2025 Bargaining Committee Candidate: **Liam Kennedy-Slaney**

It would be my immense privilege to have the opportunity to build on the incredible work of past MoveUP members. If elected to the bargaining committee, I promise to stay in regular communication with membership as we work to improve our collective agreement.

As chief steward at the Teaching Support Staff Union, I was chair of the Strike Committee when we took job action in 2023 and was part of a team that fought at the LRB in 2024 to include research assistants in our bargaining unit. We prevailed in both cases. I understand that effective bargaining requires quick thinking, but that the right decision can only be made after extensive groundwork.

I have been working as a member of the support staff at BCGEU since June of this year. While I may not be the most senior member of our bargaining team, I promise to dedicate myself to securing the priorities set by MoveUP members at BCGEU.

In solidarity,

Liam Kennedy-Slaney
