tooth supported crowns or non-implant related prostheses. Any other expenses related to implants, including surgery charges, are not covered.
- Orthodontic services performed by an orthodontist or a dentist, including interceptive, interventive or preventive orthodontic services, and comprehensive orthodontic treatment using a removable or fixed appliance or a combination of both.

Coverage for full-time regular and part-time regular employees begins on the first date of employment. Coverage for full-time temporary employees begins after one year of continuous employment as a Full-Time Temporary employee.

An employee on an approved LTD claim, may be eligible to have pensionable service accrue without making contributions according to the terms of the BC Hydro Pension Plan.
2. Union dues deductions during absence on Workers' Compensation time-loss, LTD or sick leave are maintained only while the employee receives regular payments through Pay Department of sick pay or supplements to Workers' Compensation or LTD. Employees Headquartered and Living in Remote Locations
'Remote Incentives'

Having successfully piloted a revised system of attraction and retention based incentives for employees headquartered in remote locations the following improvements are being incorporated into the Collective Agreement on an ongoing basis:

1. Both BC Hydro and the Union agree to the use of a remote location measurement system that factors in Quality of Life, Degree of Isolation, Climate, and Availability of Goods and Services in determining whether BC Hydro's remote communities are rated either No, Low, Medium or High for purposes of establishing eligibility for remote incentives set out in this document.
2. The Parties accept the system of measurement and ratings that resulted from the application of the Runzheimer model, as follows:

3. Eligible employees will receive remote incentives of 6%, 12% or 20% (effective January 1, 2013) of their base wage rate, paid bi-weekly, depending on whether their headquarters are in the Low, Medium or High category.

4. Eligibility for the Remote Incentives:

Except where otherwise agreed between the parties (such as it may be applied to temporaries in exceptional circumstances) the term 'eligible employees' as used in this document shall mean only those employees who:

- (a) Are full time regular employees covered by this agreement, and
- (b) Have an established headquarters at or near to a remote location which is referred to in paragraph 2, and
- (c) Are domiciled at or commute daily to the established headquarters defined in paragraph 2 above.

6. Conditions for Suspending Payments:

- (a) Employees on the following leave types; maternity, parental, adoption, leave; without pay; or long-term disability
- (b) Employees who are headquartered at a remote location and voluntarily move for an extended temporary period to a location that does not attract the remote incentive or attracts a lower amount; the manager at the employee's regular headquarters may suspend the incentive until the employee returns to work at their remote headquarters.

7. Absences where remote incentives continue:

- (a) Employees absent without pay on Union business which does not exceed 14 consecutive days.
- (b) Absences for annual vacation, QV, SWP, and VO, pre-retirement leave with pay, self-funded sabbatical, and WCB: provided their headquarters does not change during or immediately following that period.

8. Changes to Remote Incentive rating:

Hydro will review the remote location measurement system prior to 31 December 2017 and will utilize Runzheimer International or another similar firm to do the data collection. The results will be provided to the Union for feedback and consideration by Hydro before entering negotiations for a renewal collective agreement. Hydro will not implement any changes in the measurement system or remote incentives which reduce any members' compensation prior to the conclusion of the renewal bargaining.

There will be no other review of location ratings prior to the scheduled review unless exceptional circumstances arise and there is mutual agreement between the parties.

9. The Parties will continue to consider a means of obtaining employee input on issues related to working in remote locations.

The Parties have agreed, on a without prejudice basis, to print this Collective Agreement without the 2002 MOA Respecting an Employee Transition Plan between COPE Local 378, BC Hydro and Joint Venture Business Services Limited Partnership (Also known as the Yellow Pages).
